START ANY WAR

President Taft's Policy as to Insurrection in Sister Republic Explained.

HAS NO DESIRE TO INTERFERE  
Will Do All in Power to Maintain Friendship.

TROOPS ONLY FOR PROTECTION  
Reports of Approaching Chaos Responsible for Mobilization.

ALL DANGER BELIEVED AVERTED

President Taft Prepares for Emergency to Permit Congress Possible Orders to be Carried Out With All Speed.

WASHINGTON, March 21.—The Mexican situation cleared considerably here today. The attitude of the United States government has been made plain and there need no longer be any doubt, it is said by administration officials, regarding the president's policy.

Mr. Taft has announced he will do everything possible to maintain the friendly relations existing between this country and Mexico. Any rupture must come as the result of some overt act on the part of the Mexicans.

The United States has no desire to interfere in the internal affairs of Mexico and President Taft will not recommend any such interference to congress unless circumstances permit of an other possible course.

The American troops were sent to Texas and prepared for any emergency on the strength of reports which indicated that conditions in Mexico were approaching such a stage that at any time might threaten American lives and property.

These reports were of such a nature that President Taft felt he could not fail to heed them. He acted quickly and hoped the threat of danger would be stayed.

Army's Presence Effective.  
Mr. Taft believes that the presence of the army in Texas, within striking distance of the Mexican border has had a sobering influence and that Americans and American property will be respected.

There will be no move toward the Mexican border unless outrages so flagrant as to call for the presence of a protecting force occur. Even in the event of such an outbreak, President Taft would not think of acting without the consent of congress.

Would Preserve Neutrality.  
The limitations upon the power of the president to commit an act that might be interpreted as an act of war, are so well defined that Mr. Taft has been assured at many of the reports as to what he proposed to do with army after it was mobilized.

The president felt that it was his duty as commander in chief of the army and navy to prepare for an emergency, so that if congress should be called upon to act, his orders could be carried out with the greatest possible speed.

How long the troops will remain in Texas will depend entirely upon developments in Mexico. The United States government has determined to give President Diaz every chance to restore order. President Taft has determined that this government shall fulfill its international obligations in stopping the smuggling of arms and ammunition across the border.

The enforcement of the neutrality laws called for the presence of many additional troops and was one of the causes of the recent army movements.

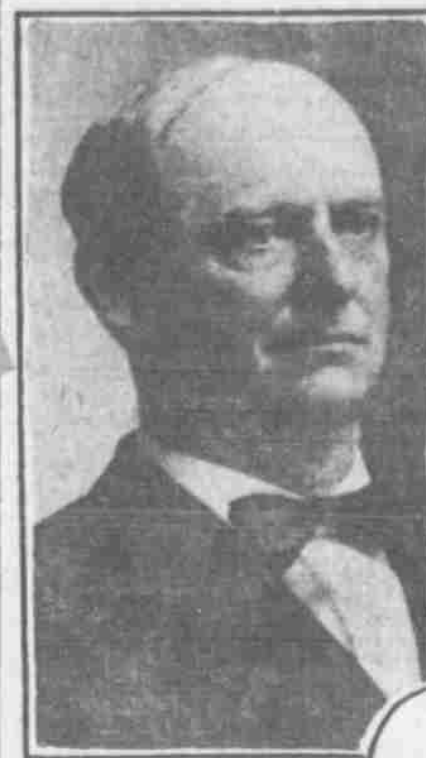

Mexico has made no protest against the presence of troops in Texas. Such a protest would be regarded as an insult to the United States and would result in the United States and must remain on American soil until congress shall otherwise direct.

President Taft repeatedly has assured the Mexican ambassador, Mr. de la Barra, that the Mexican government need feel no alarm over the movement of the troops. He has sent the same assurance to Mexico City. These assurances are in line with the policy of the administration to maintain the friendliest of relations so long as such relations are possible.

Troops to Stay Four Months.  
There is every reason to believe tonight that the troops will remain in Texas for at least four months. Meantime they will not be idle. The mobilization of the army will be taken advantage of to impart invaluable

George J. Gould Heads Executive Board of the Missouri Pacific

E. D. Adams, Representative of Deutsche Bank Elected to Committee—Other Lines Reorganized.

NEW YORK, March 21.—George J. Gould today tendered his resignation as president of the Missouri Pacific railroad at a meeting of the directors of the railway and was elected chairman of the board. The presidency was left vacant at Mr. Gould's request in hope of filling it in the near future.

