

PRIMARY NOT EXPENSIVE

Judicial Candidates Report Payment of Small Sums of Money.

NO CONTINUANCE ON GRAIN RATE

Railroads Assured They Cannot Collect Figures Inside of Ninety Days with Which to Make Their Showing.

(From a Staff Correspondent.)

Lincoln, Sept. 9.—(Special.)—The expense accounts filed by the various candidates so far do not bear out the charges that the great majority of expenses from the standpoint of a candidate. The following expense accounts were filed today with the secretary of state by candidates for district judges: nomination, Guy T. Graves, Clinton, eighth district, \$5. B. F. Good, Fairbury, fifth district, \$10. George A. DeWitt, fourth district, \$15. Lee S. Beattie, republican-democratic, fourth district, \$15. Jesse L. Root, republican, second district, \$15. Judge Day, who tipped the scales, and he spent his fee for advertising in the Omaha and other papers in his district and for cards, which with his filing fee made up most of his expense. Judge Beattie said he paid no fee as a democratic candidate and did not know if any one else paid it.

No Continuance of Grain Case.

The railway commission overruled the motion of the railroad companies for a continuance of the hearing on the commission's order for a reduction of grain rates. This reduction averages 10 per cent the state over and in addition to the 10 per cent reduction provided for by the Adams law, which is now in effect. The taking of testimony will begin in the morning. The attorneys who insisted on the continuance were James Kelly and W. D. McEachern of the Burlington, Edison, Rich of the Union Pacific, Carl C. Wright of the Northwestern. A number of judges were also present, as was Governor Whitely, during a portion of the argument. Kelly, speaking for the roads first, objected to the jurisdiction of the commission to hear the case and he then filed a motion supported by an affidavit of William P. Durkin, auditor of the Burlington, asking for a continuance. The affidavit alleged that the railroad companies had not shown the amount of business done by it in traffic which actually moves from a point without the state through the state to another point without the state; the amount of business done originating within the state and carried to points without the state; the amount of business originating without the state and carried to points within the state; the amount of business originating in and ending in the state of Nebraska. It is alleged that in order to make an examination of the papers and the bill to make the showing upon this point, the amount of business done must be examined and a three or not less than sixty men will be necessarily employed for not less than ninety days. In order to make the computation of the rates under the proposed schedule and of all the rates hereafter in existence, it will be necessary to examine and compute upon a separate basis the effect upon the receipts of the railroad company from each station in regard to which the proposed schedule applies. The company says the necessities of its business do not necessitate the required testimony to be kept separately showing these figures.

Peace Conference a Sign of Approach of End of the World.

Hastings, Neb., Sept. 9.—The state commissioning of the Seventh Day Adventists of the first day, with about 100 persons camped in the grounds. Last night Prof. B. C. Wilkinson of Washington, D. C., declared in an address on "The International Peace Movement in the Light of the Scriptures," that the agitation for universal peace is one of the signs of the second coming of Christ. He said: "It is a fact that this Hague conference is the greatest representation of the 'peace and safety' cry that the world has ever seen. It is a fact that Satan has lulled the majority of people of the world to sleep with his deceptive cry, but in reality this is the time in the world's history, the twelfth verse of Revelation is being fulfilled on earth: 'Woe to the inhabitants of the earth and of the sea, for the devil is come down upon you having great wrath, because he knoweth that he hath but a short time.'"

Express Case in Court.

To question of remaining the case of the state against the express companies doing business in Nebraska was this morning argued before Judge T. C. Miner of the federal court. R. W. Breckenridge of Omaha appeared for the express companies and Hallick F. Rose for the state. Judge Miner took the matter under advisement. The state railway commission attempted to enforce the Shiley act reducing express rates 5 per cent. The companies removed the case to the federal court and the state today sought to have it returned to the state supreme court. Board Extends Its Order. The William & Sioux Falls railway, a part of the Great Northern system, was today directed by the railway commission to cease discriminating against Omaha in grain shipments. The Omaha Grain exchange complained that the railroad refused to furnish cars for shipment to South Omaha or Omaha, holding the cars for shipment to Sioux City and Minneapolis. The commission ordered the railway officials to furnish cars in the order requested by patrons irrespective of destination. Mistaken on Grain Law. Because the Omaha World-Herald said the open season for game began September 1, a half dozen or more sportsmen from out of the state have telephoned to the office of the game commissioner, asking if this is true and applying for copies of the game law. The open season begins September 15 and anyone hunting on the basis of the game-law, according to Mr. Carter, will be arrested and prosecuted. High Line in Fair Shape. Railway Commissioner Clarke has returned from his inspection of the Burlington High Line in the west part of the state beyond Omaha and he reports the road in better condition than reported to the commission. The road is safe and in fairly good condition, he said, except around Edward, and that the train ran only twenty and twenty-five miles. The road is in much better condition than the Missouri Pacific, he said, and there is

