

AFFAIRS AT SOUTH OMAHA City May Yet Save Money on Site for Fire Hall.

CHURCH HAS ONE AT REDUCTION Fred Gore Waives Examination on Charge of Theft—Three Young Men Are Injured in Runaway.

The South Omaha city council met in special session last night to pass the amendatory ordinance which is to fix the site of interest on the paving bonds of the city at 85 per cent. This constituted all the actual business, but the question of the purchase of the fire hall site at Thirty-third and K streets was opened for discussion and this may possibly lead to a reconsideration of the transaction.

A committee representing the board of directors of the Baptist church was present and requested the city council that it should offer \$20,000 for the site of a fire hall site when the church had offered a lot just across the street for \$1,000. The committee argued that the council was not considering the interests of the city by purchasing the more expensive lot.

Some of the members of the city council explained that they were not familiar with the location of the church lot and did not know that it was a better proposition. The resolution to purchase has not been ratified by the mayor and he will investigate the lots offered before voting on the purchase, as the mayor may decide. The mayor also asked the committee of the council to investigate the matter.

This will probably be done before the next session of the council. Three Young Men Hurt. Mike Gore, living at Twenty-sixth and N streets; Charles Sweeney, Eleventh and William streets, and Mike McCune, Twenty-eighth and R streets, were considerably bruised last night when a lively horse they were driving in the city street, after curbing at Twenty-fifth and I streets,umping them out.

The horse started to run at Twenty-fifth and M streets and circled the block. Dowd's leg was wrenched, Sweeney struck a telegraph pole and his face is severely skinned, McCune had his shoulder dislocated.

Fred Gore under charges of having rifled trunks on the Chicago, Rock Island & Pacific railroad while acting as the company's agent at Albright, waived the preliminary examination yesterday afternoon and was committed to the city jail on \$500 bonds. The clothing taken in the particular instance of the complaint belonged to Mrs. George Knight of Wichita, Kan. It is said that the clothing was sent to Utah. He was arraigned under charge of grand larceny.

Fred Gore is said to be well connected in Omaha. He has not appeared to his relatives, declaring that they are in no way connected with his affairs.

Jetter Paints Brewery. The Jetter Brewing company has painted its entire plant a dark shade of red and the big plant presents a new and tidy appearance. Martin Jetter said that this improvement was the only expenditure which would be attempted this season owing to the agitation of the question of county option. The company has not installed any new buildings for more than a year, at which time several had been planned. The plans have been kept on file awaiting the results of a referendum and nothing further is to be imposed on the manufacturer.

Swift & Company Improvements. Swift & Company have nearly completed the new tank room and bone room of the plant which are being rebuilt since the latest fire over three months ago. The work has been retarded somewhat by the fact that the reconstruction is going on while the plant is in use and one end of the business interferes with the other. The new tank rooms will be fire proof and in accord with the latest principles of packing houses construction.

Golfers Return. T. J. O'Neil, R. M. Lavery, Harry Marling, Floyd Sherwood and James Blakney have returned from a jaunt around the circle of a number of cities in Iowa and Illinois, where golf clubs are located and report a week of the finest kind of sport. They were welcomed with special favors by each of the clubs visited and played a number of interesting games.

The South Omaha golf team will play the Council Bluffs team Sunday for the club championship. The South Omaha club will send two men or more.

Magie City Gossip. The annual picnic of the Baptist church and Sunday school will be held Friday, July 22, at Halesburg park and one end of the business interferes with the other. The new tank rooms will be fire proof and in accord with the latest principles of packing houses construction.

The funeral of J. D. Bennett will be held from the residence at 2 p. m. Friday. A meeting of the chamberlainer club will be held tonight at Paul Moller's hall. Mrs. Charles Lamb and daughter, Gladys, of Oakes, Ill., are the guests of Mr. Edward Schmitt.

Victorio Vana, who has been seriously ill of an attack of appendicitis, is reported somewhat better. A newly married couple would like to rent your furnished home for the summer months. Address W. E. Bes. PHONE SOUTH 558 for a case of JETTER GOLD TOP. Prompt delivery to any part of city. William Jetter, C. C. Chupratty, assistant superintendent of Swift and Company of Chicago, who is in South Omaha yesterday inspecting the local plant.

