Americans Prominent in the Present Stam pede to Nechaco and Fraser Valleys.

Klondike Scenes Over Again. Ninety thousand Americans and ninety millions of American wealth transplanted

from the United States to Canada during the last year. The counted number of persons actually reached 90,165 in round numbers-the wealth accompanying them being estimated at \$1,000 per head.

This year bids fair to even greatly ex-ceed this amount; present "rushes" in lumbla, bringing back to those who have undergone the experience of the scenes enacted in the Klandike regions in 1888. As a temporary substitute for the rail roads that are being built as fast as steel can be laid, numerous auto and stage lines are being pressed into service by those who would be "early in the valleya".

In numberiess cases the trip has been made on horseback—it is not even uncom

non to see some enthusiastic ones making the trip on foot. It has been proved often and satisfac-torily that the "Valleys" are fertile almost beyond belief, and there is small wonder that so many are willing to make the

change. The Canadian government, by act Parliament on May 6th of last year, re-gerved or rather withdrew all British Coever is secured from now on must be ob Omaha has been brilliantly represented in this Canadian stampede, and a local oncern, The Grand Trunk Pacific Co., fortunately has remaining a limited number of the best sections of land in
