Nearly all the women's clubs in the district were represented. The early part of the afternoon was devoted to an informal reception, and the meeting was not called to order until 4 o'clock. Dr. F. M. Sanderson of the Methodist Episcopal church offered prayer. "Nebraska" was then sung by the seventh grade pupils from the Central and North schools. Mrs. William Fried extended a cordial welcome to the visitors in behalf of the local organization. Mrs. Emma Cull of Oakland and Mrs. H. L. Keefe of West Point spoke briefly in response. The only paper heard this afternoon was by Miss E. E. Thompson of Fremont, on "Art in Public Schools." Music had a large space on the evening's program, which was a very interesting one.

BRIDGE COMPANY VALUATION

State Board Inclined to Raise Return Made by Company.

PULLMAN VALUATION UNSATISFACTORY

Rev. Ludden Possibly May Be Home In Time to Participate in Next Meeting of State Board of Education.

(From a Staff Correspondent.) LINCOLN, Neb., May 4.—(Special.)—Members of the State Board of Equalization manifested a desire to raise the assessment of the Omaha Bridge and Terminal company from \$100,000 to \$125,000 last year. Treasurer's report of that disposition asked for further statistics showing the mileage of the road. Secretary of State Galusha said that the road is worth much more than it is assessed at. He pointed out the fact that this is the company which assesses as interest in the road. The \$100,000 of paid up capital stock is worth only 1 cent on the dollar, and that it never paid dividends, notwithstanding the fact it has a surplus of \$35,000. Recently a representative of the company appeared before the board and asked permission to amend the statement so as to show the possession of 1.9 miles of main line track, instead of the eleven miles acknowledged. He alleged that a green man in making out the statement had erroneously included the tracks. The board has asked for a blueprint drawn to a scale which will show just what track and what portion of the bridge is in Nebraska for taxation. Under the old revenue law the bridge company was assessed locally, but under the new statute as interpreted by Secretary Bennett it must be taxed by the state.

The board spent some time considering the returns of the St. Joseph & Grand Island railway, which claims that it was assessed too much last year. Treasurer Mortensen spent some time in computing the stock values and the capitalized value of the net earnings on a 5 per cent basis with a view of determining just what foundation there is for the plea of over-assessment. It was assessed at \$5,000 a mile last year.

Mr. Mortensen suggested to the newspaper men present that they ought to lend a hand at the work, while it is in progress, and tell the board how to do it now, and not wait until after the assessment was completed.

Pullman Cars Low Priced.

The board considered the statement of the Pullman company briefly, and members commented on the fact that standard tourist cars are down at \$1,000, while it was said that some of the road lines had their coaches on practically as high a basis. In discussing the reliability of the figures, Governor Mickey said that the board was helpless and would have to accept the sworn statements as to mileage and values, unless it could find the company a man to make an independent investigation.

The board has fixed the date for the hearing to be accorded the Burlington and Union Pacific for May 13. The Chicago, Rock Island & Pacific and the Northwestern will be heard May 15.

Eastern Star Growing.

The session of the grand lodge of the Order of the Eastern Star was devoted today to reports of grand officers. The credentials committee reported the presence of 200 delegates. The reports indicate there are 2,000 members in the state and that chapters are in flourishing condition.

Simpson, Omaha, grand secretary; Mrs. Carrie Wright, Lincoln, grand treasurer; Frank Young, Broken Bow, grand patron; Mrs. Edith Winebrenner, Lincoln, associate grand matron; P. More News from Ludden.

State Superintendent McBrien has received a letter from L. P. Ludden, the absent member of the State Board of Education, which is scheduled to meet Friday, stating that he is seeking his "clearance papers" so that he can come to Lincoln for the meeting. McBrien is hopeful now that despite Ludden's telegram of Tuesday stating that he could not come before May 11 it will be possible to have the full board at the meeting in order that a principal may be selected.

