GUARANTY LAW EFFECTIVE

Judge T. C. Munger Receives Mandate Authorizing Enforcement. BEFORE COURT FOR TWO YEARS

Before District Court for Hearing in October of 1909—Collection of Funds May Now Be Begun.

(From a Staff Correspondent.) LINCOLN, Neb., March 30.—(Special.)—Judge T. C. Munger of the federal court Thursday received the mandate of the United States supreme court in the bank guaranty case. This document is official authority for the enforcement of the bank guaranty statute in this state. The bill was passed by the legislature two years ago.

The mandate was directed to the district court of the United States for Nebraska. It ordered that the injunction issuing from that court under seal of Judge Munger and Circuit Judge Van Devanter, now Justice of the supreme court, on October 19, 1909, be dissolved and that the decision of the court in the case of the First National Bank of Holstein, the Bank of Junata and the Bank of Pauline, et al., against Ashton C. Shaefferberger, Silas Barton and Lawson G. Brian be reversed.

Banks Start Suit. The case came before the district court for hearing in October, 1909, on suit brought by fifty-four banks of the state against the governor, auditor and treasurer, seeking an injunction against the enforcement of the law. The case was heard by Circuit Judge Van Devanter sitting with Judge Munger. The appeal was taken directly to the supreme court of the United States, which handed down its decision sustaining the law and reversing the judgment of the district court some months ago. The receiving of the mandate from the supreme court is the final step in the judicial process, and the state officers are now in a position to proceed with the enforcement of the law.

When the provisions of the bank guaranty law will be put into effect is a matter which has not been passed on by the banking board as yet. A meeting of that body will be held soon, possibly Thursday evening at which the matter will be discussed. Matters of detail must be worked out before the law can take effect.

Now to Collect Funds. The most important feature of the administration of the bill in its early stages will be the action taken by the board with regard to the payment of the sums which should have been placed in the hands of the board for the state banks in the last two years. The injunction of the district court prevented the collection of these sums. The law provided for the collection of installments of the guaranty fund from the state banks at various times in 1909 and 1910, and the collection of a smaller amount in 1911. Whether to call in the full amount of all that should have been paid in the past at once, or to proceed to collect the guaranty fund in the same amounts and at the end of the same periods of time as provided for in the bill is the matter the board must decide.

Broken Bow Will Vote on Railroad Subsidy. Proposition to Give Bonds Amounting to \$50,000 to New Line to Be Submitted to Voters.

BROKEN BOW, Neb., March 30.—(Special.)—That Broken Bow township will vote on the issuance of bonds for the proposed railroad project is now an assured fact. At a crowded citizens meeting held here last night, the railroad committee appointed by the Commercial club, made its official report which was unanimously accepted. The committee recommended in its report that \$50,000 should be voted in township bonds, the bonds to bear interest at the rate of 5 per cent and become due in twenty years from date of bonds. Thirty thousand dollars is to be delivered to Promoter B. Durant, or the railway company he may incorporate, within thirty miles he is graded, line and rails laid and approved and accepted by the company's engineer. The balance of \$20,000 is to be held over when a similar amount of work has been accomplished twenty miles east.

It is also stipulated that grading shall begin within sixty days from date of the bonds and the fifty miles east and west shall be completed within months from the same date. The same committee was retained to make arrangements for a special bond election and the future protection of citizens.