J. S. Gooney has returned from a visit to York, Neb. He attended the laying of the corner stone of the Odd Fellows' home at that city. Josef Roosen, 77 years old, died Wednesday morning at his home, Thirtieth-second and S streets. The funeral has not been arranged. Ardetta Olson, daughter of Mrs. and Mrs. Ole Olson, died of influenza Wednesday night. The funeral will be held at 2 p. m. today. STOUT: Delicious Bottled Beer delivered promptly to your residence. Phone No. 131, Broderick & Maslowsky.

The South Omaha Commercial club will hold its weekly luncheon at the Haverly hotel. There will be a business session at the club room afterward. Phoebe Gillman, 10 years old, wife of G. Gillman, died yesterday at St. Joseph's hospital. The funeral will be held at 2 p. m. Thursday from the residence.

A new lodge of the Ancient Order of United Workmen will be organized tonight at Summit street. Members of the other established lodges are invited to attend. CARD OF THANKS.—We wish to express our thanks to friends and relatives who so kindly and liberally assisted during the illness of Mrs. Emma J. Hest. Miss F. Hest, Henry Hest, George Hest, Mrs. Hest, Miss Hest, Mrs. A. L. Hest, Miss Hest, Mrs. Hest.

Taft Neutral in Coming Campaign, He Defends Party Will Participate Only in General Way—Wants Monetary Reforms in Next Congress.

REVERLY, Mass., July 14.—President Taft is giving considerable thought to the forthcoming report by the monetary commission, which is expected to recommend to congress sweeping monetary reforms. It is doubtful whether he will be ready for consideration until a year from next December.

If the next congress is republican, the president will make an effort to get a monetary bill through. Senator Aldrich, the leading spirit in the commission's work, will have retired from congress by that time, but it is said that after leaving the senate he will spend considerable time in going through the country making addresses in favor of a central bank of issue. The president is also mapping out a line of work for the economy commission to be composed of department chiefs at Washington.

It was authoritatively announced today that President Taft's participation in the campaign this fall will be wholly of a general character. Whatever the president may have to say on politics will have to do with the work of the last congress and in proclaiming the fact that to his way of thinking the republic is a party representative and in power two years ago have kept faith and carried out the party platform.

The president will attempt to read no one out of the party. Neither will he have any candidate for any office. Personal friendship for William Loeb led the president to a friendly way to suggest to him that he would make a good candidate for governor of New York. But he has stated that it was not his intention to interfere in the affairs of any state and will strictly adhere to this policy.

It was announced that when the president and his family and a party of friends leave here for the Mayflower Monday they will head directly for the Bay of Fundy and the waters about Eastport. This will be the farthest north. Turning there the presidential yacht will thread its way through the Lubec Narrows and run down to Bar harbor, where a stop of two or three days will be made. Islesboro will be visited. No other definite stops have been decided upon, and no formal engagements have or will be made.

BAND OF BOY BANDITS TAKEN BY NORFOLK POLICE Young Man in Similar Scrape Before is Ringleader at This Time.

NORFOLK, Neb., July 14.—(Special.)—Another band of eight boy bandits has been broken up in Norfolk, charged with the same sort of crime for which a similar band of youths—some of them the members of the newly captured crowd—were brought into the law's meshes a couple of years ago. Breaking into freight cars and stealing merchandise is the charge. The six boys who were latched last night, some of them at the city jail and some at the South Norfolk jail, were: Emery Bonney, said to be the leader of the gang; a one-legged youth who has a long police record. He was said to have been the leader of the former gang. Wallace Dorsey, son of C. P. Dorsey. Kenneth W. Richardson, son of Charles Richardson, janitor of the Grant school house. Chester Housh, son of "Fog Leg" Housh, now serving a sixty-day sentence in the county jail for assaulting Harry Howarth, an elderly man. Stanley Amedon, son of C. M. Amedon, a hackman. William Schorregge, son of a railway employe.