Because of the uncertainty as to Ludden's movements, the attempt to postpone the meeting has been abandoned, and it is said there is a possibility of a selection of a principal without the presence of the seventh member. The board is in the arrangement to give Mr. E. R. Boney, pastor of the Methodist Episcopal church at the home of the bride's mother, Mrs. C. S. Black, by Rev. N. A. Martin and Rev. J. R. Gentry, presiding elder of the district of the Methodist church, in the presence of a few relatives. The young couple will be at home to their friends at Hebron after June 1.

Court Bars Trinidad Asphalt.

Today Judge Cornish of the Lancaster county district court handed down an opinion denying the application of Joseph Grainger, representing the Barber Asphalt company, for an injunction to prevent the execution of a contract with Hugh Murphy of Omaha for asphalt paving. The court holds that the petitioners intended to be paved have signified their desire to bar asphalt and that the city has the right to exclude any specific material as long as no charges of corruption or fraud are involved. The Barber company contended that it had been discriminated against.

Thousands of Men and Women Die Every Year of Kidney Disease Because They Don't Know in Time They Have Got It.

The only way to keep watch of your health is to test your kidneys at least once a month. Just a few drops of urine, strained and held for 24 hours, and if it becomes cloudy, or particles float about in it, or if a reddish-brown sediment forms, it is positive proof that your kidneys have been diseased for months. It is time to do your work, and unless properly treated at once, Bright's disease, diabetes, uric acid, and other ailments with fatal results, will surely follow.

His New Public Property!

A recent development in the medicine business is here made public. Dr. Pierce announces that the women taking his "Favorite Prescription" are going to know just what is contained in it. His "Favorite Prescription" for weak women is not a patent medicine. It is an efficient remedy scientifically extracted from the roots of medicinal plants which cure the diseases and weaknesses of women. At first Dr. Pierce used it entirely in his private practice, in which he made a specialty of the diseases peculiar to women. It was so uniformly successful, that afterwards he decided to put it up in a form easily obtained at every drug store. Hereafter every bottle of "Favorite Prescription" going out from the World's Dispensary laboratory, at Buffalo, N. Y., will have the ingredients in plain English on every bottle.

NOT A PARTICLE OF ALCOHOL

or harmful drugs is contained in this famous prescription. All women who are afflicted with diseases and weaknesses peculiar to their sex, can with perfect safety take this medicine, and in ninety-nine cases out of a hundred they will be entirely cured of their afflictions. For more than one-third of a century Dr. Pierce's Favorite Prescription has enjoyed a high reputation for the chronic ailments incident to womanhood.

THE PROOF:

From long experience Dr. Pierce acquired the knowledge of how to combine the following ingredients in just the right proportion in his "Favorite Prescription" for diseases of woman.

GREENHORN TESTING PLANTS.

This medicine contains the non-alcoholic extracts of the following native plants:

- Lady's Slipper (Cypripedium Pubescens). Black Cohosh (Cimicifuga Racemosa). Unicorn root (Chamaelirium Luteum). Blue Cohosh (Caulophyllum Thalictrifolium). Golden Seal (Hydrastis Canadensis).

THE REASON:

To meet the many outrageous and wholly baseless attacks of some scoffers, Dr. Pierce has decided to make public the ingredients of this medicine, which is the best tonic for debilitated and nervous women.

Perry, Ill. Mr. Bryan has always been very devoted to his father-in-law. Mrs. Ruth Bryan Lovell had returned from New Orleans to attend at the bedside.

Mr. Baird had been blind for many years. The funeral will be held at 2 p. m. Friday from Fairview, with interment at Wyuka cemetery.

Must Show Ability to Maintain Wife. The supreme court holds that Fred Goddard, sentenced by the Chase county district court to nine months in the penitentiary for wife desertion, is entitled to a new trial because of deficient evidence, and because the information fails to state that he willfully and without good cause neglected and refused to maintain his wife.

As to Common Law Marriage. The supreme court denies a motion for a rehearing in the case of Sorenson against Sorenson, from Valley county, involving the law marriage to the large estate left by a wealthy farmer of Valley county. The court holds that there is a presumption of the existence of marriage which arises from cohabitation and holding each other out to the world as husband and wife, and public policy will prevent a court from setting aside a marriage when the parties have lived together for a long time and the parties have availed themselves of such presumption in a contract as its legitimacy.

