## HERRMANN QUILTS COMMITTEE

Lynch Accepts the Resignation of Cincinnati Man.

## NEW CONTRACTS AND RELEASES

Kane Signs Up with the Cubs—Rustenhaven, Hartley and Schiel with the Giants—Pirates Release Brown.

NEW YORK, Jan. 19.—August Herrmann of the Cincinnati club, who was recently appointed a member of the National League rules committee, has sent his resignation as a member of the committee to President Lynch.

"Mr. Herrmann, in his letter of resignation, assigns no reason for his withdrawal," said Mr. Lynch today, "but I take it for granted that he has a good and sufficient one, and therefore I have accepted it. Everyone who is interested in the progress of the game will regret Mr. Herrmann's withdrawal from such an important assignment."

"In place of Mr. Herrmann I have appointed Mr. Dreyfuss of the Pittsburgh club, who is in New York today in conference with Mr. Heydler and myself on the playing schedule, and who has consented to also serve on the committee."

President Lynch announced the following contracts and releases tonight:

**Contracts:**  
With Boston—P. J. Flaherty, Hub Pardee, William McTigue, William Raridon, W. E. Faxon and W. J. Sweney.  
With Chicago—John F. Kane.  
With Cincinnati—Joseph A. Gerger, T. J. Doubleday and Henry Severald.  
With New York—Clayde H. Fullerton, Harry Rustenhaven, Oliver Hartley and George Schiel.  
With Philadelphia—M. V. Cannell, A. D. F. Brennan and H. M. Welchence.  
**Releases:**  
By Philadelphia—To Scranton (N. Y. S. L.) Byron A. Slaughter.  
By Pittsburgh—To New Britain (C. S. L.) C. W. Brown.

CINCINNATI, Jan. 19.—President August Herrmann of the Cincinnati base ball team, in speaking of his resignation from the National League rules committee, tonight said: "I was a member of both rules committees, and the committee on constitutional amendments. I believed that service on one committee was sufficient, therefore I resigned from the rules committee. That is all there is to it."

## Athletic Board Not Ready to Act in Hiring Coach

Secretary Clapp Will Call Meeting Early Next Week to Choose Man for This Place.

LINCOLN, Neb., Jan. 19.—(Special.)—When the time for choosing an all-year coach arrived, the athletic board found itself unprepared to act. Secretary Clapp said Wednesday that he hoped to call a meeting the earlier part of the next week and at the very latest by the end of the week. He was sure that nothing would be done before then, however.

It was reported last week that the board would take action Monday night, but the meeting was postponed because some of the members desired to investigate further.

The basketball board, in connection with the championship with the Missouri valley teams open Friday night when the Cornhuskers will play the Ames "Aggies." The Cornhuskers have been rounding into form rapidly and little difficulty is expected with the Aggies.

The Cornhuskers will play a second game with the Aggies Saturday night. Next week the Cornhuskers leave for the eastern trip, going first to Minneapolis, where they play the Gophers Friday and Saturday night. No other games have been scheduled for the trip, although it is probable that Manager Egan will arrange for at least three more games before the team returns to Lincoln.

General satisfaction is being expressed over the abolition of the fraternity baseball meet on Charter day and making it open to all university students. The meet between the Greeks and Beavers has not been a success and many thought that it only tended to widen the breach between the fraternity and the non-fraternity undergraduates.

The athletic director is planning a series of indoor meets to take the place of this event in school activities. The Charter day meet will be held in the gymnasium as usual. Later on a class meet will be held and then the fraternity meet on March 4.

## COLORED CLUB GETS GROUNDS

Site of Old White Sox Park in Chicago to Be Used Again.

CHICAGO, Jan. 19.—(Special.)—A building permit was issued yesterday to J. M. Schorling of 29 West Seventy-ninth street, for the construction of base ball stands on the site of the old White Sox park in Thirty-ninth street. The reconstructed site will be used as the home of a crack negro club. The ground was leased by Schorling when Conley moved to his new quarters.

Schorling, who holds a franchise in the Chicago Base Ball league, was owner of the old Auburn Park grounds, which were cut up into building lots last summer. He has been connected with semi-professional ball in Chicago for twenty years. Mr. Schorling said last night that he was not ready to announce the personnel of his team or his plans at this time, except that the new park, when completed, would be the finest semi-pro plant in the country.