Of the half dozen arrested, Bonney has by far the worst record. He seems to be a natural born thief and is a degenerate. A cripple with but one leg, he is the only son of a widowed mother, whose home was recently destroyed by fire. Bonney was alleged to have been the leader of the other gang taken two years ago, and he was finally paroled by Judge Welch, who decried a lecture to Bonney which brought tears to the eyes of the lawyers who heard it. He pleaded with the young criminal to mend his ways and he gave Bonney a chance to make good. Since then Bonney has been as bad as ever. Only a few weeks ago he stole a number of bicycles, changing wheels and frames so that they could not be easily recognized by the owners.

The first charge against the boys is for breaking into Northwestern cars on the night of July 11, at the South Norfolk yards. On this night the seals on six cars were broken. Other charges will be filed later. Among the goods stolen since the robbery began are whiskey, gin, cigars, gloves, shirts and clothing, canned goods and food stuffs and other merchandise. According to the authorities the boys maintained camps in several points around the city, where they held feasts on the stolen goods. Several debauches have been reported by the officers, which were held by the boys on presumably the stolen liquors.

REDUCED NUMBER OF HOGS FOR COUNTRY'S MARKETS Figures for Week Just Ended Show Substantial Dropping Off in the West.

CINCINNATI, O., July 14.—(Special Telegram.)—Price Current says that the week's record indicates a reduced number of hogs for the market, both in comparison with the preceding week and for the corresponding time last year. Total western slaughtering are 140,000 hogs, compared with 145,000 the preceding week and 225,000 two weeks ago. For the corresponding time last year the number was 430,000 and two years ago, 425,000. From March 1 there is a total of 7,255,000, against 7,340,000 a year ago, or a decrease of 84,000 hogs. The quality of hogs being marketed continues mainly good. Prominent places compare as follows from March 1 to July 13:

Table with 2 columns: Location and Hog Count. Locations include Chicago, Kansas City, Omaha, St. Louis, Indianapolis, Cincinnati, Ottumwa, St. Paul, and Cleveland.

GENERAL STRIKE IN PROSPECT Trouble with New York Clockmakers May Spread to Other Cities.

NEW YORK, July 14.—It was announced today by the strike committee of 40,000 striking clock makers that there was a possibility of a general strike of clock makers throughout the country. Representatives of the union in all large cities in which clocks and suits are made are in New York to confer with the strike leaders.

INSURANCE MEN INDICED Officers of American Home Circle and Fraternal Tribunes in Trouble.

ROCK ISLAND GRAND JURY ACTS Alleged that Reserve Funds of Fraternal Company Disappeared After Merger Was Effected.

ROCK ISLAND, Ill., July 14.—Indications against thirteen persons were returned today by a Rock Island county grand jury, which since May 3 had been investigating alleged fraternal insurance frauds. All those indicted were officers of the American Home Circle or of the Fraternal Tribune, or were concerned in the merger of the two societies in 1908. This merger is said to have been followed by the disappearance of the Tribune's reserve fund of \$7,000, and the alleged mismanagement of the society's affairs to such an extent that it was ultimately wrecked. Those indicted are: W. A. L. Kraug, C. F. Hatfield and Max W. Frankel of Chicago; H. A. Wild and Robert Reddale, Rock Island; Thomas W. Wilson, Washington, D. C.; Michael E. Garber, C. H. Walters and George W. Kenney, Springfield; S. S. McElivaine, Miss Margaret McElivaine and Otto L. Caldwell, Auburn, Ill.; K. M. Whitman, Alton, Ill.

Craig, Hatfield, Reddale, Weld, Witham and S. S. McElivaine were indicted for alleged embezzlement and conspiracy, and larceny of the records of the Tribune, and Frankel, Margaret McElivaine and Caldwell for alleged perjury. Craig, Weld and Whitman, anticipating their indictments, appeared in court this afternoon and gave bond in the sum of \$12,000 each and were released. Capias were issued for the others and they will be brought in as soon as found and placed under bond.