a large force of men at work putting it in better shape.

Cole Would Be Game Warden.

W. W. Cole of Nolan, candidate for game warden, is putting in some strenuous work for the place, through his friends. Cole while waiting for his appointment to the governor's office regarding a change it is thought if a change is made Cole stands a good chance of being the next game warden.

Speculating on Land Purchases.

The Lincoln Development company, which recently filed articles of incorporation, with Ed Siguel at the head, has purchased 1,500 acres of land east of North Platte, known as the E. W. ranch. The deal was made through J. H. Edmiston and the land was bought from J. W. Payne. Some time ago it was reported that the Burlington intended to build a canal here near North Platte, but this land is now in litigation. It is generally believed, however, that on the land just purchased the Burlington will build a station and start a town. This belief is borne out by the fact that Mr. Siguel, superintendent of the Burlington, is at the head of the company which did the buying.

Learn Little in Iowa.

Commissioner Winnett and State Clerk Howell have returned from Iowa, where they went to talk with the Iowa commission about grain rates. The members of the Iowa commission were not at home, but the Nebraskans discovered the Iowa body had not the authority possessed by the Nebraska commission and does his business in an entirely different way. Iowa has a local distance tariff rate and the Iowa commission opposes the building up of central granaries by reason of low rates on cream. Little grain is shipped in Iowa, they found, as most of it is used for feeding purposes where it is grown, or sent out of the state.

Insurance Orders Would Combine.

It is reported, though the report is not confirmed by Insurance Deputy Pierce, that the American Order of Protection, with headquarters at Lincoln, wants to combine with the Fraternal Life association of Hastings. Application has been filed with the state auditor for such a combination, as the law requires, and the insurance department is investigating the affairs of the two organizations before giving his consent to the merger. Insurance Auditor Pierce has made a statement as to his intentions in the matter. O. C. Bell is the secretary of the organization. A consolidation of the American Order of Protection and the Sons and Daughters of Protection was accomplished about two years ago.

Barker Hearing Postponed.

Judge Hamer secured a continuance of the trial of Frank Barker from Judge Frost this morning. The matter now is to pay the jury and witness fees in the case is not yet settled, but that is out of the way. Judge Frost said the case would have to be held on. The case will be called again Wednesday morning.

CAMPMEETING OF ADVENTISTS

Peace Conference a Sign of Approach of End of the World.

Hastings, Neb., Sept. 9.—The state commissioning of the Seventh Day Adventists of the first day, with about 100 persons camped in the grounds. Last night Prof. B. C. Wilkinson of Washington, D. C., declared in an address on "The International Peace Movement in the Light of the Scriptures," that the agitation for universal peace is one of the signs of the second coming of Christ. He said: "It is a fact that this Hague conference is the greatest representation of the 'peace and safety' cry that the world has ever seen. It is a fact that Satan has lulled the majority of people of the world to sleep with his deceptive cry, but in reality this is the time in the world's history, the twelfth verse of Revelation is being fulfilled on earth: 'Woe to the inhabitants of the earth and of the sea, for the devil is come down upon you having great wrath, because he knoweth that he hath but a short time.'"

Express Case in Court.

Children Smothered in Grain.

Hastings, Neb., Sept. 9.—(Special Telegram.)—Two sons of Henry Mohling, aged 3 and 4 years, were killed in a food of grain on Foot Graham's farm, five miles northwest of Hastings, yesterday afternoon. The father was assisting Graham fill a wheat bin, which gave way under the pressure of 12,000 bushels of grain. The children were playing near the bin and were caught in the food. Both were dead when they were dug out.

