SHOT DOWN IN THE STREET

Lynn, Mass., Shoeman and Policeman Killed by Three Robbers.

ONE BANDIT DEAD, OTHERS TAKEN

Men Seized Bag Containing \$6,000 Intended for Pay Roll—They Are Quickly Surrounded by Posse of Factory Employees.

LYNN, Mass., June 25.—A double murder and the robbery of more than \$6,000 by three young Russian Poles on the principal business thoroughfare of Lynn today had its sequel "within" hours in two hours in the death of one of the bandits, the serious wounding of another and the arrest of the third. The victims of the murder were Thomas A. Landreagan, a shoe manufacturer of this city, and Policeman James Carroll.

The name of the dead robber is Abba Anson of New York, according to his statement to the police. The name of the other wounded highwayman is not known, but the third man said he was "Bill" Kovonksy of Boston. Inspector Morrissey of the Boston police department later said Kovonksy was one of the Jamaica Plains outlaws, who held that suburb of Boston in terror two years ago.

Mr. Landreagan, accompanied by the policeman, was returning from the Lynn National bank to the factory of Welch & Landreagan, of which he was one of the proprietors, and was carrying in a bag \$6,000, the weekly payroll of the factory.

Bag of Money Seized. As the pair neared the factory on Willow street, three robbers ran up behind them and opened fire at close range. One of the trio seized the bag of money, and almost the same instant Mr. Landreagan fell dead with a bullet through the neck. Carroll dropped mortally wounded, and the robbers ran up the street, heading for High Rock, a city park. After reaching this hill the men separated.

Anson died in an ambulance as the result of a bullet wound in the head. He had been repeatedly shot at by the police, but the indications when his body was dragged from a clump of bushes in Granite street, were that he had sent a bullet from his own revolver through his brain.

A second man whose name is not known was wounded by Policeman Grady. He probably will recover.

One Man Badly Beaten. The man called "Bill" Kovonksy surrendered to the police a short distance from where the second was shot. Kovonksy has been identified as the man who killed Landreagan. When Kovonksy was brought to the police station several hundred shoe factory employes followed him, knocking him down and beat and kicked him. Several of the policemen were roughly handled in endeavoring to protect Kovonksy, who was finally dragged into the station.

A search of the robber's clothing resulted in the recovery of more than \$1,500. Mr. Landreagan was about 42 years of age and leaves a family. The firm of Welch & Landreagan, of which he was a member, operates one of the largest shoe factories in the state, employing nearly 1,200 persons.

Tax Levy at Nebraska City. NEBRASKA CITY, Neb., June 25.—(Special.)—The Board of Education at a special meeting decided to levy a tax of 23 mills this year. It costs \$35,000 to pay the running expenses of the schools of this city and \$12,000 has been realized from the school houses this year and the remainder of the \$23,000 is to be raised by a direct levy. This is the largest levy in years for school purposes. As yet the board has not been able to dispose of the \$20,000 bonds which were voted for the purpose of erecting a new high school building and the board has appealed to the Commercial club to aid in finding a market for the same. The trouble is the bonds are to draw only 4 1/2 per cent interest and the stringency of the money market creates a demand for a better rate of interest.

YOUNG ROCKEFELLER IS TO BE ASKED TO AID PROSECUTION

Case Against Frank Arnell, Charged with Molesting Miss Dale, is Called in Chicago.

CHICAGO, June 25.—(Special Telegram.)—John D. Rockefeller, Jr., will be called on to take an interest in the case of Florence Dale, 18 years old, who took the witness stand in Judge Himes' municipal court this morning against Frank Arnell, 22 years old. Arnell was arrested last night on a grave charge. The case was continued until June 28.

Miss Dale, with tears streaming down her cheeks, told how vivid stories which she had heard about New York City had attracted her from her home in Seattle to the metropolis. She was only 15 years old then, she said, and she met Arnell shortly after her arrival.

Arnell was arrested by Detectives Loftus and Gard today. Attorney Clifford G. Roe, active in "white slave" work, had taken an interest in Miss Dale's case and assisted in the prosecution in the Chicago case.

"There is a more severe punishment in New York than in the case here for the same charge against Arnell," said Attorney Roe. "and it is probable he will be tried in that city. I will send a telegram to John D. Rockefeller, Jr., son of the oil king, who is interested in the suppression of 'white slave' work, to see what can be done about the case." Arnell is being held in \$1,500 bonds.

Sangamon Grand Jury Finds More Jackpot Bills

Lee O'Neill Browne and Four Others Are Charged with Conspiracy to Bribe.

SPRINGFIELD, Ill., June 25.—The Sangamon grand jury today returned the following indictments in the legislative bribery probe:

Conspiracy to bribe: Representative Lee O'Neill Browne, Representative Robert E. Wilson, Frank J. Traut, Louis D. Hirschelmer; Bribery: A. B. Johnston, Henry J. Johnson. Browne and Wilson are also indicted on the general "jackpot" proposition, and the fish fund jackpot. There are three counts each in the conspiracy indictments. Two in the perjury indictment against Johnston and twelve in the bribery indictment against Johnston.

All the indictments except those against Johnston are in connection with the jackpot investigation regarding the fund raised among the fishermen to defeat the state fish commission's bill regarding the size of seines and making other regulations.

Hirschelmer, who is a member of the State Board of Education, is charged with the sale of the Ford & Johnston company of Chicago, to whom the contract was awarded by the commission appointed for that purpose, to furnish new desks and chairs for the senate chamber and the house of representatives.

Trout had testified that he did not know how much money there was in the fund. A. B. Johnston was the local representative of the Ford & Johnston company of Chicago, to whom the contract was awarded by the commission appointed for that purpose, to furnish new desks and chairs for the senate chamber and the house of representatives.

