## Gas Ranges on Easy Payments

## DIRECT ACTION GAS STOVES

Every day this week demonstration of the famous DIRECT ACTION GAS RANGE at the Peoples Store, First floor.  
THE DIRECT ACTION GAS RANGE is the most wonderful stove invention of the age. It has revolutionized the fuel problem by its economy in the consumption of gas; it has made gas the cheapest fuel on earth. In the old style gas range you burn gas from ten to twenty minutes before the oven is hot enough for baking. IN THE DIRECT ACTION GAS RANGE this is not necessary as you first put in the baking and then turn on and light the burners. There are no heavy decorative plates. The heat is taken directly into the oven, therefore, the oven is hot as soon as the burners are lighted.

## One-third Your Gas Bill Saved

We guarantee that this range will do the work with one-third less gas than any other range on the market. It is cheaper and easier to investigate the merits of a range before you purchase than to try and cut down the gas bill afterwards. The marvelous gas saving features of this range are apparent. The easy and liberal plan on which we are selling these ranges make it possible for every housewife to have one.  
Visit our store and see them in operation. Test them for yourself, as they cannot be compared with any other gas range.

### WITTE WILL LEAVE RUSSIA

Abolition of Peasant Commission Causes statesman to become Discouraged.

### PROPHETIC PICTURE IN NEWSPAPER

Students Disappear After Playing Trick on the Publishers, Showing Members of Imperial Family Lying Dead.

ST. PETERSBURG, April 15.—M. Witte has definitely decided to give up all work and go abroad. The last straw was the imperial rescript addressed Thursday to Interior Minister Boulganin creating a special commission to discuss questions relating to peasant tenure of lands and the abolition of the peasant commission over which M. Witte presided. The emperor took the step without even apprising M. Witte of his intention. The members of the Witte commission were actually at work Thursday evening and woke up yesterday to find the commission out of existence. M. Witte attributes the emperor's act to court intrigue directed against himself, and he informed his friends that he was completely disheartened and discouraged, no longer able to endure the humiliations heaped upon him, and that he would leave all and go abroad for a time.

### One Suggestive Picture.

Quite a sensation was caused this morning by the appearance in the Neva, the most widely circulated illustrated weekly in Russia, of a tone picture representing the imperial family, including the empress holding the heir to the throne, the background of the picture showing in shadowy outlines the emperor, Grand Duke Sergius, Grand Duke Alexis, the dowager empress, the heir to the throne and practically all the living members of the Romanoff family lying dead in their coffins. This work is done so skillfully that in the shadows the figures behind the imperial family are discernible with great difficulty. The publishers disclaim any previous knowledge of the shadowy figures. The culprits, who were students employed on the paper, have not yet been located. Copies of this edition of the Neva are selling at a big premium. The Slavo has received its first warning for the publication of an article entitled "The Bureaucracy and the War and Reform," in which the papers severely ar-

raigned the competency of the bureaucracy and the general staff and the War office. M. Witte's antagonists at court, whose influence was greatly feared by M. Witte, were effectively reinforced by part of the old Von Phlebe cabal, headed by M. Sturmer, formerly under secretary of the Interior, and M. Stuchinsky, former chief adjutant of the Interior department, who were forced out of the ministry of the Interior by former Interior Minister Sviatopolk-Mirsky, and they have wreaked their vengeance on their ancient chief enemy, M. Witte.

The Associated Press is informed that M. Witte went to Tsarskoe Selo yesterday and informed the emperor that it was quite plain that a plot against him existed and that he had decided to retire. The emperor, however, is understood to have declined again to accept the minister's resignation.

### Postpones Church Council.

Emperor Nicholas has decided that the moment is inopportune to grant the petition of a group of the influential clergy for a convocation of a general council to effect a reform of the ecclesiastical administration. On the margin of the petition the emperor appended a note as follows: "I find it impossible in the present disturbed times to undertake a task of such magnitude, requiring calm consideration. Following the old example of the orthodox emperors, I intend, however, as soon as there is a favorable moment, to set about this great work and summon the council of the old Russian church for a canonical discussion of questions of faith and ecclesiastical reforms."

### Iron Works Are Closed.

The Putilov works have been closed. A notice on the gates says this is due to the unreasonable demands of the men, the threatening of officials, frequent interruptions of work and disregard of the rules. Several squadrons of dragons, detachments of grenadiers, mounted gendarmes and a regiment of sharpshooters of the guard have been stationed near the works all day. Precautions have been taken to suppress possible disorders today. There is much excitement in the district.

### Cossacks Called to Capital.

Several squadrons of Don Cossacks have been brought in to reinforce the garrison of St. Petersburg in consequence of fears of a renewal of disorders. The peasant movement in the neighborhood of Moscow is also inspiring serious apprehensions. Many properties along the Moscow-Kaen railroad are guarded by

troops and the families of land owners are seeking refuge in Moscow.

