BLOOD POISON MAN'S GREATEST

The disease that has done more **TENEMY** than any other to wreck, ruin and humiliate life, is Contagious Blood Poison. Sorrow, shame and suffering go hand in hand with this great enemy, and man has always hated and fought it as he has no other disease. It is the most powerful of all poisons; no matter how pure the blood may be, when its virus enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the deadly poison, and soon the mouth and throat begin to ulcerate, the hair and eyebrows drop out, a red eruption breaks out on the body, copper-colored splotches and sores make their appearance and the poison even works down into the bones and attacks the merves. Not only is the disease hereditary, being transmitted from parent to child, in the form of scrofula, weak eyes, soft bones, weak, puny constitutions, etc., but is also so highly contagious that many a life has been ruined by a friendly hand shake, or from using the toilet articles of

M'DONALD MAY PAY THE CHECK Kitchen Will Not Prosecute if the Money is Refunded

It seems likely that J. A. McDonald, who passed a bad check at the Paxton hotel two weeks ago, will get his affairs straightened up in the next few days so that he will not be held for trial. He was taken before Justice Foster Monday in an attachment case brought by Manager Kitchen of the Paxton hotel to recover for McDonald's board and lodging. The two men held a conference, in which McDonald said he would be able to satisfy Mr. Kitchen in a few days. The suit was dismissed and McDenald was taken to the county jail. Mr. Kitchen will not prosecute if McDonald pays him, and the prisoner can easily be released, as he has not had a preliminary examination.

ROYAL ARCANUM IN SESSION

Grand Council of Nebraska Gathers for Annual Deliberation.

ATTENDANCE IS UNUSUALLY LARGE

Every Connell in State Represented by Delegates and All Report the Order in Most Prosperous Condition.

The ninth annual session of the grand ouncil of the Royal Arcanum of Nebraska, onvened in Royal Arcanum hall, corner of Sixteenth and Harney streets at 10 yesterday morning. The attendance is the largest of any meeting of the council yet held, representatives being present from every subordinate council in the state jurisdiction. The grand council was called to order promptly at 10 o'clock by Grand Regent T. J. Mackey, with Grand Secretary C. A. Grimmel, as record keeper and George S. Powell of Omaha, as reading clerk.

Grand Regent Mackey read his report of the progress of the order during the past year, which gives a most hopeful outlook, and showed a large and encouraging increase in membership. The report was approved and ordered placed on file.

Advance copies of the reports of the several grand officers were furnished the delegates and were referred to appropriate committees without reading. All of these reports give a glowing review of the work of the past year and indicate that the order is in a prosperous condition and growing encouragingly.

The special report of Deputy Grand Regent G. A. Duffield, giving an account of his work throughout the state during the past year, was read and greeted with applause. The report was ordered spread upon the records of this meeting.

Order Generally Prosperous. Verbal reports were received from all the councils represented at the meeting, all of which are full of hope and encouragement, showing a remarkable growth of the organization throughout the state and the awaited Standard encyclopedia is at last promise of a largely increased growth dur- in course of preparation. He crossed the Pacific on the Korea and came overland with the first detachment of a number of Americans returning from the Orient,

DOCTORS FOR MEN

The difference between success and failure in business life is due in nine out of ten cases to lack of physical manhood. Your growth, your health, your strength, your ability, your intellectual or business capacity, your skill as a workman in the usual business pursuits of life, your popularity with other human beings, of either sex, is all shaken and your future career blighted if your sexual power is depleted. You can't be half a man sexually, and a whole man otherwise. A chain is no stronger than its weakest link. Upon possessing the essential elements of manhood depends chiefly the happiness of markal life, your success in the commercial world and the perpetuity of our race.

The loss of sexual power will be found a sure and certain condition in almost every case of business failure and poor success in life, hence the value to a man of regaining his health, intellectual power and vigorous manhood cannot be measured in dollars and cents. It is a power and a privilege that should endure with man as long as life itself, and whenever it is impaired of suspended through ignorance, excesses, indiscretions or dissipations, nature will ascert itself and every other bodily and mental function wilt. If you have violated nature's law you must pay the penalty unless you are again restored to what nature intended you—a strong, robust, healthy man—physically, mentally and sexually.