Raising Y. M. C. A. Debt.

Hastings, Neb., Sept. 9.—(Special Telegram.)—An effort will be made this week to raise the balance of the indebtedness on the Young Men's Christian association building, which cost \$10,000. The balance is \$1,000 and the members have pledged

themselves to secure \$500 of this. The building was opened Friday and will be dedicated this week.

COMMERCIAL MEN ARE TO FIGHT

Text to Be Made of New Building of Union Pacific.

FREMONT, Neb., Sept. 9.—(Special.)—The Fremont branch of the United Commercial Travelers held a largely attended meeting last evening and adopted resolutions commending the Northwestern and Burlington railroads for the readiness they have shown to increase their passenger and freight facilities to keep pace with the growth of the towns tributary to their lines and requesting the members of the branch to use their efforts to divert freight to these lines as far as possible. The Union Pacific came in for a few pointed remarks on account of traveling men being practically barred from five of its trains. They had formerly patronized and running locally which do not connect with branch lines. The action taken by the local branch is in line with the policy of the commercial travelers to divert all possible shipments from the Union Pacific. In order to make a test case against the company and lay the foundation for an action to compel it to permit passengers for points on their line whose trains stop to purchase tickets, Fred Hawken and J. W. Nation yesterday demanded tickets to Council Bluffs for one of the limited trains, tendered their money in the presence of witnesses and were turned down.

Nebraska News Notes.

BLAIR HILL—Three miles south a heavy rain visited that section, accompanied by hail.

PLATTSMOUTH—Rev. A. L. Eick, pastor of the Christian church here, has been appointed secretary of the Second district of the Christian churches in Nebraska.

PAPILLON—A fire broke out here Saturday evening. About four miles southwest of Papillon lightning struck the grain stacks on a large farm, burning them all but one, which was saved by the efforts of the men on the place.

PLATTSMOUTH—E. E. Ward, who recently visited the state, has a number of general merchandise by the name of W. A. Smith and a few scratches on his hands and face. There have been no arrests so far.

FALLS CITY—The weather is exceedingly hot for this time of the year. Winter wraps are much in evidence.

FALLS CITY—Bully Hoig of this place won several prizes with his dogs at the state fair.

FALLS CITY—The vinegar factory which started up here last year has so many orders it was necessary to call in its subscription.

FALLS CITY—Falls City has a brand new seven-piece orchestra, led by Frank Warner.

BLAIR HILL—Carpenter work on the new independent order of Odd Fellows hall began Saturday, with a large force of men and will take two months before the building is completed.

SHELTON—The fourth harvest festival and picnic will begin here Tuesday and continue three days. Already many of the speed athletes are here and many more will be on hand to enter for the liberal prizes that the business men of the town have donated. No charge for the sports being made.

SHELTON—A little 4-year-old son of Albert Allen, the local manager of the Farmers Home Telephone company, playing with matches on the Carter farm yesterday afternoon set fire to the outbuildings on their farm and destroyed the barn and granaries, together with two cows and much other grain. The loss will be about \$2,000, with no insurance.

SHELTON—As a token of their friendship and appreciation of the services which principal of the Plattsmouth schools has rendered to the teachers of the city schools presented by Mrs. J. J. Rose a handsome silver sign, bearing his initials and name, and a pair of the gold and silver buttons. Mrs. Rose and family departed today for Peru, where he has accepted a chair in the State Normal school.

NEBRASKA FROM DAY TO DAY

Qualit and Curious Features of Life in a Rapidly Growing State.

Master Earl — of Winfield, you can guess, made his annual visit in this locality Sunday and was sent out on his best gear for a horseback ride in the afternoon.—Slovak Home Visiting, Winfield Tribune.

Precautions—A Norfolk woman always cautions her children to put on stockings that have no holes in them, for the reason that they might break their legs during the day and this run the risk of allowing outsiders to get out in picking up the accident victim, whether the family were booby stockings or not.—Norfolk News.

In Error—A certain young man was visiting in a neighboring town not long ago and using some postal cards, he bought one he thought was a first carrying a basket of flowers, which he sent to his best girl. The next time he called she set the dog on him. It has since leaked out that the picture was one of a stock with a baby in the basket.—Hilbert Telescope.

