No imitation takes for its pattern the real article.

There was never an imitation made of an imitation. Imitations always counterfeit the genuine article. The genuine is what you ask for, because genuine articles are the ones with merit. Imitations come and go; they are not advertised, but depend for their business on the ability of the dealer to sell you something claimed to be "just as good" when you ask for the genuine, because he makes more profit on the imitation. Why accept imitations when you can get the genuine by insisting.

Refuse imitations—Get what you ask for.

The money flurry is nearly over. Our banks have proven to be as good as gold. Only a few chicken hearted people got frightened. Get a cashier's check for \$5.00, bring it to us and we will send you the great Queen or a beautiful Solar Base Burner.

We Never Sold as Many of the GREAT QUEEN

Steel Ranges as we are selling this fall. The cut price and popularity of the range does it. \$35.00 for a \$40.00 six-hole, with high closet range, only until Dec. 1st.

Until Thanksgiving we will sell our largest size \$45.00 Solar double heater Base Burner for \$45.00. The Solar has made the reputation in Omaha of being the most powerful heater for its size of any base burner made.

The small amount of fuel the Queen takes, and the beautiful baking it does, is what is making it so popular. It will heat on top as quick as the oven heats. It will cook a meal and bake bread with two ash shovels full of coal.

Thanksgiving will soon be here. Every body looks for word to have a good time on that day. Your time, however, will be incomplete unless you have a beautiful heating stove, just such a stove as the Solar the most popular base burner is for five years.

An ideal location for law offices

A building opposite to the court house and next to the city hall is particularly convenient for members of the legal profession. The fact that one of the court rooms is in the Bee Building, also makes it a most satisfactory location. With a lawyer, time counts for so much, that any saving which can be made in going from the office to the courts is a distinct advantage.

THE BEE BUILDING

with its beautiful court, attractive entrance and corridors, is a pleasant place in which to have an office. A lawyer, particularly, should be in a fire-proof building, where he will know that his books and records are safe. Then, too, he does not wish to be annoyed by poor service and the Bee Building, with its well trained help, has an organization which gives uniformly satisfactory service.

We can offer a few very choice offices at this time. The time to look them over is before some one else has taken the one you want.

For office space apply to
R. W. BAKER, Sup't, Room 418 Bee Bldg.
