Great Waist Sale

We Want to Sell 1,000 Waists
Saturday from 9 a. m. to 10 p. m.

This will be our introductory waist sale and a sale that will appeal to those who appreciate quality and well fitting waists at low prices. These waists will be offered at two lots—

WAISTS—LOT 1
Consists of white lingerie waists, sold usually at \$1.50 to \$1.75, choice Saturday, at **95c**

WAISTS—LOT 2
Embraces dainty effects in lingerie and semi-tailored effects, usually sold at \$2 to \$2.75, choice Saturday, at **\$1.25**

An extra favor will be in attendance to sell these waists. Those who cannot come during the day will find it to their advantage to come Saturday night.

FOR SATURDAY'S TRADE We show many linen Automobile coats; new Pongee coats \$9.50 up; new Tafeta silk coats, \$9.75 up; new Peau de Sole coats, and a few imported Pongee sample coats, at about half the import prices.

NEW FOULARD SILK DRESSES

And new, natural pongee silk dresses; also nifty styles in pin check summer silks; all of which are manufacturer's samples at about half price. If you like bargains don't miss these.

LINEN SUITS will be a feature of our Saturday's offering. We undoubtedly have the best assortment of really desirable up-to-date linen suits in Omaha—ranging from \$6.50 up. Many of them exact or modified copies of late importations. Remember every garment in our house is sold at a cut price and that **\$5.00 SAVED IS THE SAME AS \$5.00 EARNED.**

JACK POT SCHEME ALLEGED

Conspiracy Aimed at Corruption, Says Governor Deneen.

FORESEES FURTHER SENSATIONS

Executive Says Taint of Guilt Will Be Traced to Those Who Gave and Those Who Received.

SPRINGFIELD, Ill., June 3.—That grand jury questioning regarding the fish bill which failed to pass the forty-sixth general assembly will be productive of more results than have developed since the legislative inquiry began is the expectation of State's Attorney Burke of Sangamon county.

Information given the prosecutor today, he said, has supplemented fragments known by him and has completed a chain of evidence from men who paid sums of money to defeat the bill, to the man who collected the amounts and up to the legislator who is charged with having "held out" the sum given him instead of having passed it along to the "jack pot." State's Attorney Burke said he has the name of a certain fish dealer who is alleged to have said in the presence of witnesses that he gave \$300 to the fund to kill the bill, naming the man to whom he paid it. That man is to be subpoenaed.

After conferring with Governor Deneen in the executive office, State's Attorney Burke announced that the governor would not be subpoenaed to appear before the grand jury nor would he be asked to go before the jurors informally.

Illinois Mine Workers Grab the Last Straw

All Men Are Ordered to Quit on Twelve Hours' Notice Unless Scale is Signed.

SPRINGFIELD, Ill., June 3.—Drastic methods have been taken by the Illinois Mine Workers in an effort to force settlement with operators. Letters were sent out from the state offices in Springfield today, to all unions where operators have failed to sign the scale.

The letter contends the operators have been given eleven days in which to sign the scale after joint negotiations were broken off at the Peoria meeting. The eleven days is considered sufficient time for the miners for the operators to reach an agreement, and failure to sign is taken as an indication they intend to fight.

The United Coal company, Danville, employing 2,000 men, signed the scale today. This is the mine owned by the United Steel company. The scale also was signed by the Litchfield Coal company. Operators in the fifth and ninth districts have signed the scale and 30,000 of the 72,000 strikers in the state have resumed work. Seventy-six mines have resumed operations in the fifth and ninth districts and 100 in this state.

DAVID CITY MAN WORKS UPON AEROPLANE OF OWN

Expect to Startle Natives of Butler County About July Fourth.

DAVID CITY, Neb., June 3.—(Special.)—William Canham of this place is working on an aeroplane which he believes to be superior to any yet invented. The machine is well along towards completion and presents a most businesslike appearance. Mr. Canham expects to have his flying machine ready for the "Darius Green" act about the Fourth of July.

LAND GRABBERS SUSPECTED

Forgery in Securing Deeds to Seminole Indian Lands Alleged in Reports to Washington.