Nature Fails—D. A. Johnson is prepared to prove that apples bloom in September in Nebraska. He has a crab apple tree in his yard in this city which has no large fruit, but with beautiful and fragrant blossoms. Mr. Johnson cannot account for the freak and he cannot find a fruit grower who has ever seen anything like it. If any reader of the Republican can explain this freak the explanation will be published.—Aurora Republican.

What Happened in a Barber Shop—W. E. Clark, formerly in the barber business at this place, but now foreman of a shop in Council Bluffs, met with a very peculiar accident last Saturday evening and as a result will be unable to work for some time. While serving a customer and as he turned to strap the razor the customer raised his leg to cross it over the other, and in doing so his knee struck the back of the razor blade, throwing it shut on Clark's hand. Quite a gash was made and the wound bled profusely. Before medical attention could be given he fainted from loss of blood, but as soon as the doctor was stopped he was revived.—Randolph Democrat.

Hard to Get—Among the many who visited Winfield last Saturday on a shopping expedition was a newly married young lady from the neighborhood of Beaver City. During the afternoon she sauntered into one of our hardware stores and inquired in a very modest, unassuming manner of the store clerk if they had any jackpots. The clerk struck young man promptly replied that they had coffee pots, tea pots, etc., but to his certain knowledge there wasn't a jackpot in the house. As she turned to go away with downward looks, she remarked to the clerk who escorted her to the door, that she was so much in hopes that they kept them, because her husband kept talking so much in his sleep about jackpots, and if she could purchase one and take it home she knew it would take him nearly to death.—Winfield Review.

To Prevent Shoes from Cracking use Quick Shine Shoe Polish. It sets, polishes and gives a new, healthy shine and is water-proof. Ask your dealer for it.

PRICE WILL ADVANCE
OMAHA & NEBRASKA-CENTRAL RAILWAY
Stock Advances on Saturday, September 14th, at Midnight.
This Stock is NOW SELLING at \$27.00 per Share--Par Value \$100

Work is now progressing as fast as teams, men and engineers can push it. IMPORTANT NOTICE—Every purchaser of stock at present price, \$27.00, receives in addition Certificates at par value of \$100.00 per share, entitling the holder to exchange such certificates for either freight or passenger transportation at tariff rates, when any part of the road is in operation. This promises to be one the largest money makers ever promoted.

We are tapping a belt country that will develop into money equal to the best gold mine ever discovered.

It remains for you to secure this Stock at the present price if you would get big returns on money invested. Electrical railroads, the wonders of the country, not one but has doubled its earning power the first year in operation.

selection of managers of the campaign. The selection of Frank L. Weaver as chairman, J. A. Benedict as secretary and Emil Cernak as treasurer will stand, but there may be a change in the executive committee, for which George Rogers, Mayor Dainman and J. J. O'Connell were named. These men are expected to stay, but it has been suggested that two others be placed on the committee in order to have representation of more of the various classes of the party. A number of names has been suggested but so far no one has been selected and it is possible the committee will not be changed, since a number of the candidates say that they favor the committee the more effective it will be.

The democratic party probably will have a school board ticket in the field. Mayor Dainman will take up the matter with the city committee in a day or two and will advise the nomination of a ticket. Three who filed for the nomination at the primaries withdrew, and but for the peculiar wording of the primary law regarding the party would be out of the race, but under the terms of the law the mayor is the opinion that candidates can be named either by the committee or a convention regularly called and that it will be possible to get at least one member on the board.

"We can't find anything in the primary law governing the city committee appointment, and we don't know," and it seems the old committee may hold over. If it should be held the school board nomination are conclusive of the old city committee must be called into action."

FINN'S BAND CLOSES SEASON
Banda Rosa Commences an Engagement at Krug Park Today.

Finn's Greater Omaha band, after playing at Krug park continuously since the park opened on the 18th of May last, closed its season engagement with the afternoon and evening concerts of Sunday. The twelve numbers on the program were all favorite selections and as the personal friends whom the several members of the band have made during the season were out in strong force, the applause and musical enthusiasm at the close was high. The concert was continuous, causing a double program to be played.