Tribunes Conduct Merger. Whitman, when the societies were merged two years ago, was supreme officer; Reddale, supreme secretary; Craig, supreme physician, and Weld, supreme attorney of the Fraternal Tribune. They conducted negotiations on the part of the Tribunes for a merger, agreeing to resign and give home circle officers control of the United Societies. For this, they received, it is said, \$50,000. Whitman and Craig getting the greater portion of the money. Some circle officers who promoted the deal and who took charge after others resigned were Wilson, supreme tribune; Graber, secretary; S. S. McElivaine, treasurer; Walters, medical examiner. Reddale became vice tribune after the merger.

Hatfield is a Chicago insurance agent, who was employed by the Home Circle coterie to open negotiations with the tribunes, for which service, he is alleged, received \$2,000; Kenney is an attorney who is alleged to have been employed in the same connection; Frankel, Margaret McElivaine and Caldwell are alleged to have been holders of dummy notes by means of which reserve and other funds of Tribunes were taken down and dispersed. The last three were witnesses before the grand jury and their indictment for perjury followed the discovery of alleged untruthful statements in their testimony.

Some Have Disappeared Hatfield is said to be in Europe and trouble is expected in locating several others who are accused.

State's Attorney Magill in a statement said an investigation started—has will be continued later in Chicago and Springfield and that disclosures he had uncovered were only a beginning. More than a dozen fraternal insurance societies, he says, will be involved if leads brought to light here are followed out.

Elkhorn Valley Has Good Crops Willis Johnson of Whitney Says North Nebraska Will Get Good Results This Year.

Willis Johnson of Whitney, Daves county, who is in South Omaha yesterday with a lot of cattle from his ranches in the extreme northwest section of the state. He reports very copious rain during the last week. He said the hay crop will be short in his section, but that the corn never looked so well. He said the corn of the entire state is perfectly clean of weeds and growing splendidly. The subsoil was in fine condition early in the season and the dry weather of June and July has not yet hurt any of the fields.

Mr. Johnson is a successful breeder and shipper of Daves county. Not less than a dozen shipments have come from him to South Omaha during the last year. He said he made good money on each of them and is well pleased with South Omaha as a market town.

The Yellow Peril Jaundice, malaria, biliousness, vanishes when Dr. King's New Life Pills are taken. Guaranteed. 50c. For sale by Beaton Drug Co.

YOUTH ADMITS PLOTTING TO ROB SISTER'S FIANCE Intended Victim Sneaks Holding Man Just After Saying Good-Bye to Sweetheart.

CHICAGO, July 14.—John Rush, 20 years old, at the Woodlawn police station late today made one of the most unusual confessions in the history of the local police department when he smilingly related how he had turned his sister's fiance and his own friend over to holdup men to be robbed. The boy told with a little concern as though discussing the weather the story of a plot that might have cost the life of its intended victim, Elmer Cooper, but that it went wrong and resulted in the killing of one of the plotters, Ray Mahany. Cooper shot Mahany early Monday morning just after saying good night to Catharine Rush at her home.

Rush's unexpected confession received the last element of mystery from the killing of Mahany. Veteran policemen who heard his story said they could not understand the mild mannered youth who had bid friendly good-bye to his future brother-in-law, then hurried from the house to plot with crooks who he knew might kill Cooper in carrying out their purpose. This confession, however, was foreshadowed earlier in the day by a confession from Theodore Burgess, who asserted that he, with Mahany, Joseph McBride and Rush, had planned the attack upon Cooper as he was leaving the home of Miss Rush.

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all dealers.

Bluffs Lawyer Tries Fast Cure and is Better Several Council Bluffs people are trying the fast cure for kidney troubles with varying degrees of success.

Prominent Man Abstains from Food for Twelve Days and is Helped.

Several Council Bluffs people are trying the fast cure for kidney troubles with varying degrees of success. One man, a prominent member of the Postawattamie County Bar association, is enthusiastic in his approval of the fast, and is about the only person who has had the courage to carry out his plan to fast for a period definitely fixed at the beginning.

Last December he was pronounced by local physicians and a Chicago specialist to be suffering from an incurable kidney disease and was informed that a fatal termination was but a matter of time. He has been reading Hovegard Charrington's articles concerning the fast cure and decided to try it. The period fixed for complete abstinence from food was twelve days. He weighs 160 pounds and has always been a hearty eater.

