QUILLIAM TALKS OF BALKANS Shiek-Ul-Islam of Britain Says Effort is Made to Injure Turkey.

LIVERPOOL, May 20 .- (Special Cablegram to The Bee.)-W. H. Quilliam Bey Effendi, Sheik-ul-Islam of the British isles, returned home to Liverpool this week after a three months' inquiry on behalf of the sultan into the state of the Balkans. Interviewed on the subject, the shelk delared he was satisfied that a conspiracy existed to drive Turkey out of the Balkans, and ultimately out of Europe. Bulgarian revolutionaries were armed with Mauser and Manulicher rifles, which had been bought, he asserted, by the insurgents with money raised by the Balkan committee in this country from people some of whom were prejudiced against the sultan on religious grounds, while others were misled by lying reports of certain agents of the Balkan committee.

The following statement was made by the sheik on the Balkan question: "If left alone by the European powers the sultan would be able to keep the peace between the various nationalities and creeds in the Balkans. As it is, the vast mass of the people are loyal to him. There

are some few disloyalists, as there are

Natives Are Becoming Too Arrogant

HONOLULU, May 20 .- (Special Cable gram to The Bee.)-Word has been received from Samoa to the effect that a petition has been sent from those islands by some of the white residents there to the German government asking protection against the growing arrogance Samoans, their growing contempt of German authority. They ask that dangers of a native uprising may be prevented and urge that protection be given by the permanent garrisoning of Asia by German troops. German men-of-war are urged to call more frequently at the islands by way of impressing on the Samoans the power of the German government.

It is believed that the petition and the fear that prompted it grew out of the incident of a number of chiefs from Mulinu breaking out of a jail at Apia and releasing herefrom two other chiefs whom they be lieved were being unjustly imprisoned. The rescuing party was very promptly shown the error of its way and the seriousness of the offense it had committed, begged pardon of the governor and brought the two chiefs back to prison. Those who signed the petition are mostly settlers who recently arrived in Samoa. Few of those who by reason of a long residence are acuainted with the Samoan character have joined in the petition.