### SAINTS SHELVE TEMPORAL LAW

Discussion Is Ended by a Motion to Commend Efforts of the Bishopric.

LAMONI, Ia., April 15.—(Special Telegram.)—At today's business session of the synod, the saints conference presented a resolution, a copy of which was in the chair, recommending that the synod advise the emperor to rescind the resolution which was submitted to the emperor at the hour of signing yesterday, relative to the establishment of equality in the temporal affairs of church members. The adoption of a substantial success of meeting practically resolved the main issue and provided that the conference commend the efforts of the bishopric to administer the law touching all interests and work of the church.

A report from the first presidency expressed much faith in the future while recognizing the fact that the church is passing through a period of transition in regard to some vital matters. This report also shows that the first presidency has been represented at five reunions during the year, fourteen districts or state conferences, and has visited seven of the general mission fields.

A report from the quorum of twelve apostles indicates a step forward in the missionary work, inasmuch as it provides for a retired list of superannuated ministers who by reason of age, health or other inability are incapacitated for general missionary work. This looks toward a strengthening of the missionary force by the introduction of younger men.

The resolution seeking to forbid the ministers of this church from performing the rites of marriage for parties who had been divorced for other causes than the one only recognized by the reorganized church, viz, that of adultery, was discussed most earnestly, but owing to lack of time and pressure of other business and because the question was considered too important to be acted upon hastily was laid upon the table.

Five years ago John Zimmerman was nominated for the office of bishop, but he did not then accept the nomination. Being present at this conference the nomination was again tendered to him and publicly accepted. Mr. Zimmerman is a wealthy manufacturer of tapestry, rugs, etc., in Philadelphia and a man of great business sagacity. Owing to the fact that Mr. Zimmerman left tonight for his home his ordination was attended to during the afternoon session. As he reached the chair the congregation arose and sang "Praise God from Whom All Blessings Flow," and ardent prayer was offered by Frederick M. Smith. Then under the hands of President Joseph Smith, High Priest F. G. Pitts, Apostle W. H. Kelley and Presiding Bishop E. L. Kelley, Mr. Zimmerman was ordained a high-priest and bishop. President Smith conducted the impressive ceremony.

The names of thirteen young men were presented by the presidents of sevens for ordination to the office of seventy. Two of these are in Australia and two in Canada, and their ordinations were referred to the missionaries in charge of those respective missions. Seven of these who were present accepted and their ordinations will take place tomorrow. Two requested time to consider.

Daniel Anderson and J. A. Gunsolley were elected to succeed as members of the college board of trustees. E. L. Kelley, Jr., was elected to fill a vacancy in the board caused by the resignation of J. W. Wight.

President Joseph Smith addressed a large assembly tonight, assisted by his second counselor.

ments in the Valworth equity suit contest dismissed the proceedings, which sends the records from Selby back to Bangor, but allowed a stay of sixty days for an appeal. Selby failed to get a majority, but took possession of the records and if the supreme court sustains the lower court they will have to be moved back.

### SHAW SELECTS NEW COACHMAN

Secretary Picks Asylum's Grave Digger for Civil Service List.

(From a Staff Correspondent.)  
WASHINGTON, D. C., April 15.—(Special Telegram.)—Recently Secretary Shaw found that he needed a new coachman in the treasury stables. As these employees are under civil service Secretary Shaw called upon the commission to certify three names to him from the eligible list. Yesterday afternoon three names were submitted to him and after a careful investigation he selected a man who at present is employed as grave digger at Saint Elizabeth's insane asylum. Just why the secretary deemed upon such a man will never be known. One thing is certain and that is that the head of the treasury department

likes to have a serious man on his carriage box.

### Mrs. Shaw Leaves Sanitarium.

BALTIMORE, Md., April 14.—Mrs. Leslie M. Shaw, wife of Secretary Shaw, who has been a patient for several weeks at Dr. Howard Kelly's sanitarium in this city, left for her home in Washington today accompanied by Secretary Shaw. Mrs.

Shaw has been convalescent for some time.

### MEMBERS OF MOB ARE DEFIANT

Party Sends Word that Its Members Will Die Rather Than Surrender.

MEMPHIS, Tenn., April 15.—A dispatch from Senatobia, Miss., says the Spencer brothers and William Still, charged with being members of the mob that shot and killed Sheriff Pong are barricaded twenty miles from town and have sent word that they will not be taken alive. A large posse has gone to the canebrake with the intention of capturing the three men. J. H. Thomas, who has confessed to having led the mob to the jail, is on the verge of nervous collapse. He is a prominent citizen and holds the office of county supervisor.

### Folk Sign Freight Rate Bill.

JEFFERSON CITY, Mo., April 15.—Governor Folk tonight signed the bill passed by the last legislature, known as the "maximum freight rate measure." The purpose of the legislation is to reduce freight rates on many articles of commerce in this state. The governor also signed the bill taking care of other bills which are the property of railroad companies.
