King of Italy Visits Scene of Disaster

Thousands of Persons Are Homeless and Two Hundred Are Dead.

NAPLES, Oct. 26.—King Victor Emmanuel arrived here unannounced today. His coming was not widely expected, however, for his subjects have learned that wherever there is widespread suffering his majesty is sure to be found sympathizing with the afflicted and directing the work of relief.

The popular acclaim the king with wild enthusiasm. To their welcome he returned.

My heart was touched by the sufferings of the people that I was unable to resist an impulse to share their misfortune and so started on a visit to the devastated region.

King Victor Emmanuel was accompanied by his first lieutenant, General Bruni, Admiral Gagliardi and Count Mattioli, Pasquale, minister of the royal household.

The authorities were able today to make a more definite estimate of the fatalities caused by the cyclone tidal wave and accompanying eruptions of Mount Vesuvius and Mount Epomeo.

Thousands of persons are homeless and the most serious problem now is to provide these with shelter, food and drinking water. The movement of supplies is difficult because in many places the roads have been washed out and made impassable.

Fortunately most of the towns requiring aid can be approached from the sea.

Admiral Leonardi, the minister of marine, had a narrow escape from death on the island of Ischia today. In attempting to get a close view of the effect of the eruption from Mount Epomeo he approached too close to the bed of the volcanic streams and sank to his waist in mud.

By a timely chance his plight was quickly discovered by a group of soldiers who hurried to his rescue. Although plastered with mud the minister refused to abandon his tour of inspection and repeatedly said to the soldiers:

"Look out for the others. Don't mind me."

AERONAUTS SAFE: SET NEW RECORD

Hawley and Post Landed with the Balloon America in Quebec Last Wednesday.

TWO MESSAGES ARE RECEIVED

World's Mark for Sensational Flight is Established.

FLY THIRTEEN HUNDRED MILES

Big Preparations for Search Are Ended by Telegrams.

AVIATORS ASSERT "BOTH WELL"

Balloon Started from St. Louis in International Contest on Monday, October 17—Others All Reported.

NEW YORK, Oct. 26.—Anna R. Hawley and Augustus Post, the aeronauts of the balloon America II, for whom the search had been prosecuted in the Canadian wilds are safe and have established a new world's record for sustained flight. They traveled approximately 1,300 miles and came to earth in Chlotoum, Quebec, on Wednesday, last, but were not heard from until today when telegrams sent from St. Ambrose, Quebec, reached New York.

The balloonist started from St. Louis with nine other contestants in the international contest on Monday, October 17. The other balloons have been reported.

Two messages from Hawley and Post were received in New York early tonight. One was to William Hawley, brother of the aviator, the other to Samuel F. Perkins, pilot of the balloon Dusseldorf II, which until tonight had been considered the winner. The message to Mr. Hawley read:

"Landed in wilderness week ago, fifty miles north of Chlotoum. Both well. Alan."

The Perkins message ran: "Landed in wilderness, north Lake Chlotoum nineteenth. All well. Returning. Hawley, Post."

With receipt of the news there ended a search which had come to be regarded by many as almost hopeless and in which the governments of this country and Canada were indirect participants.

In addition to emissaries sent by the Aero club of St. Louis, the Aero Club of America and by William Hawley, the United States revenue cutter service, the signal corps of the army, the Hudson Bay company and other agents were conducting the search, scouring the Great Lakes and making preparations to land and Post.

At the international aviation meet at Belmont park, nearly \$3,000 was subscribed among the aviators this afternoon, headed by \$500 pledged by Glenn H. Curtiss.

Young Perkins, who accompanied Lieutenant Hans Gerike in the Dusseldorf, conceded immediately he received the telegram from Hawley and Post that he had the German had lost first place to the New Yorkers. Perkins had estimated the distance traveled by the Dusseldorf at 1,200 miles. He was overjoyed at hearing from his long lost rivals and quickly telegraphed to St. Ambrose with instructions to forward the following message of congratulations to Hawley and Post:

"Congratulations to you and your crew on the world's record for sustained flight in a balloon. Please accept my sincerest congratulations on your success. You are the only ones I would be glad to see with outside myself. I know from my own experience what you must have risked to make such a trip."

Miss Smith's was a military wedding, with gold lace and infantry blue furnishings notes of color. The ceremony was a brilliant spectacle, the first large "military wedding" Omaha has known for some time.

Miss Haller's wedding had for its background the most remarkable private collection of paintings in the west and the ceremony was witnessed by members of the city's oldest and most representative families, of whom some present had been widows in his lifetime of the bride's revered grandfather, George W. Linsinger.

The Thomas-Haller Ceremony. The nuptials of Miss Haller and Mr. Thomas were celebrated under a canopy of green in the west end of the Linsinger gallery. The wedding party entered the gallery at the east door after the bridal procession had marched down the great staircase in the front hall of the Haller residence, a stringed orchestra playing the Lohengrin march. The ushers, Mrs. Wilson Austin, Taylor Behler, Mrs. Wadsworth, Nellie and Clement Waldron, marched first. Next came the bridesmaids, Miss Florence Power and Miss Agnes Burley, who entered the front drawing room, one by one, and then walked through the west end of the gallery to the door of the gallery which lies directly west of these rooms. The maid of honor followed, and last came Miss Haller, who was escorted by her father. The procession passed to the west end of the gallery.

