CONSERVATION MEET OPENS Nail Court Doors:

Dean Bessey Makes Flea for Saving of

Children.

Great Infant Mortality in Nebroska Said in He Due to Tainted Mil's Supplies-Wants Inspection Buned.

LINCOLN, Pek 21-(Special)-Consupra tion as applied to the saving of children for a better citizenship was the plea of Dean Charles E. Hensey at the opening tession of the State Conservation congrass

for Bessey suffined the entire area of conservation as applied to physical and spiritual things. Trees, streams, children and much were included in his address.

We are not owners of the earth: We are the stawards, and as such will be beld

accountable. The most despirable thing hat I can think of is the man who says what do we care for posterity? Posterity never did anything for us. The man who miys he owns a thing and destroys it because it is his and he can do as he pleases is worse than an anarchist. There are three classes of things which nature furmishes. One of these is exploited, another is similicated and the other is one that can Death Bessey sold of the belated convers

over the destruction of forest and other sources of wealth in the country. Of the class when is eradicated the deal mentioned the natural wild grames when covered to the natural wild grames when covered Nebrasia in forces days. Three pages been destroyed for the plainting of better booking grames which have not prospered as well as the older zorts and not prospered the number of the automobile, which was not sure the number of the automobile, which was well as the older zorts and not prisifed the result in the resultance.

The same as the number of the saturation of the destroyed beaution has a class where conservation could have saved one of the grant schools will be was not sure the man of the destroyed the crowd was never to be computed that of the dean account and not risifed to have saved one of the number of the saturation of the intention of the friends of Mr. Lorimer to allow his enemies to the grant schools of pasources. In this case the forests and the grant schools of figures which have been when the resulting of the saturation of the dean nation of the crowd was never to be computed that of the dean nation of t class which is eradicated the deal menno thought of ourservation or the introducties of others to take their piaces.

Secause of the short time at his disposal Governor Aldrich was allowed to trade places with Dean Bessey on the program and after the invocation by Dr. I. F. Roach the chief executive delivered a short address. The number of callroad representatives present furnished the governor with a theme which he followed declared to be becoming more and more tion the day the assault was committed. apparent in the thoughts of Nebraskans

Governor Aldrich devoted much of his time to a discussion of conserving the human race. He had, he said, visited recently a number of the state institutions. in which children are kept and he had been struck with the lack of sofficient reading. Man Accused of Burning Court House This he thought to be one of the worst features of the life of the dependent child. The broadening effect of good reading material was commented upon and the con-
