Sept. 20.—Wheat for May de livery sold on the Board of Trade today a \$1.06½, the highest record mark for th season. Other options showed corresponding advances. The sharp upturn was caused by sensational reports of damage by weather to the crop of western Canada At the close the December delivery wa 1%@1%c higher. Corn was up 1601%c; oatwere 1% c higher and provisions loc to 20 higher. were 1% c higher. Corn was up 161%c; oan were 1% c higher and provisions 10c to 20 higher. Sentiment in the wheat pit was extremely bullish all day and the volume of trade was large. The opening quotations on the leading options were 1%c to 1447%c higher than the close of yesterday. The reason of the opening strength was an advance almost 2d in the price of wheat at Liverhol because of crop damage reports from Canada, and greatly decreased shipments from Argentina. The local market was further strengthened by a dispatch from Winnipeg, which said that "the last of this crop goes down and out tonight, killing frost being predicted everywhere." This message caused a stampede among shorts who bought almost regardless of price. The report that 100 boat loads of wheat had been taken for export at New York also strengthened the market. Part of the gair was lost on heavy realising, but the market closed strong. December opened %c to 1% was lost on heavy realising, but the market closed at \$1.07%. was a little more life to the trade than on a good many days and the bulk of the receipts changed hands in very fair season. The prices paid were fully steady to a little stronger, with now and then a salesmon quoting some of his sales as much as so higher in extreme cases. To offset this however, there were others who could not see any better than steady prices.

The prices yesterday were so uneven that it was hard to make comparisons, no two sellers being able to see the situation exactly the same. The hogs today sold largely at \$5.86;5.90, with a top at \$5.25. Representative sales:

swaller than for the previous week and a year ago.

The receipts this morning consisted very largely of feeder sheep and lambs. Although it is near the close of the week when the attendance of country shippers is not supposed to be overly large, there was nevertheless a very fair demand. The market was reasonably active, with prices generally steady with the previous day, or a little higher than a week ago. Pretry good feeder lambs sold around \$5.505.50, with a bunch of very good Mexican yearling feeders, lightweights, at \$5. Some middle-aged breeding ewes went at \$5.40.

The supply of fat sheep and lambs was very limited, but as there was a fair demand the offerings sold in good season at prices that looked about steady. Good lambs sold up to \$7.25, with ewes at \$5.15 \$6.25.

While no material change has taken piece.

lambs sold up to \$7.25, with ewes at \$5.15 (as.25).

While no material change has taken pisce in the market for fat stuff the feeling is nevertheless very weak, and with anything like large receipts the market would undoubtedly be lower. This is due to the very weak condition of eastern markets. Thus yesterday, with only 12,000 sheep at Chicago, that market was sent out as 15,500 lower than the previous Saturday. This morning's first report gave the market there as 5,000 received, trade slow. The sharp decline that has taken place there with no sign of railying, even with light receipts, has naturally made jacters, even at this point, rather weak, especially so as sheep are bringing right close to and in many cases fully as much as at Chicago. DAHLMAN OUT FOR GOVERNOR

Campaign to Be Started at Once in His Old Home at Chadron.

LEAD, S. D., Sept. 20.-(Special Telegram.)—Before leaving the Black Hills yes-terday afternoon, Jim Dahlman, mayor of Omaha, declared himself to a Lead Call reporter on the subject of his candidacy for the governorship of Nebraska and said that he is out to make the campaign for the nomination and election and that he will begin the work of electioneering at once.

He left for Chadron, Neb., last evening and will start his campaten in his old-time home and among his old range associates.

NEW RULING BY LAND OFFICE Cases Pending in that Department Must Come Up in Phetr Regular Order.

(From a Staff Correspondent.) WASHINGTON, Sept. 20.-(Special Telegram.)-Proposals were opened today at the office of the supervising architect of the treasury for the construction of the United States postoffice at Muscatine, la., for which congress appropriated \$75,000, not more than \$15,000 to be expended for a site. The site has been secured and practically \$60,000 is available for actual construction of the building. W. J. McAlpine of Dixon, Ill., was the lowest bidder at \$55,400. Other bidders were: General Construction company, Milwaukee, \$7,840; Q. B. Stickler, Cedar Rapids, \$3,890; Northern Construction company, Milwaukee, \$59,500; Charles W. Gindele company, Chicago, \$8,-250; J. H. Wiesse, South Omaha, \$58,200. The general land office has announced that all cases pending in that office will be acted upon in regular order of their receipt unless it can be shown that a contrary course is deemed necessary to avoid extra hardship in individual cases and in the latter event only upon a showing by affidavit of the individual that an emergency which requires special action could

not have been reasonably anticipated. The following fourth-class postoffices in South Dakota have been advanced to the presidential class: Iroquois, Murdo and Wessington.

An examination will be held at Independence, Ia., October 2, for the positions of clerk and carrier in the postal service. On the recommendation of Congressman Parker, Dr. Guy Ramsey has been appointed pension examining surgeon at Salem, S. D., vice Dr. E. E. Gage, regigned.