WASHINGTON, June 3.—"Land grabbers" are said to be industriously operating in Seminole county, Okla., according to reports quoted in a letter submitted to the secretary of the Interior today.

Secretary Ballinger calls upon congress for an appropriation of \$6,000 from the Seminole funds to defray the cost of government suits to set aside illegal conveyances and protect the possessions of the Seminoles.

District Land Agent Cordell's reports assert that forgery in securing deeds to Indian lands is now the rule instead of the exception; but specific cases submitted to the Seminole grand jury at a recent session were ignored.

RAILROAD BILL IN FAVOR

Measure Apparently Meets Approval of Democrats.

CONFERENCE SCHEDULED TODAY

Amendment Covering Telegraph and Telephone Section is Passed—Crawford Commodity Clause Defeated.

WASHINGTON, June 3.—But for the fact that Senator Overman of North Carolina, succeeded in having the senate incorporate in the railroad bill a provision regulating injunction proceedings affecting state laws, the senate probably would have voted on the railroad bill yesterday.

The acceptance of that provision had the effect of inclining some democratic senators more favorably to the bill and of causing the democratic side of the chamber to request an opportunity for consultation before reaching the voting stage on final passage. Accordingly the vote was postponed to permit a democratic conference, which will be held at 11 o'clock tomorrow.

After this agreement was reached Senator Elkins and Senator Hale made an effort to get the senate to agree to vote on the bill before adjournment tomorrow, but without success. Senators Bacon and Bailey made objection to a proposition cutting off debate in advance of the final vote, and when it appeared as if they might be conciliated, Senator Clapp entered objection to any arrangement whatever. The Minnesota senator stated that he preferred to have consideration of the bill proceeding the natural way and the vote taken when all amendments had been presented and debate concluded.

Police Now Look For Brother Mike

Man Who Accused Relative of Crime Must Face Charge Himself.

DEADWOOD, S. D., June 3.—Charged with the same murder of thirty years ago, Joseph Miller of Deadwood, O., of the date fixed for the half-brother and caused him to be taken east for trial, Mike Schamberger is now being sought by the Meade county officers, who want to take him to Toledo to answer for the crime. Last winter Schamberger, in an alleged confession, declared that his half-brother, Joseph Miller of Spearfish, had committed the murder and kept her quiet all these years with bribes. Miller was taken east and the grand jury failed to indict him.

Now the informer, if he can be caught, will face the Toledo authorities on the same charge.

MONITOR COMING UP RIVER

Vessel Will Dock at St. Louis—First Since the Civil War.

WASHINGTON, June 3.—For the first time since the days of the Civil War a monitor will navigate the waters of the upper Mississippi as far as St. Louis. The double turreted monitor, Amphitrite, which saw service in the Spanish war has been ordered placed in commission in reserve for the use of the naval militia for the state of Missouri, at St. Louis.

CONDUCTOR CLAIMS BLAME

Employer of Oakland Line Takes Responsibility for Fatal Wreck Memorial Day.

OAKLAND, Cal., June 3.—W. J. Holdgraf, the Oakland traction conductor, who, in a signed statement to his employers has taken all responsibility for the Leona Heights wreck on Memorial day in which four persons were killed and a score of others seriously injured, surrendered to the police today.

He was charged with manslaughter and released upon his own recognizance, pending the verdict of the coroner's jury which will meet June 7.

GOVERNOR TELLS TEACHERS ABOUT STATE'S WEALTH

Recently, for First Time, Treasures Had Hundred Thousand and No Place to Invest It.

(From a Staff Correspondent.)