The plans call for an expenditure of \$10,000 and stands with a seating capacity of 4,000 fully complying with the building ordinance recently passed by the city council. The architect will devote particular attention to giving each seat its stand and bleacher an unobstructed view of the diamond.

## COLON KNOCKS OUT MORAN

Bantamweight Contender Disposes of Opponent in One Round.

MEMPHIS, Tenn., Jan. 19.—Johnny Conley of Chicago, who claims the bantamweight championship, disposed of Terry Moran of Brooklyn tonight before the National Athletic club in one round and a half. It was a clean knockout and Moran was not fully revived for an hour.

In the first round Moran was down three times and at the end of the second round was all but out. In the second round Moran was down for an opening and when it came drove a stiff right to the body and a left to the jaw which brought the bout to an end. They weighed in at 113 pounds.

In the preliminary Eddie Palmer of Memphis knocked out Al Williams of Boston in the fourth round.

## NASHVILLE SIGNS AN OUTFIELDER

Acquired by the Nashville franchise league base ball club from the Eastern league.

He played in the Ohio-Pennsylvania league last season.

## Englishman Would Contest for the All-Round Championship

Recites Long List of Events in Which He Would Battle the Best in America.

## WOULD HAVE DIAMOND LEVEL

Garry Herrmann Objects to Pitcher Being Peached in an Elevated Position.

NEW YORK, Jan. 19.—A novel challenge has reached America from Charles Wilson, all-around champion of Manchester, England. He is offering a match with any all-around athlete in the United States for the championship of the world. The contest, which he proposes includes almost everything in track athletics, also takes in swimming, cycling, rowing and tumbling. The suggestions for the various events to be contested being as follows: swimming, one-half mile; rowing, one-fourth mile; punting, one minute duration; running, 100 yards and one mile; walking one mile 100 yards hurdles; shot-put, hammer throw, running high jump, running broad jump, pole vault, one forward spring jump and ten forward spring jumps with weights; three forward spring jumps, without weights; five backward spring jumps, with weights, and cycling from five to ten miles.

"That the 'turtleback' diamond is soon to be a thing of the past in organized base ball is the statement made by President Herrmann of the Cincinnati Nationals. 'I shall bring the matter to the attention of the National league at the February meeting, and hope at that time to secure its consent to allow us to employ an official surveyor and have all the diamonds perfectly smooth,'" said Herrmann. "It is absolutely impossible for a pitcher to hold his pitching to a safe degree of certainty when he is eighteen inches above the batter. When I came to Cincinnati I found Bescher, Mitchell and McLean batting only fairly. I examined the grounds and saw they were batting uphill against the pitcher, and that the twirler always had an unfair advantage. Therefore I sent for a surveyor and we got the diamond perfectly level, since which time not only Bescher, Mitchell and McLean, but other players as well, could hit much better."

## DONLIN MAY GO TO BOSTON

Tenney is Trying to Land the Premier Hitter to Help Out the Beantown Team.

MIKE Donlin may wear a Boston uniform next season if the present plans of Fred Tenney go through. Since securing the management of the Bostonians, Tenney has been trying to pull off many deals, and one of these involves the famous hitter, Michael Donlin.

Donlin, Tenney feels sure that Donlin can still line them out as of yore, and will take a chance on the once great hitter. McGraw no doubt would turn over Mike to Tenney on account of his personal friendship to the former Boston player, but would want something in exchange, no doubt Lefty Matten, who has always been a favorite in McGraw's eyes on account of his ability to so often trouble the Giants.

## HOLLAND SIGNS SOME NEW MEN

Dope Writers from St. Joseph Say He Has Secured Some Good Material.

Manager Holland is lining up his players for the coming spring opening and from the line reports which have been agents' and out from St. Joseph, the Drummers are going to own the cream of the league in players. Kelly, an outfielder from Joplin, signed lately. He made a batting average of .300 last season playing for Joplin, but his fielding average was poor, due, it is claimed, to the fact that he is really an outfielder and was playing in the infield.

## NEW STADIUM TO BE BUILT AT UNIVERSITY OF MISSOURI

Recent Decision that Games Shall Be Played at College Cause of Pleas.

