TALK COMMISSION GOVERNMENT Plan May Be Submitted to Voters at an Early Date.

There appears to be growing sentiment in favor of Council Bluffs adopting the commission plan of municipal government such as Des Moines voted in favor of and which is fashioned after the system now in vogue in Galveston, Tex. It has been stated that steps likely will be taken in the near future to submit this proposition to the voters of Council Bluffs.

Arrangements are now being perfected, it is said, for the circulation of petitions for the calling of a special election at which the question of the adoption of the commission form of municipal government will be submitted to the voters. The law provides that such a special election shall be called by the mayor upon petition signed by electors to the number of 25 per cent of the votes cast for mayor at the last preceding city election. The mayor is required to call the election for some date within two months of the filing of the petition, if same is found to contain the requisite number of names of bona fide electors.

The advocates of the commission form of municipal government figure that the petition will be circulated among the requisite number of names secured within a few weeks, the election called and if the proposition carried, the change made in plenty of time for the city election next March to be held under the new plan.

Under the commission plan the government of the city would be conducted by the mayor and four councilmen. The appointment of practically all the city officials would rest with the mayor, while the four councilmen would be at the head respectively of some city department. In the event of the proposition being rejected, it could not be again submitted until after the expiration of two years.

While the commission plan, it is thought, would be favored by the people generally, it undoubtedly would be opposed by present and prospective municipal officeholders. As the city council at present is composed each ward has its particular representative in that body in addition to councilmen at large. The commission plan would eliminate the ward councilmen.

Close Call for Boy. Paul Blackburn, a colored newboy, had a close call yesterday. He had been years ago had his limb crushed at the hip and it had to be amputated. Recently he had secured an artificial limb, but had not become quite accustomed to the use of it. When he attempted to board the incoming Sioux City train at the Broadway depot yesterday the artificial limb caught him so that he fell and was crushed under the steps of the car. In some manner he succeeded in catching hold of the truck and was dragged nearly 100 feet, bumping over the ties. His cries attracted a big crowd and when he was picked up he was almost unconscious from fright and the shaking he had received. He was conveyed under his home at Twelfth street and Avenue B, nearby, where he was attended by Dr. H. B. Jennings, the company's surgeon, who pronounced him to be only suffering from a number of severe bruises.

NEW BRIDGE FOR SIOUX CITY Three Roads to Combine for Its Construction.

SIOUX CITY, Oct. 1.—(Special Telegram.)—A double track union bridge across the Missouri river to be used by the Chicago & Northwestern, Great Northern and Chicago, Burlington & Quincy Railroad companies will be built by a Union Bridge

company, to be a subsidiary corporation of these three roads, according to information coming from railroad headquarters in Chicago. Last Friday orders were received by the local officials of the Great Northern and Burlington roads to build roads to begin using the Vander bridge on October 1. The two roads for a number of years have gained access to the city over the Combination bridge, which is owned by eastern capitalists. Today a portion of this order was rescinded and for the time being the Great Northern will continue to use the old bridge.

The site of the proposed union bridge is below the Sioux City stock yards. Land for the approaches on both the Iowa and Nebraska sides has already been purchased.

OLDER CHARGES KIDNAPING 'Prisco Editor Says Men Who Took Him from City Were Employees of Tractor Company.

SAN FRANCISCO, Oct. 1.—(Special Telegram.)—Francis J. Prisco, editor of the Bulletin, said today: "I have turned the whole kidnaping matter over to Mr. Heney. He will decide whether criminal suits shall be brought. The statement is being circulated that I was not kidnaped, because I was legally placed under arrest and removed from the county by officers of the law duly qualified. This is not true. I was arrested on a warrant by an officer—a Los Angeles constable—but he at once turned me over to employees of the United Railways, by whom I was actually restrained from exercise of my statutory rights to be taken before a San Francisco magistrate, and by whom I was hustled to Santa Barbara. It was an employee of the United Railways who poked a pistol in my ribs and threatened to shoot me if I made an outcry while I was being whirled in an automobile through the streets of San Francisco."