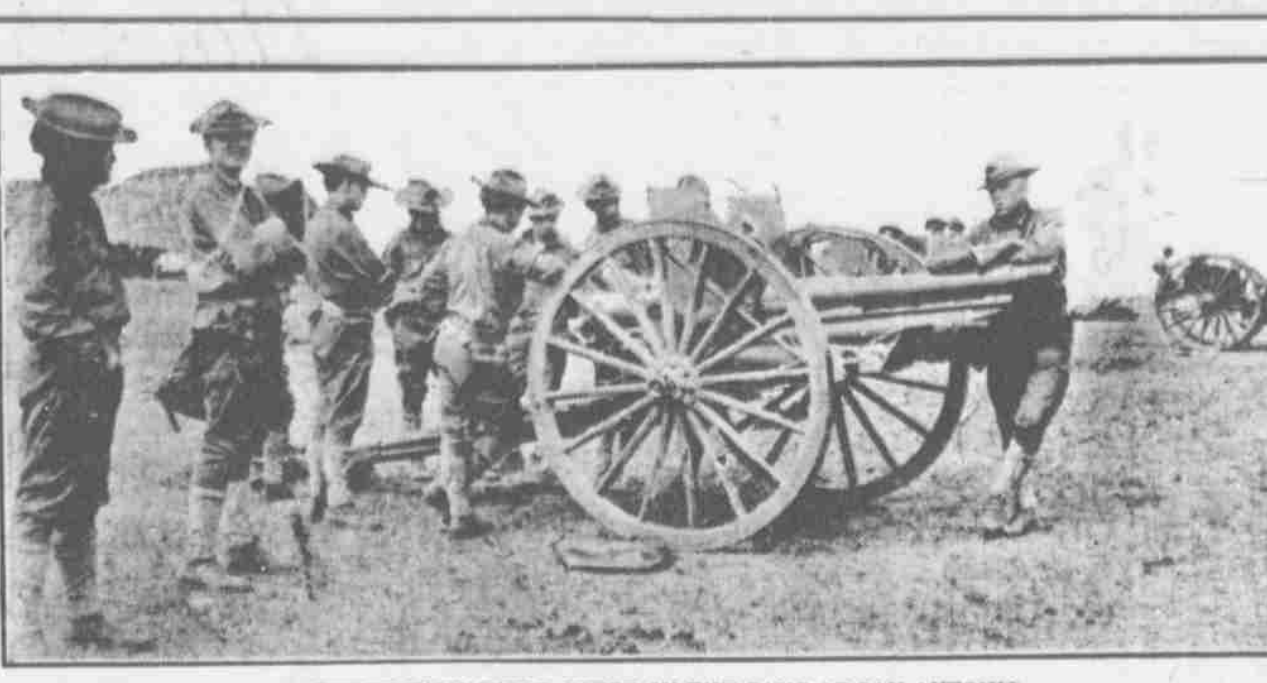

People from all parts of the county were present and took an active part in the meeting. Representatives from Banner county were also present with the object of persuading the promoters to extend the road through their section of the county.

Nebraska City Man to Be Deported. NEBRASKA CITY, Neb., March 30.—(Special.)—Some time since a German giving the name of Burger was arrested because he assaulted the wife of a farmer when she refused to stop her housework and supply him with something to eat when he came begging, but promised him food as long as she got through sweeping. Since the man has been in jail it has been ascertained that he was sent away from Germany because he could not keep out of trouble and was finally jailed because of an assault on his mother. The church furnished him money with which to return to this country. It has been decided by the county officials that they have looked up his record to ask that he be deported and returned to the country from whence he came. This is the first case of deportation from this section of the state.

Teachers Meet in Nebraska City

Chancellor Avery of State University Delivers Address at Opening Session of Convention. NEBRASKA CITY, Neb., March 30.—(Special.)—The eighteenth annual session of the Southeastern Educational association is being held in this city and there is a large attendance. Teachers are here in large numbers and are being cared for by the citizens in general. The meeting this morning was held in the Baptist church and addresses were made by numerous prominent educators from all over this part of the state. This afternoon Chancellor S. Avery of the State university was present and delivered an able address. Addresses were made this afternoon by Principal E. K. Hurr of Falls City, superintendent G. E. Hill of Wilber, Superintendent G. E. Crocker of Lincoln, Superintendent Thomas Barckman of Dunbar, Superintendent R. H. Graham of Wymore, Superintendent V. L. Strickman of Nelso and Principal Vernon G. Mayes of Lincoln High school. In the primary section Superintendent L. N. Clark held a most interesting session, aided by Superintendent Jessie B. Pyette of Beatrice, Miss Kathryn Anderson of Wyoming, Miss Pearl Kelly of Peru State normal and Miss E. Verne Proper of this city. In the grammar school section Superintendent J. A. Crawford presided and was aided by Josephine Moberly of Tecumseh, Prof. J. W. Searson of Manhattan, Kan., and Superintendent S. N. Woods of Falls City.

SUIT AGAINST UNION PACIFIC

John O. Johnson of Grand Island Wants Twenty Thousand for Personal Injuries. GRAND ISLAND, Neb., March 30.—(Special.)—John O. Johnson, through the law firm of Reeder & Lightner of Columbus, has brought suit in the district court against the Union Stock Yards company and the Union Pacific for \$20,000 for damages alleged to have been sustained in January, 1910, while employed by the defendants jointly. Johnson was engaged in a pumping station. He became caught in some machinery and was very severely injured, an arm being fractured, the skull fractured and back, hips and knees bruised. Life was saved, however, and Johnson was apparently restored, but alleges that recurring dizziness seems to be a permanent injury. His petition alleges that the accident was the fault of a defective clutch and that the attention of the employers had previously been called to this defect. The Union Stock Yards company at the time of the accident carried insurance for the man and saw to Johnson's prompt commitment to the hospital and that he received the best surgical and medical attention and nursing.

