

### BURKETT IS TURNED DOWN

Lancaster Republicans Select Rose as Delegate to State Convention.

### SENATOR WAS AFTER THE PLACE

Judge Reese Expresses Desire that Rose Be Honored and His Wishes Are Respected—Returns from Judicial Primaries.

(From a Staff Correspondent.)

LINCOLN, Sept. 14.—(Special.)—W. R. Rose was selected a delegate to the state convention this afternoon and S. W. Burnham elected chairman and Howard Schegel secretary of the republican county committee. Mr. Rose was selected over the active candidacy of Senator Burkett for the place. The county committee gave Judge Reese, republican candidate for supreme judge, authority to select the delegate and he at once appointed Mr. Rose, who, he said, had been chosen to him during the preliminary campaign and naturally he desired to honor him. An active campaign was made for the place last night and this morning and when it became known that Judge Reese favored the state chairman, friends of Rose had tried a campaign among the committee men to name the delegate. Friends of Senator Burkett were equally as active in behalf of the senator and it was not known until just before the meeting who the members of the committee Burkett assured the members of the committee that he suffered no embarrassment at the action of Judge Reese other than the natural embarrassment of the man whose name had been mentioned in the papers as a candidate. He believed Judge Reese had done exactly right in naming a man with whom he was intimate, as the future of the candidate was at stake. He said he would have been pleased to have been a delegate to the convention, though something might come up in that connection about which he would not care to fight. The chairman and secretary were then chosen unanimously and the various candidates made speeches.

Resentment against the railroads for their action in enjoining the State Railway commission from making its own rate is more pronounced, according to the reports reaching the state house, than it was at the time the Burlington and Union Pacific refused to pay their taxes. Clark Perkins, secretary to the State Railway commission, has just returned from St. Paul, where he has been for three days attending his father, who is ill, and he brought the information that the people are very much worked up and blame the railroads for jumping into the federal court before they had been injured or before there was any intimation that they were to be injured. In some instances the people have an erroneous impression of just what was the status of the railroads and the commission at the time the temporary restraining order was granted by Federal Judge T. C. Mungler. The commission had proposed to put in a grain rate reducing from 10 to 13 per cent the present rates on grain generally over the state. Notice of this new schedule was mailed to the various railroads interested and a date set for a hearing. It being up to the railroads, in their opinion, to show that the proposed rate was not compensatory. When the hearing started the railroads each asked for ninety days, time in which to get information regarding the earnings, shipments of grain and other commodities. This was denied on the first day of the hearing. Senator Aldrich of Butler county, the author of the commission bill, was emphatic in the commission and attorney general to assist in the hearing, he informed the commission it should not have sent out the new schedule of rates, but should have notified the railroads that it would investigate the present rates to see if a change would be just both to the people and to the railroads. He had the commission insert in its records that the hearing was merely for the purpose of investigating rates and not for the purpose of putting in a new schedule at this time. At that time this was made of record and the same served on

### The Peruna Tablets.

COLUMBUS, O., Sept. 15.—The interesting announcement is made to the drug trade and to the people generally, that Dr. Hartman and his assistants, after two years' experimentation, have succeeded in devising a Peruna Tablet. This tablet contains all the curative virtues of the liquid Peruna. Dr. Hartman will still continue to manufacture liquid Peruna as before. The Peruna Tablets will be of special interest to hundreds of thousands of people who have used Peruna for many years. The fact that Peruna can now be used in tablet form will be especially gratifying to people who are subjected to constant exposures and catarrhal ailments, and who find it difficult if not impossible to carry with them the liquid Peruna. A package of the Peruna Tablets carried in the pocket of people whose business exposes them to climatic changes will be the means of saving a great many people from catarrhal troubles which are the bane of American civilization.

the railroads before representatives of the latter secured the restraining order. Under the law after the commission made a new schedule of rates, subsequent to this hearing, the railroads would have had thirty days in which to put the rate in effect and they would have had a right to have enjoined the rate after it had been made. According to the little testimony which was offered the railroads do not know whether the rates proposed by the commission would be compensatory or not. The hearing on the question for the injunction is set for September 23 at Omaha.

- The returns from Lancaster county were canvassed by the county clerk, as in districts consisting of but one county the returns are not submitted to the secretary of state. The winners were Judges A. J. Carshel, Lincoln; Frost and Willard E. Stewart.

### Missouri Pacific Appears.

The railroad commissioners this morning received a letter from A. W. Sullivan of St. Louis, general manager of the Missouri Pacific railroad, in which he informs the board that he is working as fast as possible getting the lines in shape and that in the future the same haste as at present will be used to comply with the board's order.

### Sparks Injure Property.

A dozen complaints have been made to the railroad commissioners from the vicinity of Mason City about fires resulting from sparks from the Burlington engines. Farmers say that the trainmen have been seen going on their engines and removing the spark arresters to get better draft. The result has been heavy loss, from which there has been no relief in court or through the claim department of the road. The commission has written to General Manager Holdrege about the matter, but he declares no Burlington trainman would do as he is equipped with all modern appliances to prevent flying sparks.

### Secretary Dimery Back.

Secretary to the governor, Dimery, has returned from Central City and Chapman, where he investigated the causes leading up to the death of James McGill, near Central City, July 16 last. He is rather inclined to believe McGill was struck by a train on the Lincoln and Grand Island line that way rather than at the hands of a mob.

