Clerks and stenographers earn from \$20 to \$25 per month and old age often finds them dependent upon the charity of their friends. Draftsmen and engineers earn from \$35 to \$2,000 per month and old age generally finds them captains of the big industries of the country, happy and content in the knowledge that they have been doing something worth while. To which class are you thinking of joining. Learn to be a draftsman and later to be an engineer. You can do it evenings. We want twenty ambitious young men to meet with us January 21, at \$ p. m., enroll and take up a course of study that will mean many dollars to them.
