LONG LINES STILL HOLD FIRM Demand for Corn Too Dull to Strengthen Values-Fair Move-WEATHER IN THE GRAIN BELT ment of This Grain Looked For Right Along. Unsertied and Colder in the Northwest—Frhaps Showers Tonight.

OMAHA, May 19, 1910.

The castern disturbance is disappearing off the upper Atlantic coast. An area of high pressure overlies the Ohio valley and south over the South Atlantic states. A depression overlies the upper Missouri valley and northery Rocky mountain slope, and is followed by an area of high pressure that is moving in over the Pacific slope. The weather is generally clear over the lake region, Ohio valley, and eastern states. It is cloudy in the southern states, the lower Mississippi and Missouri valleys, and southwest, and rains occurred in these sections within the past twenty-four hours, and continue in the west guif states this morning. Unsettled and colder weather accompanies the disturbance in the northwest, and conditions are favorable for showers in this vicinity tenight or Friday, followed by colder Friday afternoon or night.

De-nd is too dull to strengthen values. and a fair movement can be expected. Demand is too duit to strengthen values.

Wheat weakened again at the opening on author selling. Cables were lower, but shorts were timid and bought in their early sales, siving the close a firmer tone. Prospects are generally good in both winter and spring wheat belts.

Corn held fairly steady after the early break on reported free selling by the country traders. Receipts are increasing and country acceptances on bids are more liberal. General conditions are improving.

Frimary wheat receipts were \$54,000 bushels, against receipts last year of \$30,000 bushels.

Primary corn receipts were \$22,000 bushels, and shipments of \$60,000 bushels.

Day in Wall Street. READING MOST CONSPICUOUS Time Rates for Call Loans Run Down Below Three Per Cent, but Demand for Stock in Small. NEW YORK, May 19 .- The professional There were intimations that official announcement was to be made regarding the St. Paul transactions. Time rates for call loans ran off to below 3 per cent, although the aimost total lack of demand for stock left this showing without much significance. The retention of the Bank of England official discount rate was in accordance with expectation. The feature of the weekly return again was the growth of \$22,835,000 in government deposits through the inflow of tax payments and the drawing down of "other deposits" to the amount of \$18,680,000 to meet these payments.

The fact that gold continues to go out from London to various destinations makes it likely that the Bank of England will maintain its control of the money market rather strictly.

The postponement of the Chesapeake & Ohlo dividend meeting and a rebound in fereign exchange rates were instrumental in the rather heavy close of the market.

Bonds were irregular. Total saies, par value, \$1.152,000. United States bonds were unchanged on call.

CATTLE—Recipts were fair for a Thursday and included quite a number of very desirable beeves. Conditions surrounding the trade showed little noteworth change and for the most part the cattle soid in about the same notices as on year teroay. Desirable devers naving weight and quality were perhaps a shade stronger while on the other name it took more or less coaxing to get buyers to take the medium and common cattle and in some cases these were a little easier. However, the stade was generally sitedly and the movement was reasonably active. As compared with a week ago the best heavy cattle are selling anywhere from steady to a dime lower, while the plain and half fat kinds are any-

Eight Horses Are Burned to Death

Early Morning Fire Kills Eight of Eleven Animals in the Barn.

Eight horses belonging to the Smith Brick company were burned to death early this morning, when a fire was started in the company's barn at 3107 Lake street. It is estimated that the loss will reach \$3,600. The only cause that can be assigned for

the fire is that it was started by a tramp who had been sleeping in the hay. As soon as the flames were discovered an attempt was made to lead the eleven horses out of the building. Three were taken to safety, but the remaining eight were fire mad and all efforts to lead them through the smoke and fire was futile and they

SUE FOR H. F. CADY INSURANCE Claim Filed in District Court for Two

Thousand Dollars Against the Mutual Life Company. The estate of Henry F. Cady, the re-

cently deceased lumberman, has brought suit for \$2,000 against the Royal Union Mutual Life Insurance company. The plaintiff says that Mr. Cady had a policy for the sum named and that it was in perfect order. The petition alleges that the insurance company asserts the policy had been cancelled.