He said today that he felt his duty then to remain until the innocence of the officers charged with irregularities was established. "That result," he declared, "has been accomplished."

RAIN WORTH MANY MILLIONS

crop. The winter wheat this year hasn't as much straw as usual, but the heads are bigger and full. The wheat, in my judgment, is in good condition and this rain will make it still better. Corn is in capital shape and there ought to be an excellent crop of corn. The pastures have been dry, but not dangerously so, as far as I can tell, and take it all in all, agricultural conditions are first class in Nebraska."

CHARLTON MAY ESCAPE TRIAL

Quartet of Alienists Will Inquire Into Young Man's Sanity.

NEXT MOVE IS PROBLEMATIC

Italian Foreign Office Has Record of Crime and is Considering the Question of Asking for Extradition.

NEW YORK, June 25.—As in so many other murder cases of world-wide celebrity, the proceedings in the case of Porter Charlton, confessed slayer of his wife in Italy, today bid fair to turn largely on the question of the defendant's sanity.

It seemed probable that Charlton's fate was to be decided by a quartette of alienists, Judge Paul Charlton of Washington, the prisoner's father, declares that he proposes abiding entirely by the decision reached by the experts he has retained to examine his son and pass on his mental condition. He believes Porter to be mentally unbalanced.

On the other hand, Captain Henry Harrison Scott, the murdered woman's brother, personally and through his attorney, Emil Fuchs, indicates his determination to press the charge against Charlton, bring about his extradition to Italy, if that be possible, and his trial for the crime. Captain Scott insists that the youth was and is in full possession of his mental faculties.

The alienists engaged by Judge Charlton are Dr. Charles L. Dana, Dr. Allan McLane Hamilton, Dr. Edward S. Fisher and Dr. William Jerome Arlits of Jersey City.

Next Move Problematical. Charlton stands formally charged with murder on complaint of Gustavo Di Rosa, the acting Italian consul here, and has been committed on the statement that he is wanted by the Italian government. The next move will depend on the government's further action and on the course of the federal authorities to whom in the natural course of events Charlton would be turned over for extradition. The authorities of New Jersey now have him in custody. Prosecutor Pierre Garven of Hudson county made the following statement:

"The state of New Jersey now holds Charlton merely on the complaint of the Italian consul general as a fugitive from Italian justice, pending a request for his extradition from the Italian department of state, through the Italian minister to Secretary Knox, if extradition is not demanded there is absolutely no action of the courts of this state can take. Whether the federal courts can still step in is a matter outside my province and on which the attorney general of the United States is more competent to pass opinion."

What Italy May Do. ROME, June 25.—The ministry of justice today transmitted to the foreign office the evidence in the case of Mrs. Porter Charlton, who was murdered at Lake Como, leaving the foreign office free regarding further steps to be taken in the matter of extradition from the United States of the confessed slayer, Porter Charlton.

It is believed here that the whole affair will be disposed of through negotiations between the Italian embassy at Washington and the American authorities.

Neither the attorney general nor the district attorney would reveal the plans for the new inquiry, except to say that the grand jury would begin its labors July 14.

"The packers will be indicted and prosecuted as individuals if such is warranted," said Mr. Sims, and a similar statement was made by Mr. Wickershaw.

W. S. Kenyon, assistant to the attorney general, will arrive in Chicago Monday to take charge of the preliminary work. He will have a conference with James H. Wilkerson, special assistant district attorney, who will have charge of the office during the absence of Mr. Sims, whose vacation began today.

One report says that Mr. Kenyon will have personal charge of the grand jury. It is also reported that he has succeeded Wade H. Ellis as official "trust buster" of the government.

Friends of Cady Have Petitions

Howard County Republican Likely to Come Out Soon in Race for Governor.

GRAND ISLAND, Neb., June 25.—(Special.)—Petitions for filing the name of A. E. Cady of St. Paul on the republican primary ballot for the nomination for governor are in circulation in his home county of Howard, in this county and several other adjacent counties and will be circulated sufficiently at least to comply with the requirements of the statutes.

Mr. Cady has not as yet indicated definitely that he would consent to the use of his name, the recent fire loss of which he was an unfortunate victim causing him to give all of his attention to his business affairs. However, his friends in this section of the state, where he is best known, are enthusiastically of the belief that in him they have a candidate who will not only rank decidedly high when gauged by the requirements of a businesslike, capable, square deal sort of a governor, but who can and will unite the different elements of the republican party in this state as no other man, so far mentioned, will be able to do. His ripe legislative experience, his close interest in the public affairs of Nebraska for the last thirty years and a decidedly judicial and calm temperament are urged as qualification especially desirable at this time.

As the father of the State Railway commission, which even members of the commission know him to be, pronounces him as a decidedly progressive republican along safe and sure lines—as the personification of "progress without wreckage." Little doubt is felt here that Mr. Cady will accede to the petition to permit the use of his name when he learns how strong the demand is for him in this section of the state and, as far as can be learned, in other sections.

BOONE, Ia., June 25.—(Special.)—Harry Metcalf, 8 or 10 years of age, the son of William Metcalf of Fraser, lies in the Eleanor Moore hospital in this city suffering intensely from the drinking of a quantity of lye water through mistake. He wanted a drink, and going to the kitchen took a cup and went to the well in the cup was a quantity of lye, and Harry, not noticing this, put some water in it and drank the contents. He was soon in great agony and pain, and a doctor had to be called. The sick boy was hurried to this city and out to the hospital, and reports from there this afternoon state to the effect that he was greatly improving and would eventually recover.
