Brother of Witness Who Charges Attempt to Purchase Support Will Re Required to Tell Why He Was Silent.

WASHINGTON, Jan. 36.-Revelation of ttempts to buy the editorial support of the New York Journal of Commerce in favor of ship subsidy legislation, which that paper has consistently opposed, was made to the house ship subsidy legislation committee yesterday by Alfred W. Dodsworth. business manager of the publication Earlier in the day Paul Fournier, representing the Uranium Steamship line, against which the London conference lines, controlling what is alleged to be 38 per cent of the Atlantic passenger traffic are of the Atlantic passenger traffic are at manyed, told how railroad authorities in this country, notably the Central Passenger at 5 p.m. Speaks before the Child Labor convertion. As the result of the evidence Mr. Dodsworth's brother, John W. Dodsworth, editor of the Journal of Commerce, will be recalled to Washington to explain why he failed to enlighten the committee in his recent testimony. It is probable that Charles A. Conant of New York, a former Washington correspondent, may be asked to throw light on an offer to subsidize the gail paper asserted to have been forwarded through him to the Journal of Commerce, at which be then represented.

Alfred W. Dodsworth arrived at the committee room with a list of questions be wanted propounded to him, impelled by what he regarded as misrepresentation of the attitude of his paper.

The testimony, however, suddenly broadened and the witness sought refuge in referring the committee to his brother now in New York for detailed enlightenment. Paper Never Subsidized.

The witness said his paper never had been subsidized by any interest whatever and its business and editorial columns had no relation. But he testified about six years ago a person came into his office and offered to pay the Journal of Commerce \$100,000, taking 1,000,000 copies of his paper for the insertion of an article in one lasue supporting the ship subsidy

Mr. Dodsworth ferent states of the union said he immediately called his brother, port of the paper for \$40,000 and in the gress Spanish-American war the Spanish government tried to buy the paper's influence. Chairman Olcott, Representative Longworth of Ohio and other members of the committee sharply criticised the two mation to the committee before pointing out that John W. Dodsworth in his teadenied any information such as that disclosed today. The witness said the committee would have to ask the brother why he failed to disclose the information. Chairman Olcott asked the witness who represented the Spanish government when tried to buy his paper's support.
