(From a Staff Correspondent.) LINCOLN, Jan. 28 .- (Special.) - The initiative and referendum bill knows as H. R. I. which was introduced by Representative One important witness is now in Iowa Hatfield of Lancaster county, will be, if and Sheriff Kennedy will go there after passed, the most important act of the him as soon as he has safely landed his that day by President Taft with a specoming week for the legislature, unless prisoner in jail, some new situation arises. The bill is to be a special order of business for the meeting of Wednesday afternoon and the whole question of the initiative method of legislation will be discussed and debated. At the meeting of the committee on

judiciary when the bill was discussed there were only two votes against it. Grossman of Douglas opposed it because it provides a low percentage for the initiative. The bill is so drawn that 10 per cent of the voters of the state, so distributed as to include 5 per cent of the voters in each of two-fifths of the counties in the state may install a measure. Pive percent of the voters order a referendum action on any bill, if distributed in the same way. Sagi Saline voted against it also, because does not believe in the principle. He offered to vote for it if the friends of the hill would make the percentage fifty instead of five, knowing that no supporter of the proposition would agree to that. He maintains that not only his own views, of the beliefs of his constitutents are

Attitude of Senate. The same bill as the Hatfield bill, representing the measure supported by the Direct Legislation league, was brought up the senate by Skilles of Butler. Another direct legislation bill was presented by Albert of Platte. This bill is still awaiting the action of the committee and when they are both brought up from the committee constitutional amendments, the committee of the whole will decide their fate. The reason for the proposed change in policy is given in this section of the bill. "Nebraska trust funds should first seek investment in safe Nebraska securities, thereby giving employment to labor and capital at home and developing and beautifying our commonwealth, and the Board of Educational Lands and Funds has expressed desire to operate to this end." #### Southern Pacific Figuring Upon Sale of Bonds in Paris

Fifty Millions of Dollars of Securities Taken by French Bankers.

NEW YORK, Jan. 28.-(Special Telegram.) -From authoritative sources it is learned that a powerful group of French banks is negotiating to supply the Southern Pacific with \$50,000,000. No official announcement is expected for several weeks, but already tentative arrangements have been made for the flotation of the loan. The security will take the form of bonds.

The Harriman bankers would not confirm the foregoing statement, indeed, the impression created was that no financing has been put through. No claim is made that the loan has been finally signed and scaled, but that the negotiations will be carried to a successful conclusion is confidently anticipated. The amount proposed, \$50,000,000, in the same as the Pennsylvania placed in Paris four years ago. One view of the arrangements now under the bonds of any one city and with that way is that the money could undoubtedly be utilized advantageously, should the "merger suit" be decided adversely to the