E. D. Adams, representative of the Deutsche bank, was elected to the executive committee, which consists of Messrs. Adams, Frederick Gates, Cornelius Vanderbilt, the new president, George J. Gould, E. T. Jeffrey and Kingston Gould. Until a chief is chosen G. S. Clark, vice president will serve on the committee.

The board of directors appointed a special committee consisting of George Gould, Frederick T. Gates and E. D. Adams, who was elected to the executive committee, to select in their discretion a president for the road, subject to the approval of the board.

The directors of the St. Louis, Iron Mountain & Southern railway, a subsidiary of the Missouri Pacific, appointed as an executive committee George J. Gould, Kingston Gould, E. T. Jeffrey, E. L. Marx, J. D. Adams, Paul Warburg and R. M. Gulderson.

Mr. Gould invited the Messrs. Warburg, Marston and Adams to serve as directors on the Iron Mountain board and Messrs. Marston and Henry E. Cooper to serve on the Texas & Pacific board and Messrs. Marston and Adams on the Denver & Rio Grande board in order that the interests joining him in the Missouri Pacific should have close relations and be in continuous touch with all of the properties.

George J. Gould, in a statement, says: "It is hoped by all the interests that the stories and reports of discord between Mr. Gould and those he has invited into the properties will now cease. They are without foundation in fact and can only serve to mar the credit of the properties, which it is the interest of all to build up."

George J. Gould was today re-elected president of the Texas & Pacific railway and his son, Kingston Gould, was made a vice president. An additional vice president having been created, Henry Cooper of New York was elected a member of the board of directors to succeed Alvin Kreech, resigned, and E. L. Marston of Blair, Mo. was chosen a member of the executive committee in place of J. J. Stoum. The other officers were re-elected.

BANQUET IS A GORGEOUS AFFAIR

Congressman Sloan Says Nebraska is Producing State, the Most Essentially Agricultural State in the Union.

Omaha hung out the welcome sign and the Commercial club of Omaha acted as host to the Nebraska congressional delegation at the splendid banquet at the Home last evening, when all the delegations except Moses P. Kinkaid, who is now in Washington, and G. W. Norris from McCook. Governor Chester H. Aldrich also accepted the club's invitation. John L. Kennedy acted as toastmaster and as the different men who have represented and are to represent Nebraska in the halls of congress were called upon they all responded in a most happy vein, predicting a great future for the state and assuring the Commercial club and the business men of Omaha of the great confidence they have in the future of Omaha, the Market Town.

Reception Before Feast.  
Gathered in the lobby of the Home were people of all political faiths, assembled to honor those selected by the people to represent them at the national capital. It was a real reception for many as some of the guests have been away from Nebraska considerably of late. In the lobby a reception was held from 6:30 to 7 o'clock after which the guests marched into the banquet room which was decorated with American flags. The banqueters were seated at smaller tables, eight at a table, while at the speaker's table, which was across the north end of the room, sixteen were seated. An orchestra, concealed behind a bank of ferns, furnished the music. John L. Kennedy, himself an ex-congressman, acted as toastmaster and at the speaker's table with him were Governor Chester H. Aldrich, Senators Norris Brown and Gilbert M. Hitchcock, ex-Senators Elmer J. Burkett and Joseph H. Millard, Congressman C. O. Loveck, C. W. Sloan, J. A. Maguire and J. P. Latta; J. M. Guild, commissioner of the Commercial club; H. H. Baldrige, Luther Drake, G. E. Haverstick, chairman of the executive committee of the Commercial club, C. T. Koginze and C. M. Wilhelm.

When the guests entered the banquet room, Toastmaster Kennedy proposed a toast to "Our Country and President," to which all responded standing.

List of Addresses.  
J. P. Latta of Tekamah responded to the toast of "Who's Who am Why?" Elmer J. Burkett, "Both Branches." C. W. Sloan, "Western Representatives." J. A. Maguire, "The Next House." C. O. Loveck, "Promotion." Governor C. H. Aldrich, "Our Commonwealth." Norris Brown, "The Extra Session." Gilbert M. Hitchcock, "Home Grown."

Western representation, as I discuss it, means Nebraska representation," said Congressman Sloan. "A little more pride in Nebraska, a little more selfishness for Nebraska, and a little more jealousy of Nebraska interests."

"Nebraska is a producing state. That representative will rise to the highest plane of his usefulness, who makes that knowledge a part of his political being. If there is to be an special pleading, it should be for the producer, and not, as we have heard in some western quarters, for the consumer. Practically all of the wealth of our state comes from the intelligent handling of the soil and soil, from which comes our live, stock and crops. These, with generous prices, constitute the basis of western prosperity. To Nebraska it means everything material."

