of Cuticura Resolvent, together with the Cuticura Ointinent, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was flesher than I ever was. To any one who has any skin or blood disease I would honestly advise them to fool with nothing else, but to get Cuticura and get well. My hands, cured by the use of Cuticura, have never given me the least bit of trouble up to now. I cannot recommend Cuticura highly enough, it has done me and my family so much good. She could get nothing that would do them any good until she tried Cutteura. She used two hottles of Cutteura. Resolvent and one box of Cuticura Ointment and in two weeks they were entirely cured. I have used Cuticura for other members of my family and it always proved successful. I recommend it to any one with eczema. After once using it you will never use anything else. Mrs. M. E. Falin. Then ensued an exciting scene of activity at the grounds, Twenty-first and Paul streets, inside of a half hour. Cook wagon first and hungry lariat throwers, classy broncho busters and lordly razor backs came next with ravenous appetites. A sumptuous meal followed and like magic the tents went up all around

The parade made its serpentine way down through the principal streets of the city about 10:30 o'clock. Big Indians with war paint on, squaws likewise with paint bedecking their swarthy features and little indians were features of the panorama next in importance to the cow girl and her steer. The little Indians, boys and girls, seemed about half scared during their trange ride, and didn't have much courage left to say "how" along the way. DOCTOR

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could

a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. Hury, 713 Mineral Ave., Galena, Kans.