In the drawing room a lane was formed for the procession by six young gentlemen standing at intervals and holding ribbons. Jean Cutshy, Gladys Peters, Hilda Hamman, Ruth Harding and Edith Patrick.

In the gallery the continuation of this lane was beautifully defined by pedestals of greenery connected by ropes of flowers. From the great canopy above hung flowers tied with chiffon, and from the walls smiled down faces painted by the foremost artists of Europe and America.

The groom and his best man, MacNellan Harding, entered the gallery from the conservatory, which adjoins at the south. Bishop Williams stood with his back to the west wall of the gallery, and the members of the wedding party ranged themselves in semi-circle around the bridal couple.

Bride Gowned in White Satin. The bride wore a gown of white satin, with a square train and overskirt of antique Spanish lace, an heirloom. The gown's trimmings were of pearl and Miss Haller's veil was held back from the face by a coronet of real pearls. She carried a shower bouquet of lilies of the valley and orchids.

BRILLIANT WEDDINGS OCCUR

Miss Eva Smith and Captain A. La Rue Christie Have Military Rites.

LANE IS FORMED BY SWORDS

Miss Marion Haller Weds Frederic W. Thomas Amid Wealth of Flowers Which Decorate Linsinger Art Gallery.

Omaha last night saw two weddings of such brilliant character that never before in the city's history have two like nuptials taken place in single evening.

At Trinity cathedral Miss Eva Smith, daughter of Brigadier-General and Mrs. Frederick A. Smith, became the bride of Captain A. La Rue Christie, U. S. A., the ceremony being performed by Very Rev. G. A. Beecher, dean of the cathedral and bishop-elect of the Missionary District of Kearney.

In the Linsinger Art Gallery contiguous with and a part of the home of Mr. and Mrs. Frank Louis Haller, their daughter, Miss Marion Haller, was married to Mr. Frederic Wagner Thomas, lit. Rev. A. L. Williams, bishop of the Diocese of Nebraska, reading the marriage lines. Both ceremonies were witnessed by hundreds of the most prominent and fashionable folk of Omaha.

Roosevelt Takes Hand in Campaign in Michigan

Colonel Writes Letter Endorsing Candidacy of Chase S. Osborn, Republican, for Governor.

DETROIT, Mich., Oct. 26.—Theodore Roosevelt's influence was thrown into the political campaign in Michigan today through the publication by the state committee of a telegram from the former president to former Governor Curtis Guild, Jr., of Massachusetts, who made special address in Michigan last week.

Colonel Roosevelt's telegram says he understands that in Michigan the progressives won a clear-cut victory and he endorses the candidacy of Chase S. Osborn for governor and Charles E. Townsend for United States senator. Mr. Osborn is characterized in the telegram as a progressive and a singularly able and honest man, and Mr. Townsend as having done excellent work for railroad rate legislation when he became joint author with Mr. Esch of the first railroad rate bill while Colonel Roosevelt was in the White House.

"Mr. Osborn," says the telegram, "is a man like Stimson of New York, who will clean the house from cellar to garret, driving every wrongdoer from office."

Colonel Roosevelt expressed regret that he is unable to take part in the Michigan campaign for the benefit of the republican ticket.

Crowds Are Out Wherever Trade Excursionists Appear.

CHILDREN GIVEN SOUVENIRS

Bells Are Sent to Kindergarten Schools, as Little Ones Are Unable to Reach Train Through the Huge Crowds.

POCONO, Neb., Oct. 26.—(Special Telegram.)—Over 100 miles of new road the Omaha trade excursion moved during this afternoon, being met by old friends and making new ones. Scores of prosperous Indian merchants from the Winnebago and Omaha reservations met the party and exchanged greetings. Winnebago swags wrapped in Scotch plaid shawls predominated at Walthill and Winnebago.

Home was made just before the train pulled on the lines of the Omaha road, where it traveled to Newcastle and the new towns above.

Back to Ponca at 7:30, the party marched up the streets carrying the red fire torches after which the moving picture show was put on. During the day the trade excursionists had an opportunity to talk things over, and among other activities was the signing of a petition by the eighty men asking the executive committee of the club to take immediate action on the matter of quarters.

After meeting Omaha's friends in Nebraska, it was the universal opinion of the trade excursionists that the present rooms of the club are entirely inadequate and no such rooms as any member would care to show a customer, and in fact, very far from being up to the Omaha standard. The fact that the traffic bureau, the publicity bureau and general office are cramped into small spaces was a matter of regret wired to the executive committee by the present rooms of the club are entirely inadequate and no such rooms as any member would care to show a customer, and in fact, very far from being up to the Omaha standard.