At the end of the first day of the experiment he was desperately hungry and in considerable distress. At the end of the second day he was contemplating suicide and on the third day he was ready to commit murder. On the fourth day he was almost dead. He says nearly all of the mental pictures of good things to eat that had thronged his mind and tortured him almost to madness had faded entirely away and the thought of food was rather unpleasant than otherwise. At the end of a week he declares that it would have been a positive hardship to have been compelled to eat a hearty meal. At the conclusion of the twelve-day period he returned to the eating habit almost with aversion.

He says he never felt so well, so free from all kinds of physical discomfort, in his life as he did after the first few days, and when he began eating again he reduced his food allowance to a minimum of what it had previously been. He has since submitted himself for examination to the physicians who had limited his life to a few months. Not a trace of the disease could be found, and examinations made frequently since have failed to disclose any return of the symptoms. During the whole fast period he drank all of the water he desired, and large quantities of hot water.

The first two days he lost six pounds, and was nine pounds lighter on the fourth day. On the fifth day he began to gain, and was only two pounds below his normal weight at the end of the fast. On Monday of this week both he and his wife started in on a ten days' fast for relief from chronic stomach troubles, the husband really undergoing the ordeal to encourage his wife, who is the real sufferer. She is cooking for herself, which she has done at least one half healthy boy with an appetite like an ox, and she stated last evening that her worst trouble was to overcome the habit of tasting the food to determine its seasoning while cooking it. At the end of the ten-day period she now believes she will become a greater enthusiast than her husband.

Car Hits Auto; Four Injured Jessie Kerr Internally Hurt and Others Bruised in Crash on Farnam Street.

Jessie Kerr, 7 years old, is suffering internal injuries and four other persons are more or less bruised as the result of a collision by a street car and an automobile in which they were riding Tuesday evening. Mr. and Mrs. Henry G. Pike of South Omaha and the latter's cousin, Mrs. G. S. Kerr, with her two children, Jessie and Mary, 3 years old, were in the automobile. An eastbound car struck the rear part of the machine, hitting Mrs. Kerr, her children and Mr. Pike to the ground. Mrs. Kerr and her little daughters had arrived in the afternoon from their home in Washington, Ia., and were being taken to the Pike home in South Omaha when the accident happened.

ARMY WORMS DO GREAT DAMAGE IN SOUTH DAKOTA Hordes of This Pest Appear and Lay Waste Places of Growing Crops.

WATERTOWN, S. D., July 14.—(Special.)—The appearance of vast hordes of army worms in Deuel county is causing far more crop alarm than the dry weather. Practically every acre of timothy in the county is said to be ruined, and the pest is beginning work on the wheat fields. Sections of Hamling and Clark counties also are reported attacked by this crop destroyer.

Farmers in Deuel county were at a loss to account for the loss of their timothy until one discovered the vast numbers of worms, and sent specimens to Prof. Severin, entomologist of the state agricultural college at Brookings. Here they were recognized at once, and most vigorous measures were taken to protect the remaining fields.

Thousands of circulars have been issued giving instructions how to protect fields not yet ravaged by the pest. These circulars have been placed in the hands of every farmer as far as possible, and the plan is to have every farmer in reach of several counties adjoining those affected thoroughly acquainted with the best way to fight the worms.

Prof. Severin advises plowing two or three partial furrows around the fields not yet destroyed, turning the dirt in the direction the advance of the worms is expected. In these furrows dig postholes every fifteen feet and about six inches deep. In its forward march the worm will not climb the vertical side of the furrow until it first moves laterally in search of an easier way. In the lateral movement it will fall into the holes where it may easily be killed by crushing or by a dash of kerosene.

The worms will destroy a field of wheat in a few hours, and move to the next field in regular formation, a habit from which they derive their name.

WILL VISIT CHICAGO FOR THE FIRST TIME Man Who Has Lived Near City for Thirty Years Draws Near Federal Jury.