Briefly, one of the park aerodrome, made the evening balloon ascension and parachute jump, and it was well done. The aerodrome, Saturday afternoon did not make a record, but it was high. The following members of Finn's Greater Omaha band have today to fill engagements as follows: A. Marjula, solo pianist; the Schubert theater, Milwaukee; J. Nelson, solo organist; St. Joseph, Minn.; W. H. Haver, solo organist; the Barnum & Bailey show here today; M. Chertov, string band; Pittsburg, Pa. The other members of the band will remain in Omaha. Surrentino's Banda Rosa will arrive at 7 o'clock this morning over the Burlington from Lake County, St. Joseph, Mo., and will open a seven days' engagement at Krug park with a concert this afternoon. The programs for the week are both high class and popular. A warmer program will be played Friday evening.

AGREEMENT ON FISHING RIGHTS
Nodus Vividus Between United States and Great Britain is Heated.

WASHINGTON, Sept. 9.—The modus vivendi to regulate fishing by Americans in the treaty waters of New Foundland, which was concluded in London yesterday by an exchange of notes between Ambassador Reid and the British secretary of state for foreign affairs, was made public today by Acting Secretary of State Adee. Mr. Reid's note recalled the agreed terms of the modus vivendi and is dated

September 4. Sir Edward Grey's reply, while dated September 4, was not delivered to Ambassador Reid until Saturday night. The modus vivendi as arranged is in terms and fact a substantial renewal of last year's arrangement. It is to continue for this season and until the long-standing controversy regarding the fishing question shall be settled by arbitration, unless in the meantime any of its provisions should be modified by some amicable agreement between the Newfoundland authorities and the American government, not obligatory to the rights of the United States and acceptable to the British and American governments.

WARM FIGHT IN CLEVELAND
Roosevelt and Bryan May Figure in Majority Contest in That City.

CLEVELAND, O., Sept. 9.—The contest between Mayor Tom L. Johnson and Congressman Theodore Burton, as the democratic and republican nominees, respectively, for mayor of Cleveland, promises to be the most exciting political event in the history of this city, not stopping campaigns some years ago in which the late Senator Hanna was the central figure.

The endorsement of Mr. Burton's candidacy by Theodore Roosevelt, it is said, may be followed by a speech here by the president the latter part of the campaign. The president is to start for Cleveland on the coming trip of the Grand Waterways commission on its tour of inspection and investigation on the great lakes and down the Mississippi river, and republican leaders believe that while here the president may be induced to make a speech urging Burton's election.

The democratic executive committee has called the city convention at which Mayor Johnson and the ticket with him is to be named for September 23. Mayor Johnson has declined to discuss the matter since the announcement of Burton as a candidate, but it is said he has assurances that William J. Bryan and other leading democrats from various parts of the country will be here to make speeches in his behalf.

TELEGRAPHERS HOLD MEETING
Strike Situation Gone Over and Conditions Said to Be Satisfactory.

The Commercial Telegraphers' union held a meeting at Washington last Sunday afternoon which was one of the best attended since the operators went on strike, about sixty members being present. The matter of putting the strike on a substantial financial basis was further arranged for, and the telegraphers expect that during the present week all necessary funds will have been provided. The matter of raising about \$200 a week has not been a small one and has taxed the ability of the ways and means committee. At the last meeting of the Central Labor union the matter of placing a regular assessment on all unions affiliated with that body was approved and recommended to the different unions for action.

Care of Quick Shine Shoe Polish
say it is the best and most lasting polish they have ever used. It gives a polish to the leather and it won't rub off on the clothing. A well satisfied user is the best advertisement.

Some boys have a bicycle, but would rather have a boat. Some other boy has a boat, but would rather have a bicycle. No. 1 doesn't know anything about No. 2. No. 2 doesn't know anything about No. 1. A few want to know immediately bring these two boys together, so that a trade might be made. Think about this suggestion.

Cheaper Than You Think
It would surprise many people to know how cheap good insurance really is. It would most likely surprise you. It would pay every man, who realizes that the protection of his family is important and desirable, to get posted as to the recent changes in insurance laws, and examine for himself the forms of policies now to be obtained. Such a man should write the
The Mutual Life Insurance Company