COLUMBIA, Mo., Jan. 19.—(Special.)—The decision of the Missouri Valley conference that the Missouri-Kansas football games in the future shall be played on the college grounds probably means that the game next fall will be in Columbia and that the University of Missouri will build a new athletic stadium. The new stadium may be of concrete and will be constructed to accommodate between 6,000 and 10,000 spectators. The present field will not seat more than 2,000, and the estimate of the athletic management is that twice that number will want to see the contest here next fall in case it is finally decided to bring the game here. It is said here that Missouri will insist on the first game being played in Columbia because of the fact that for many years Columbia people have been traveling about 200 miles to the game, while Kansas have had to go only thirty.

## NEW BASE BALL PRECEDENT MADE

Jacklitich Awarded to Rochester Because Contract Had Expired.

CINCINNATI, Jan. 19.—An application of Fred Jacklitich, former catcher of the Philadelphia National base ball league club, to be declared a free agent, was denied today by the National Base Ball commission in a decision that upset base ball precedent.

Jacklitich had an agreement with the Philadelphia club to the effect that when the club decided to dispose of his services and failed to place him with either a National or American league team, that he should be given his unconditional release, but he was recently disposed of to the Rochester club of the Eastern league.

The commission honored this agreement, but said that it only held good during the life of his contract of 1910. As this contract had expired, the agreement also expired, according to the commission, and he was awarded to Rochester. Hitherto the commission has held that because of the reserve clause base ball contracts never expire.

## Ducky Signs a Pitcher

"Buster" Burnett, member of the Sioux City team, has been signed by Ducky and will play under the leadership of Ducky Holman next season. Burnett, who bats right-handed, is a first class pitcher, who has played in the Sioux City team for many years.

He is a member of the committee today, when he came to come from an appropriation of from some other fund.

## Conley and Dixon Fight Out Fast Ten Rounds to a Draw

Memphis Boy's Finish in Last Saves Him from Defeat by Opponent.

## Memphis Boy's Finish in Last Saves Him from Defeat by Opponent.

KANSAS CITY, Mo., Jan. 19.—Frankie Conley of Kenosha, Wis., holder of the bantamweight title, and Tommy Dixon of Memphis, Tenn., fought ten fast rounds to a draw here tonight.

Dixon's finish in the last round saved him from defeat. After seemingly being on the verge of a knockout for two rounds, he recuperated surprisingly and outfought his opponent in the tenth, although a slugging affray. Emulating Battling Nelson, the Kenosha fighter bored into Dixon from the tap of the opening gong. Dixon, who has won the majority of his victories by outpointing his opponents, was kept on the retreat.

But he was unafraid. Although Conley hammered Dixon's ribs and stomach at will, the Memphis boy returned the fire gamely. A left jab and a speedy right uppercut proved Dixon's greatest assets. His superior footwork saved him from much of the punishment, but Conley did not attempt to avoid blows. Conley's attack rushed into close quarters and gave and take.

The battle was fought at catch weights. Dixon having four pounds advantage. Conley weighed 121 and Dixon 125. After the fight Conley issued a challenge to Battling Nelson to fight at catch weights.

Red Daniels of St. Joseph, Mo., and Pierce Matthews of Denver fought a ten-round draw as a preliminary.

## AFFAIRS AT SOUTH OMAHA

No Decision Reached on Whether There Shall Be School Primary.

## GRADING WORK EXCITES COMMENT

Much Speculation Exists as to Meaning of Operations that Are Going on Between O and P Streets.

The question whether there shall be a primary and election this spring for the school board has been the result of conferences between the city attorney and City Clerk Good, but so far no definite opinion has been given out. Mr. Good found the law in the statute so indefinite in the city clerk's view there is nothing requiring a primary, but whether he will be sustained in this point by the legal department of the city remains to be seen. No matter how the legal proposition is decided the interest is growing in the contest for election to the school board.

## May Be Power House Site

The grading work between O and P streets is proceeding rapidly on both the east and west sides of the streets, owing to the open weather. Various rumors are current as to what the object of the work is, but so far those interested will not disclose their intentions. There is still a feeling that a hospital, whose erection was denied some months ago, will be erected on the Koutsky property on the east side of the street and the statement was made yesterday that the ground being leveled on the opposite side of the street had been acquired by the street railway company as a site for a powerhouse. Nothing definite, however, could be learned.