LINCOLN, June 2.—(Special.)—Governor Shallenbeger addressed the State Teachers' institute this morning, giving his endorsement to any movement which tends to the education of the people and to the upbuilding of Nebraska schools. The governor paid many compliments to the great work of the educators and repeated that when it comes to cutting down appropriations, the last item to receive the knife will be the school appropriations. The governor said he had been informed that Nebraska spends some \$3,000,000 every biennium on its schools and it was his opinion that every dollar of the money spent in this work is money well spent. He believed also that the state could afford to spend that sum for he had received from the treasurer of the state some time ago a notice that he had on hand \$100,000 and no place to invest. This was the first time any state treasurer of Nebraska had ever served such a notice, which is required by law when the general fund reaches that amount with no place to put the money. The law requires that the governor shall be notified of this condition after which he and the treasurer and auditor shall invest the money in government bonds at 4 per cent. The law is an old one, but there has never been occasion to use it until recently, because of a lack of funds.

Treasurer Brian found a place for the money, however, so it was not necessary to hold the meeting.

MONEY FOR SOUTH DAKOTA

Congressman Martin Tells Constituents of Favorable Action on Building Measures.

LEAD, S. D., June 3.—(Special.)—Word has been received from Congressman Martin in Washington that a favorable report has been received by the house from the committee on public buildings, of which he is a member, on his bill for appropriations for public buildings in this state. The bill carries with it an appropriation of \$100,000 for a building at Rapid City, \$70,000

MONEY FOR SOUTH DAKOTA

Course of Action.

As to the course of the government in regard to the railroads in the east and middle west, the attorney general was not ready to talk. Immediate action was not necessary, inasmuch as the rates are not to go into effect for about a month.

Mr. Wickersham said that no complaints had as yet been received by him from shippers in the east or middle west. Furthermore, he pointed out that conditions under which the roads in the east and middle west had filed their rates might be entirely different from those governing the action of the Western Traffic association. There was a feeling among officials of the com-

ROADS FILE HIGHER TARIFFS

Lines in East and Middle West Undaunted by Injunction.

WESTERN MANAGERS IN SESSION

Traffic Directors in Chicago Considering Problems of Case—Town Commission Points Out Injunction Weakness.

WASHINGTON, June 3.—Undaunted by the government's proceedings under the Sherman anti-trust act, by which a part of the proposed increase of freight rates in the territory west of the Mississippi river was suspended by injunction, railroads in the east and in the middle west have filed with the Interstate Commerce commission tariffs embodying increased rates.

Attorney General Wickersham declines to indicate what course he will pursue in behalf of the government, and the senate, just as the vote of passing the administration bill, hesitated, and finally postponed action until tomorrow.

Tonight practically every railroad system from the Atlantic to the Pacific has filed with the Interstate Commerce commission the legal notification of proposed increases in commodity rates. The increases range from three to thirty-one per cent.

The day started off by the filing of schedules of increases by the New York Central, the West Shore and the Delaware, Lackawanna and Western. Then the official proposals of the roads traversing the territory from Chicago and Milwaukee to Indianapolis and Ohio river points, twenty-three in all, was brought in to the commission. During the afternoon increased tariffs from the Atlantic seaboard to Chicago, St. Paul and intermediate points were filed.

Tariffs East Revised.

The Baltimore and Ohio filed with the commission a revised tariff on commodities rate from Chicago to the eastern seaboard. Like the rest, schedules filed by the roads west of the Mississippi increased tariffs from the central freight association territory were filed in concert. On the other hand, the eastern railroads filed their revised tariffs individually.

The increases proposed by the roads in the east and middle west range from 3 to 31 per cent. Those from the seaboard to the west vary from 2 to 29 per cent. The Baltimore and Ohio increase on rates from Chicago to the seaboard averages about 19 per cent.

The time set for the increase to go into effect on the eastern roads was generally July 5. Of the roads in the middle west, July 1 was the date fixed. Before the revised tariffs began to pour into the offices of the commission, Attorney General Wickersham was receiving telegrams from western shippers, asking him to take action to have the injunction issued by the federal court in Missouri extended to other commodities, especially wood.

Replies were made that it is now too late. It was explained that the government included in the bill such rates as had been called to its attention and that the failure of other rates to be included must be laid at the door of the shippers.

BAILEY & MACH DENTISTS

Best equipped dental office in the middle west. Highest grade dentistry at reasonable prices. Porcelain fillings, just like the tooth. All instruments carefully sterilized after each patient.