CHICAGO, July 14.—When the veniremen from among whom the grand jury which tomorrow begins its investigation of the packing industry is to be selected, appear before Judge K. M. Landis, in the United States district court, one of them, Philip Fredericks of Chamnash, Ill., will see Chicago for the first time, although for thirty years he has lived within fifty miles of the city. Mr. Fredericks told the deputy marshal who served him with a jury summons that he was glad to have a chance to visit the city.

COLONEL FOR NEITHER SIDE Says with Emphasis Has Taken Stand for Harmony.

IS STILL SEEING BOTH SIDES Wants to Correct Impression He is for or Against Either Regulars or Insurgents.

OYSTER BAY, N. Y., July 14.—Theodore Roosevelt said with emphasis yesterday he has taken no stand as yet in favor of either the insurgents or regulars in the republican party; and he desires to correct any impression that he is showing favoritism. Of the situation within the party in New York state, he said that he saw only harmony ahead.

"I want you to make it clear," he said to interviewers, "that I am seeing both sides. I wish you would make that plain, but on national issues I want to see both regulars and insurgents, party men and independents. I want to see democrats, as well as republicans, and I don't care what you call them. I don't want to see democrats win" he was asked.

"Not if the republicans do the right thing," replied the colonel. Timothy L. Woodruff, chairman of the New York republican state committee, and a staunch organization man, was in the house as Colonel Roosevelt explained his attitude. So was Representative Charles V. Fowler of New Jersey, who is a first-to-last insurgent. During the day Colonel Roosevelt had talked with the colonel and apparently with equal affability.

Governor Hughes had departed earlier in the day. Colonel Roosevelt said he had talked politics with all three and that he had gained about the same impression from Mr. Woodruff as he had obtained yesterday from James W. Wadsworth, speaker of the assembly.

Wadsworth Will Not Surrender. Mr. Wadsworth made it clear that so far as it lay within his power there would be no surrender on the part of the organization in favor of a direct nomination bill, such as Colonel Roosevelt and Governor Hughes urged in vain. For his part, Mr. Woodruff said today that he was with Colonel Roosevelt; Roosevelt was active in politics. Colonel Roosevelt was dressed for "haying" when he received his interviewers. He had on a suit of white duck. Most of the luncheon guests were leaving, but Representative W. W. Cocks, a "regular" who represents Mr. Roosevelt's home district, lingered.

"Mr. Cocks is a farmer," explained the colonel. "He is staying to pitch hay with me. You know the insurgents had cold feet when I came back from abroad," said the colonel, "because the first four men with whom I conferred were Senator Lodge, Secretary Meyer, Secretary Wilson, and Nicholas Longworth.

Kountze Home is Not Yet Bought Mrs. Nash Says Nothing Definite Has Been Done, but Hospital Probability Will Come.

Contrary to the general rumors which had gained quite a wide circulation for several days, Mrs. Catherine B. Nash declared last night she had not purchased the old Kountze residence at Ninth and Forest streets. Mrs. Nash admitted there had been some negotiations toward that end, but pointed out emphatically that nothing definite had been arrived at. It had been reported that the home was purchased and about to be placed at the disposal of Bishop Scannell for a Catholic maternity home. The proposed institution was to be put in charge of an order of nuns.

Bishop Scannell said he did not know which order of sisters would take the hospital, nor how soon the institution would be opened.

PERSONAL PARAGRAPHS Sheriff Bralley is at Kearney attending the annual meeting of the Nebraska State Sheriff's Association.

United States Marshal William P. Warner has returned from a fishing trip to northern Minnesota. At his office it was reported he had some straight bass, and the fish he brought, preliminary to a general distribution among his friends. George W. Gardner of C. B. Havens & Co., this city, was unanimously elected Wednesday to the office of imperial warden of the order of Kolob at the annual convention at Atlantic City, N. J. Vice Randall K. Brown, Omaha. The next annual meeting will be at Minneapolis.

Tornado Cloud Forms at Pierre, Doing Some Harm Moves in Plain Sight from City, Destroying Buildings on One Farm in Course.

