liberately stating so, intimated that the city council had nothing whatsoever to do with the chief of the fire department or the fire department itself.

In connection with the fire chief controversy Mayor Macras has not yet signed the resolution adopted by the city council last Monday night relative to Nicholson and stated last evening that he intended to think the matter over before attaching his signature or declining to do so. The mayor has fourteen days within which to make up his mind. In the event of the mayor declining to sign the resolution i can be passed over his head by the vote of the six republican councilmen.

The Pottawattamie County Bar association met at the court house yesterday afternoon to receive the report of the com mittee consisting of Spencer Smith, Em met Tinley and H. J. In fact it appears without the semblance of a con- given a trial. troversy that complainants have no just reason to criticine any part that they took in their matters," said the committee,

In closing its report, which contains as exhaustive review of the case and the evidence submitted before it, the committee has this to say:

has this to say:

It appears all through the evidence that Alexander Campbell, after his return from Alaska, endeavored to investigate the condition of the court record involving the several cases connected with his trouble with the Armstrongs, and being unfamiliar with court proceedings and court records was unable to thoroughly funderstand the pleadings filed in the cases and the entries made by the judges. It is quite evident that being unfamiliar with the court record he became confused, and out of this confusion he became unduly suspicious that he had not been fairly treated and this, in our opinion is the foundation for his idea that prompted the filing of these charges.

The Bar association adopted a resolution

The Bar association adopted a resolution to the effect that hereafter no charges against any attorney would be entertained unless sworn to, staned by some member of the bar and filed with the grievance com mittee, which shall report to the associ ation after investigation, the charges not to be made public before reported to the association by the grievance committee.

ENJOINING TWO-CENT RATE

Stockholders of Two Roads File Action in the Federal Court.

NO INJUNCTION GRANTED YET

Applicants Unable to Locate Judge McPherson and Some Doubt is Expressed Whether He Would Issue Order if Found.

(From a Staff Correspondent). DES MOINES, Ia., July 4.-(Special.)-Stockholders of the Minneaphlis & St. Louis and the Iowa Central today, through attorneys here, started suit to enjoin the railroads named from putting in the 2-cent passenger rate beginning tomerrow. The suit was a surprise, it being supposed that if there was any intent to start a suit it would have been commenced before. Attorney George H. Carr of Des Moines and H. V. Poor of New York City were making a strenuous effort this afternoon to locate Judge Smith McPherson of the federal court and get him to issue a temporary injunction restraining the road from putting in the rate. Judge McPherson is in Kansas City according to reports and its report fully exonerated Mesora. Shinn up to a late hour had issued no injunction. It is anticipated by the state officials that in keeping with his ruling in a similar case in Kansas he will refuse to issue the injunction till the rate has been

Conl Land is Sold. Seven hundred acres of coal land near Woodward, Ia., known as the Carpenter mine, has been sold for \$350,000 to D. B. Fleming, formerly of the Savery hotel here, F. T. Bade and F. Capitol Mosates Unveiled. The Frederick Deihlman mosaics were unveiled at the statehouse today. The work of art completes the scheme of art decorations of the statehouse so far as the plans have been made by the legislature. The mosales are six in number. They occupy the six panels in the gallery above the grand staircase and above the Blashfield painting. The Deihlman mosaics are separated by the columns that separate the panels, but the scheme of the artist is contral mosaics the statehouse has been worked in. In the picture at the right the old state capitol at Iowa City is worked in and a corner of the new historical building is worked into the picture on the left. The mosaic on the right is intended to typify education, the next in order judiciary, legislative, executive, charities and defense. The color scheme of the mosaics is in perfect harmony with the Blashfield painting and the mural decora-

The three members of the capitol commission who contracted for the paintings came to Des Moines today to inspect the work. The commission's term of office expired last January and the work of accepting the mosaics was delegated to the executive council, but the commissioners all came to see the work and all were pleased. Offers Chean Gas. A Kansas natural gas corporation has made Des Moines an offer of natural gas. The corporation proposes to pipe its gas across the state of Iowa and offers Des known as the "hobo room," on the sec- sequent to the filing of the acceptance by Moines gas for half the price now charged for the manufactured gas. Des Moines is paying \$1 a thousand cubic feet.

Funk May Be Candidate. Senator Abe Funk of Spirit Lake, who came to Des Moines today to see the unveiling of the Delhiman mosaics at the statehouse, submitted to an interview by the Register and Leader, which is interrupted by politicians as meaning that he is available as a candidate for governor. While saying that he has given no consideration whatsoever to the kindly suggestions of his candidacy for governor, Senator Funk leaves the matter entirely ..24 open and ends by saying: "Every serious minded and thinking man in Iowa knows that there is a movement in this state which has been called progressive and whose success is a consideration deserving attention infinitely beyond that commanded by an individual or candidate for any office."

Short Line Tests Law. The Des Moines, Iowa Falls & Northern will issue a family mileage book of 600 miles for \$10, or at the rate of 2 cents Agriculture, on the charge of conspiring to a mile. ONAWA—Samuel G. Irlsh, the oldest man in Monona county, was buried at Whitting Tuzsday, aged 66 years. Mr. Brish had been in good health until recently, and passed away without pain. He came to Monona county in 1894 from Bonhomme, S. D., where he was driven out by the Indians, and for many years was one of the prominent farmers of Lake township, and in early days a prominent greenback politician. Mr. Irlsh was a lieutenant of a cavalry company in 1994, during the Indian troubles, and was the first territorial treasurer of Dakota, but never handled any funds, fighting Indians and grasshoppers being his chief business. For some years he had been known as the oldest voter in the county and never failed to attend all elections, making his last trip to the polls in an automobile, which he took delight in comparting with his first trips made with ox teams.

CRESTON—Two attempts on his own life within two days and the last attempt an energetic and nearly successful effort, is the record of Ed Anderson of this city, who attempted a rather urique method of suicide in the county jail last evening, where he had been incarcerated after an attempt on his life Monday afternoon, when he endeavored to cut off his windpipe with a large, blunt knife and only succeeded in losing a quantity of blood and driving his sister, with whom he was staying, to an extremity of terror. The police were notified and took charge of the man, placing him in the county jail for safety. Last night the sheriff was awakened by a disturbance and found Anderson with his head between the wail and a heavy iron bedstead, trying to strangle himself. Anderson is a powerful man and the combined assistance of everyone within call was required to dissuade him from his purpose. He was recently discharged by the railroad company at this place and is thought to be insane and mentally irresponsible. He will probably be committed to

Mop Gone-Who has our office mop? That's the question that has been agitating our minds since Monday morning. It is not a very elevating subject, we will admit, but we need the mop powerful bad.