Editor Gets New Trial. The supreme court today decided that Sanford R. Haase, editor of the Curtis Courier of Frontier county, is entitled to a new trial. He was sentenced to a year in prison for the murder of a woman. The court takes the ground that the lower tribunal made an error in allowing the prosecution to question the newspaper man as to the number of times he had been married, whether his first wife was living and many other questions which the court says tended to disgrace him in the eyes of the jury.

Koutsky Wins One Point. The supreme court has overruled the motion of Swift and Company of South Omaha for a leave to file a supplemental petition in an injunction against Mayor Frank Koutsky and the councilmen of the city, from the passage of an ordinance vacating certain streets and contracting with the Union Pacific for the construction of a viaduct.

Hotel Company Liable. The supreme court reaffirms its former opinion holding that the Becker Hotel company of Omaha must pay damages to Michael F. Clancy, as guardian of his son, Freeman, who was shot by a bellboy employed at the hotel. Clancy, the boy, was playing in the hall when he went into the room occupied by the bellboy. The latter pointed a pistol at him playfully and accidentally discharged it. Clancy lost one of his eyes as the result of the shooting. The court holds that it is the duty of a hotel-keeper to protect his guests while in the hotel, and that the hotel-keeper is liable in the conduct of the business and in the care and accommodation of the guests. If damages result from such assault the hotel-keeper is liable therefor. The court follows the line of decision making sleeping car companies liable for such injuries. A dissenting opinion was filed by Judge Barnes.

Brewing Company Held for Death. The court holds that Fred W. Horst and the Krug Brewing company of Omaha are liable in damages to the Lewis of Madison county, who sued for the death of his husband, alleged to be due to liquor purchased of a saloonkeeper on whose bond the plaintiffs in error were.

Corn-Growing Contest for Schools. The state department of public instruction, in cooperation with the department of agriculture of the University of Nebraska, has arranged for a boys' corn growing contest. The contest is open to any boy in the state who is under 17 years of age and who has attended school at some time during the school year. Two quantities have already provided for county corn growing

contests. Boys who enter their home county contest may also enter the state contest. The first 300 boys writing for seed corn will be entered for the contest and given full information and directions when seed corn is sent.

The general provisions for the contest are as follows: 1. Five hundred kernels of Reid's Yellow Dent seed corn will be sent to each of the first 300 boys who send their names and address to Deputy E. C. Bishop, Lincoln.

2. Each boy is to plant the seed received, care for the plants and gather the corn in proper season.

3. From the crop raised the best ten ears are to be selected and placed on exhibition during the meeting of the Agricultural association at Lincoln in January, 1906.

4. Competent persons will judge the exhibits, and prizes will be awarded according to first, second, third, fourth and fifth places, etc.

5. A large number of prizes will be awarded, so that many exhibitors making creditable showings will be recognized. Two prizes will be awarded for each exhibit winning a place—one to the boy making the exhibit and another to the school represented by the exhibitor.

6. The first direction will be given each boy who writes for the 500 grains of seed corn.

7. During the day of the contest meetings will be held. Prominent speakers will give the boys on corn judging, corn culture, the relative value of corn products and other kindred subjects.

8. Reduced railway rates will be in force at the time of the contest. Boys will be given opportunity to visit the state farm and the working of all departments. Plans will be made for the special entertainment and instruction of the exhibitors and their accompanying friends.

9. Bryan Loses by Fire. Today fire destroyed the frame house upon W. J. Bryan's farm near his present residence, in which he and Mrs. W. W. Wines resided. The house stood about 300 feet from the Fairview mansion, where Mr. Baird, Bryan's father-in-law, lay at the point of death. The loss is not large.

W. C. T. U. Convention. YORK, Neb., May 2.—(Special.)—The state officers, who constitute the executive board of the Women's Christian Temperance union, met at the residence of Mrs. George W. Shreck last evening.