PIERRE, S. D., July 14.—(Special Telegram.)—A tornado cloud formed east of this city this evening and was watched with interest by hundreds while it was in action. The long funnel-shaped cloud could be seen whirling, but it was so far out over the hills that the base was not visible. It tore the buildings to kindling on the farm of Frank Lindsey, eight miles east of town, but the family had taken refuge in a cave and was not injured. The cloud followed the river for more than a mile and carried up a cloud of spray with it in its course along the stream.

Breaks Marksmanship Record. WAKEFIELD, Mass., July 14.—A phenomenal exhibition of marksmanship occurred late this afternoon in the annual New England interstate rifle competition, when Corporal Percy B. Scoufield of Company E, Fifth Massachusetts, of Medford, nearly doubled the world's record for 500 yards at the Bay State Rifle range. He scored 115 consecutive bull's-eyes.

CONSTITIATION MUNYON'S PAW-PAW PILLS

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition, and corrects constipation. In my opinion constipation is responsible for most ailments. There are thirty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produces rheumatism and kidney ailments. No woman who suffers with constipation or any liver complaint can expect to have a clear complexion, or enjoy good health.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, opium, or any of the soothing, healing and stimulating. They school the bowels to act without physic. Price 25 cents.

BURLINGTON TRAINS RUN WITH REMARKABLE REGULARITY

Burlington's celebrated Fast Mail No. 7, which has been serving the Government 26 years from Chicago to Omaha, running on a schedule of 40 1/2 miles an hour for the distance of 494 miles to Council Bluffs Transfer, arrived there on time every day in June.

The other equally famous Burlington Fast Mail No. 15, from Chicago to Omaha, scheduled at 45 miles an hour to Council Bluffs Transfer, arrived there on time 29 days out of 30 in June. Burlington passenger No. 5, Chicago-Nebraska Limited, arrived on time 27 days out of 30 in June. The total number of minutes lost for three days was 37, or an average loss during the month of one and two-tenths minutes per day.

Burlington passenger No. 3, Chicago-Omaha-Denver Express, arrived on time every day during June.

Such train operation reflects the physical condition of the railroad and the character of its organization.

CITY TICKET OFFICE, 1502 Farnam Street. Chicago Trains at 7:15 A. M., 4:20 P. M. and 6:30 P. M.

A Good Honest Way To Get Business

You can get a beautiful Gold Watch free without paying a cent for it if you will let Schmoller & Mueller Plano Co. know who is going to buy a piano. Makes no difference if the party you have in mind pays \$25 down and \$5 month, or all cash, you will get your gold watch. You can have your choice of Elgin or Waltham movements. Better hurry up and send in a friend's name who is going to buy a piano.

Schmoller & Mueller Plano Co. 1313 Farnam St. (Cut this out and send it with your letter.)

Horrors! Who wants those dirty, oily worms in their face? Blackheads

A person with blackheads might not be considered clean, as these little worms are the result of dirt in the pores. DON'T SQUEEZE THEM OUT! It's a bit dangerous to use your finger nails or metal tools to squeeze out blackheads. Blood poison or some skin trouble might result. WADLE'S BLACKHEAD SOLVENT is a scientific product that is guaranteed to remove blackheads in a few days. At all drug stores direct for the manufacturer, Aseptic Chemical Co., Chicago, 111 Washington Street.

TWENTIETH CENTURY FARMER One Dollar Per Year.

OMAHA GAS NEWS 1509 Howard Street.

A Gas Range can cook anything

It can cook better, with less trouble, with more comfort to the cook and cheaper than any other cooking appliance. There is nothing equal to the gas oven for baking, the heat is even, extremely hot, if you wish it to be, or any heat that you desire—with no more effort than the mere turning of a gas cock.

Broiling by a gas flame is the perfect way—the meat is quickly seared, which retains its juices, and quickly done, which makes it tender. As a reasonable thought it is well to know that fish can be deliciously broiled in the broiling oven of a gas range. Cabinet ranges and all double oven ranges have a broiling oven. These ranges sell for \$20.00 to \$28.00. Single oven ranges, \$9.00, \$13.00 and \$16.00. Terms arranged to suit.

Omaha Gas Company