### Two Jobs Conflict.

A letter has been received by Adjutant General Charles Schwars from Private C. W. Martin of Company G, Nebraska National Guard, who is also a member in the Department of the Missouri of the regular army, in which Martin asks whether it is possible for him to be released from his enlistment in the guard. He has discovered a military rule which specifies that no member of a state guard may, while holding his enlistment in the guard, be an attaché of the regular army.

### Seaside Goes to Virginia.

Auditor of the insurance department, left the headquarters for Richmond, Va., where he goes to attend the meeting of the National Association of Insurance Commissioners, which begins Tuesday. While gone he will visit the Jamestown exposition.

### Keeler Asks for Parole.

George Keeler, formerly of Cedar Bluffs, where he went wrong and helped to blow up a bank, and who is now an inmate of the state penitentiary, has asked for a parole, running to Robert Paul, who vouches for him. Keeler was sent up for seven years and has served thereby forty months. It is claimed he was led astray by older heads in the blowup business.

**Burkett Forms New Partnership.**

Senator Burkett has formed a law partnership with H. H. Wilson and E. W. Brown, his former partner. A. G. Greenlee, having retired because of health, Mr. Wilson was a member of the railroad lobby

### Democratic Children Delegate.

The county democratic committee met at the Lindell hotel this afternoon and selected T. S. Allen a delegate to the state convention. Mr. F. Bishop chairman and C. H. Hohman secretary of the committee.

### Bryan May Put Off Banquet.

The Bryan democratic dinner set for September 24 may have to be postponed. It is reported here tonight that W. J. Bryan objects seriously to breaking in on his vacation to return home at that time to attend the banquet for the reason. It is said, Chairman Tom Allen of the democratic state committee may issue a statement postponing the banquet. Mr. Bryan is billed to appear both at Beatrice and Omaha during the early part of October and if he returns now it will virtually knock him out of his vacation, which, it is said, he sorely needs. Tom Allen could not be located tonight, but there is every reason to believe he will be compelled to postpone the dinner or give it without the peerless leader.

### State Fair Has Big Balance.

The state fair board has paid out to date \$7,782.41. Its total receipts for the week were, including the surplus from last year, \$10,409.12, leaving a balance of \$3,626.71. There are yet unpaid small bills amounting to \$1,000.

### Ohio Republicans Confident.

NEBRASKA CITY, Neb., Sept. 14.—(Special.)—Ohio Republicans are confident that the republican central committee meeting held here last evening to plan for the coming campaign, and nearly every member was present. All the candidates, including Judge Root, were in attendance. All seemed confident of the election of the entire ticket. The republican central committee meeting was held here last evening and he expressed considerable dissatisfaction at the manner in which the railroad managers are acting, and intimated that should Governor Sheldon call a special session of the legislature that the railroads would receive such treatment that they would not soon forget. He is of the opinion that ultra anti-railroad laws would be passed, and perhaps they might go so far as to forget constitutional limits. He says that Governor Sheldon suggests will be carried out by the present legislature.

### Citizens Want Full Investigation.

CENTRAL CITY, Neb., Sept. 14.—(Special.)—Governor Sheldon's private secretary, Martin Dimery, arrived in the city Wednesday and spent several days in Central City and Chapman collecting evidence upon the killing of James McGill last July. Mr. Dimery, after carefully weighing all the facts introduced by parties interested in the case, seemed pretty thoroughly convinced that McGill met death by being struck by the train. He spent considerable time trying to find out who was responsible for McGill being turned over to the Grand Jury and being placed in the town calaboose, but to what extent he succeeded will not be known until he reports to the governor. Now that the investigation is started, the county officials hope that it may be sifted to the bottom so that all parties concerned will be satisfied, and it is still probable that Governor Sheldon may deem it advisable to order the body exhumed and an inquest held.

### Merrick's County Committee.

CENTRAL CITY, Neb., Sept. 14.—(Special.)—The republican county central committee met at the court house this afternoon to elect a chairman and a delegate to the state convention. The following republican county central committee was selected by the republican candidates chosen at the recent primary election: Silver Creek, Floyd Buchanan; Clarks, W. L. Stanley; Central, C. A. Thomas; Lone Creek, D. H. Edwards; Grand Island, Will Rice; Chapman, John Laub; Vernal, O. Rice; Prairie Creek, Fred Nichel; Midland, Thayer Sinsel; Mead, R. G. Woolery; Loup, John Colburn; Prairie Island, John R. Kamm.

### Gage County Names Delegates.

BEATRICE, Neb., Sept. 14.—(Special Telegram.)—The republican county central committee held a well attended meeting here Saturday. A. H. Kidd was elected chairman and M. B. Davis secretary. Mr. Kidd was chosen as delegate to represent Gage county at the platform convention. The democratic central committee met and elected F. O. McGill chairman and T. E. Stewart secretary. Dr. C. P. Fall was elected as delegate to the platform convention.

### Wind Causes Wreck.

BEATRICE, Neb., Sept. 14.—(Special Telegram.)—A mob of wind caused a wreck in yards in which two refrigerator cars were smashed and the switch engine overturned. The accident was caused by the cars being blown off the sidetrack on the main line by the wind.
