INJUNCTION AGAINST CONTRACT

Suit Out of Which Grew Order for Arrest of Conneilmen on Contempt of Court Charges.

The application for a permanent injunc tion against the consummation of a contract between the city and the Omaha Gas company providing for the payment of \$28 a year per lamp, for gas used by the city was to have comp up for trial Monday afternoon, but was deferred until Tuesday morning before Judge Kennedy of the district court. This suit has been hanging fire for some two years and growing out of it was the decision of Judge Sutton sentencing five members of the old city council to jail for contempt of court for violating his restraining order, issued against the council. The supreme court, however, reversed this decision and the councilmen did not go to jali.

About a year ago the opponents of the contract secured a temporary injunction against fulfillment of the contract and ince then the city has paid nothing to the gas company, Should the injunction be made permanent after the heafing now is concluded, the gas company will have to receive what the city or the courts thinks is a reasonable amount for the light furnished.

The position of the city council has changed since the suit started, and the members of the council favor the injunc tion, believing the price named in the contract is too high. The case will now be tried on fty merits, and tacts and figures will be given by both sides to see whether \$28 is a reasonable amount to pay for city lamps.

# TWO MATCHES IN PRELIMINARIES

Good Trimmings to the Second Baras-

Beeli Wreatle Tonight.

The "Dago Kid" of Lincoln will get a chance to wrestle Ed Morgan at last, for they have been matched for the pre-limaries to the Burns-Beell wrestle at the Auditorium tonight. Johannes and Jack Kinney will also have a go in the prelima. This ought to make in good entertainment for the ante-match shift is possible to get under the circumstances. Dago, Kid has been extremely anxious for a long time to meet Morgan so anytons in fact that has been extremely anxious for a long time to meet Morgan, so anxious, in fact, that he recently sent a challenge to Morgan for a match with a side bet of \$100. Beell and Burns are both said to be in Been and Burns are both said to be in the best shape for their second meeting. Burns gets in town this morning from Chi-cago, where he has been putting in some of the most strenuous work of his life training Gotch for his great meeting with Mack. Heell is fresh from his meeting with Jim Parr at Lincoln last night. MEN EAGER FOR THE CRUISE police had used him in a brutal munner.

man, the anarchist leader who served a long term in prison for an attempt to assassinate Henry C. Frick, was taken into ustody by the police here today. He will be taken to Bellevue hospital this afternoon and confronted with Selig Bilverstein. the man who is charged with having thrown the bomb at the Union Square meeting last Saturday.

The police say that when the two men are brought together they will be questioned closely to learn whether they have anything in common. The detention of Berkman was brought through the finding in Silverstein's room in Brooklyn of a card bearing Berkman's signature. This card cartified to Silverstein's membership in the "Anarchistic Federation union." bore the signature, "Alexander Berkman. The police say that Berkman, when shown the signature at police headquarters today] acknowledged it was his. When he was sought out by newspaper men after the tragedy of Saturday and told that his signature had been found in Bilverstein's home, he denied acquaintance with the wounded man and said that it it were true that the signature had been found, it undoubtedly was attached to some formal letter with a request that he deliver an address before some society. He said that many requests of this kind came to him and that frequently they are made by persons unknown to him. Silverstein May Recover.

Silverstein, who is frightfully injured by the explosion of the bomb, Saturday, was reported to have made considerable proto the torpedo hoat Blakely, which has gress toward recovery today. The physiclans at Bellevue said that unless some un-St. Joseph's bay, Florida, has compelled favorable development comes they believe he may recover. He is being closely where it will be necessary to dock the guarded in the prison ward at the hospital.

Two detectives were said today to have gone form New York to some unnamed city in the northern part of this state to search for members of an anarchist group who fied from this city after the bomb explosion on Saturday. Detectives also are reported to be searching for the haunts of anarchists in Paterson, N. J., and it is reported that the police departments of Chicago, Denver, New Orleans and San Francisco have been asked to co-operate with the New York police in their efforts to discover any accomplices of Silverstein.

No Signs of Recognition. Berkman's visit to the hospital where he

was confronted with Silverstein failed to bring any show of recognition on the part of the two men. As Silverstein's eyes are sightless and covered with bandagts, two detectives engaged Berkman in a spirited conversation in Yiddish as the trie stood by the side of Silverstein's cot at the same time watching the wounded man closely for any sign or movement which might indicate recognition of Berkman's voice. Nothing of this kind occurred however

and when Berkman declared positively that he never had seen Silverstein before there was nothing to do but take him back to police headquarters.
