NEW YORK STOCKS AND BONDS

Crop Situation in Northwest Plays Large Part in Trading.

RAIN NEEDED IN ALL DISTRICTS

Rates for Money Show Little Change with Tone Somewhat Firmer—Paucity of Demand Beyond Dispute.

NEW YORK, June 28.—The parallel speculation in stocks in wheat showed evidence today of a realizing movement.

The large influence of the crop situation in the northwest does not admit of doubt. The immediate reaction of the market to the weather conditions there, was proven by the official terms of the weekly bulletin.

Of course, the cause of the break in the market, there continued to be much confused conjecture. The force of events was arranged to the constant adjournment of congress and the return to New York of J. P. Morgan had failed to bring out the market.

The paucity of the demand was the fact beyond dispute. Representations of opposition from the miscellaneous shippers to the agreement over the wheat trade.

A common profit at the expense of smaller shippers is alleged as a ground for opposing the agreement. The mere commission to interfere with the proposed program. Rates for money showed change, but the tone was somewhat firmer.

The day's small net changes are due to the covering movement of wheat and supporting orders, through which the early losses were entirely retrieved.

Net gains were indicated by the freight established new records for the year in some of the market.

Bonds were regular. Total sales, par value, \$1,830,000. United States bonds were unchanged on sales and leading quotations on stocks were as follows:

George H. Parker Arrested, Charged With Use of Mails to Defraud.

SEATTLE, Wash., June 28.—George H. Parker, fiscal agent for the United Wireless Telegraph company for the territory west of the Mississippi river, was arrested today on a federal warrant charging the use of the mails to defraud.

The warrant upon which Parker was arrested was based on a letter written to B. B. Sheppard of Des Moines, Ia., April 5, in which Parker, it is alleged, misrepresented the affairs of the company for the purpose of securing stock.

Parker is reputed to be a millionaire and is said to have made his fortune within the last few years.

The arrest of Parker has a direct bearing upon the recent arrests in New York of President Williams and Vice President Bogart of the United Wireless company.