Postoffices to be Managed to Avoid Most Sunday Work

Postmaster General Issues Instructions Designed to Give Employees One Day's Rest in Seven.

WASHINGTON, March 21.—Sunday work in postoffices throughout the country is to be discontinued so far as consistent with rapid transmission of the mail.

It is not proposed to close important postoffices entirely. Certain work to prevent congestion and delay must be done. Mails will be received and dispatched as heretofore and arrangements will be made for a limited delivery through the general delivery windows.

Special delivery letters will be delivered and patrons of any office will be afforded the privilege of having their mail delivered on Sunday by depositing the required fee for special delivery service.

Postmaster General Hitchcock today issued instructions designed to carry into effect these ideas to afford employees of the postal service one day's rest in seven.

MONEY FOR FAMINE RELIEF

State Department Receives Twenty-Five Thousand From Christian Herald.

WASHINGTON, March 21.—For the relief of the Chinese famine and plague sufferers the State department today received \$25,000 from the Christian Herald, making a total from that source of \$52,000 including flour shipped to China from Seattle on the transport Buford. The money will be cabled to United States Minister Calhoun at Peking for distribution to the relief committee.

WESTERN MEN PLAN CAMPAIGN

Meeting Called for Omaha in October to Develop Territory.

CONGRESSMEN WILL BE INVITED

Definite Action Expected Along Line of National Encouragement to Settlers in New States—Omaha the Headquarters.

SALT LAKE CITY, March 21.—(Special Telegram.)—When the executive committee of the Western Development association adjourned this evening, it had voted in favor of calling the next meeting of the organization in Omaha, October 15 to 18, when every member of congress from the ten states will be asked to attend.

Members of the executive committee insist that it will not only be an invitation to the congressmen and senators, but the ten states have a right to insist that their representatives meet them in Omaha, where they can talk over with the representatives from other states the necessity of closer cooperation in Washington for the development of the west.

The desire was in which settlers are treated by the Canadian government, the courtesy shown them and the assistance they are given is in a large measure responsible for people going to Canada and the negligent policy of congress toward western development in this is helping more to go from this country," was a statement made in the meeting to which every member agreed.

Many Will Attend in Omaha.  
The governors of the ten states as well as high railroad officials will also be asked to attend the meeting. A campaign to get representatives in Omaha from every Commercial club in the west will be started at once. People from the states will be asked to meet the special exhibit train when it returns to Omaha, after the 2,000 mile trip through the east.

The association is to take up the work of exterminating the real estate shark and exposing the dishonest advertiser.

Omaha has been made the headquarters for the association and it has been decided that no executive secretary will be hired. The present secretary, W. A. Campbell of Omaha, will perform the duties of the executive secretary in close co-operation with the state vice presidents.

Numerous plans have been evolved which will direct much attention to Omaha and make it certain that the maximum amount of tourist travel will be routed through that city and every possible effort will be made to have all Panama-Pacific exposition visitors either go or return through Omaha.

As a result of the work, Omaha will become a clearing house for western land information and western land sellers will be in a position greatly to increase their efforts in Omaha.

Edward Rosewater School is So Designated

EDWARD ROSEWATER SCHOOL

The naming of the school building at Fourteenth and Phelps streets in honor of Edward Rosewater recalls that several other Omaha schools have been named for men who have been identified with the advancement of educational matters.

Among the buildings that bear the names of honored citizens is the Howard Kennedy at Thirtieth and Maple streets. It was named about a year ago for the first superintendent of the Omaha schools.

S. D. Beale, who was a former superintendent in 1873 and later instructor in mathematics at the high school, was honored in the naming of the school at Forty-eighth and Walnut streets a few years ago.

John H. Kellom's name is perpetuated in the designation of the building at Twenty-second and Paul streets. Likewise was a former instructor and superintendent and with others was prominently identified in educational circles in earlier days. The school at Twenty-sixth and Franklin

streets bears the name of Eben K. Lons, now a Justice of the peace in this city. He was a former member of the Board of Education and during his incumbency was very active.

The Edward Rosewater building is a two-story structure fronting on Fourteenth street. Eight rooms and a principal's room occupy the first floor while the second floor is given over to eight recitation rooms. It has been under construction for nearly two years. Ground was broken during the summer of 1909 and the finishing touches were put on and the building formally accepted the last week in February.

The school was opened a week ago last Monday. Eight teachers are employed in the school, where pupils in the different grades are taught. Miss Martha W. Christianity is principal of the school.

The plans were drawn by Architect Fred W. Clark, and the building was erected under his supervision.