LOS ANGELES, Cal., Sept. 30.—Francis J. Heney, today telegraphed the district attorney's office that he desired a continuance of the hearing in this city of Fremont Older charged with the kidnaping of Brown, until a later date, as he wished to appear personally as counsel for Mr. Older. After a consultation with Justice Sumnerfield, Assistant District Attorney McComas announced that Mr. Heney's wish would be granted. Mr. Older had asked Mr. Heney to indicate what date would be satisfactory to him. Mr. Heney stated in his telegram, asking a continuance, that he wished the Older case to go over until after the conclusion of the Ford trial in San Francisco, which, he said, would probably occupy all of next week.

BALLOON CARRIED OUT TO SEA French Aeronauts Who Win Grand Prize Have Narrow Escape from Drowning.

DOVER, Oct. 1.—M. De Lobell, one of the starters in the balloon race from Paris yesterday, was landed here by a steamship today. He had a thrilling adventure after traveling for some hours in the air he brought his balloon down, expecting to find the dry ground under him, but, to his astonishment, the airship came down to the sea. It would not get up again and finally struck the water twenty-five miles from Dover.

De Lobell and his companion, M. Lepere, after a narrow escape from drowning, managed to scramble into the rigging of the balloon, where they clung for several hours, until they were rescued by a passing steamer. They were much exhausted when taken on board. On their quitting the balloon it reascended and was lost to view. A balloon, which was on the Suffolk coast is supposed to be De Lobell's.

PARIS, Sept. 30.—The balloon Nord, piloted by M. De Lobel, has been declared the provisional winner of the race for the grand prize of the Aero club of France, which started from the Tuilleries Gardens yesterday afternoon, this airship covering 15 miles.

SUFFERED WITH ECZEMA 25 YEARS

Limb Peeled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary—Montreal Woman Writes of Cure Seven Years Ago.

BELIEVES LIFE SAVED BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My doctor had advised me to have my leg cut off, but I would try the Cuticura Remedies first. He said, 'Try them if you like.' I do not think they would do any good," but I tried them. My leg was peeled from the knee to the foot like a piece of raw flesh, and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Pills. After the first two treatments the swelling went down, and in two months my leg was cured and my skin came on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use it for his own patients. I used two cakes of Cuticura Soap, three boxes of Ointment, and five bottles of Pills, and I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. I am now a grandchild, and they are frequent users of Cuticura, and I always recommend it to the many people whom my business brings to my house every day. Mrs. Jean-Baptiste Renaud, clairvoyant, 277, Meniana St., Montreal, Que., Feb. 20, 1907."

NEW BONDS MUST COME FIRST

City Engineer Tells Council Park Board's Attitude Cuts Off Certain Paving.

A problem involving the park board and the city was brought up at the meeting of the city council in committee of the whole Monday afternoon. The city engineer reported that in accordance with an opinion of the city attorney the park board refuses to pay for the paving of intersections of streets and boulevards, and for this reason, it will be impossible to pave a number of streets until after new paving intersection bonds are issued. The matter was referred to the paving committee, with instructions to confer with the city attorney and city engineer.

The report of appraisers on the opening of an alley in Elizabeth place came up. It was deferred two weeks.

Propositions for placing street signs at crossings were passed by for two weeks. They are in the hands of the judiciary committee.

CHARGES AGAINST FIREMEN

Commission Puts in Most of Evening Hearing the Evidence.

The hearing of charges against two firemen constituted the principal business before the board of fire and police commissioners Monday night. Fireman Harry J. McCloud was dismissed from the service for being absent from company headquarters without leave and making a false statement to his superior officer. Charges were read against Fireman William Phelps for absconding himself from company headquarters without permission, and his hearing will take place next Monday night. Patrick Dore of the fire department will be tried next Monday night on charges of being late in reporting for duty. Captain Henry C. Janks of the fire department was excused on the charge of absenting himself from company headquarters without permission.

HONORS FOR CHIEF DONAHUE

Named as Member of Board of National Bureau of Identification of Criminals.

Chief of Police Donahue received notice Monday, from the president of the International Association of the Chiefs of Police of the United States, that he had been appointed as a member of the board of governors of the national bureau of identification, which board has full charge of the bureau of criminal identification. As the board consists of only eleven chiefs, who are selected on account of their special fitness, the appointment carries with it much prestige and is much coveted by the chiefs of police throughout the United States. Chief Donahue is the only man west of the Mississippi river who is a member of that board.