WAYNE GOES AFTER DEPOT

Railway Commissioners Grant Hearing in Demand Against the Omaha Road. WAYNE, Neb., March 30.—(Special Telegram.)—State Railway Commissioners H. T. Clarke, Jr., and W. J. Purse were here today in a case between F. A. Berry, representing the Wayne Commercial club, and the Chicago, St. Paul, Minneapolis & Omaha railway, in which the complainant asked for a new depot in Wayne. The railway company was represented by Manager Nicols. Several business men of Wayne were called as witnesses and the evidence attained by the examination clearly demonstrated that the present depot quarters of defendant corporation are entirely inadequate for the large passenger and freight business here, which amounted to over \$117,000 the last year.

YOUNG BOY KILLED BY AUTO

Bailey Branton, Living Near Sedotown, Dies as Result of Motor Accident. KEARNEY, Neb., March 30.—(Special Telegram.)—Bailey Branton, 6 years old, was struck and killed by an auto Thursday forenoon near the home of his parents at Sedotown, several miles north of Shelton. The members of the automobile party were not learned, except that one of the men in the machine was Mr. Breaker of Grand Island. County Sheriff Walter McDermott was notified this afternoon and left in an automobile at once for the scene of the accident and will make a thorough examination.

Big Dam at Valentine Goes Out

VALENTINE, Neb., March 30.—(Special.)—The big city dam which has been in course of construction for the last year when just completed and filled up about a day, went out this morning, tearing out all of the cement work and most all of the dam north of the power house. The rush of water drowned several head of cattle and hogs for Mr. Gaskill, a farmer living on the creek a mile below the dam. About two weeks ago, the dam was filled and a crack was discovered in the cement and the water was set out again in order to repair the damage and it was thought the work was done and it was the intention to begin lighting the city within a few days now, but owing to faulty work or wrong plans or something the dam failed to hold and the work will all have to be done over.

Aged Man Is Drowned

HASTINGS, Neb., March 30.—(Special Telegram.)—The body of John Davidson, an aged 66, pioneer citizen, was found floating this afternoon at Heartwell lake.

Death resulted from drowning, probably accidental. On investigation the coroner found no evidence of suicide and no inquest was ordered. For many years he conducted a tailor shop here. It is thought the man suffered a stroke of apoplexy while fishing and fell into the lake.

The death of E. E. Goodrich, president, brought about a number of changes. L. W. Goodrich was elected to succeed his father as president of these institutions. His election left a vacancy in the office of vice president and John Heasty, who recently returned from Los Angeles, Calif., was elected to this place. In order to fill the vacancy in the directorate of this bank caused by the death of E. E. Goodrich, A. B. Goodrich of Glastonbury, Conn., was elected, and to fill the same position in the Fairbury Savings bank Samuel Allen was elected. S. M. Bailey was elected treasurer of the Savings bank.

NEBRASKA CITY—Thursday night the office of the Ohio Lumber company was entered and all of the drawers opened and contents thereof strewn over the floor, but no money was secured. This burglary was committed while all of the lights were on in the office and a large crowd of people were in front of the premises, which was hidden in an out of the way place. Wednesday night they visited the general merchandise store of L. A. Krepp in Wyoming, where they carried off a large amount of canned goods, twenty-five pounds of cheese, a rifle and several pairs of shoes. All three places entered were secured by breaking out a small window and then opening the doors.

A RASH BECOMES A MASS OF HUMOR

On Baby's Face, Head and Shoulders—Parents Decided He Could Not be Cured—Cuticura Made His Skin Perfectly Clear. "Our boy was born in Toronto on Oct. 13, 1905, and when three months old a slight rash appeared on his cheek. What appeared to be a water blister would form. When it broke, matter would run out, starting new blisters until his entire face, head and shoulders were a mass of sores and you could not see a particle of clear skin. Other parts of his body were affected, but not to such an extent. We did not know what to do for him and tried about every advertised remedy without avail. Indeed some of them only added to his suffering and one in particular, the Remedy almost put the infant into convulsions. The family doctor prescribed for him and held us to his medicine, but it did not do any good, so we took him to a hospital. He was treated as an out-patient twice a week and he got worse. He then called in another doctor and inside of a week the boy was, to all appearances, cured and the doctor said his work was done. But the very next day it broke out as bad as ever. "We decided that it could not be cured and must run its course and so we just kept his arms bandaged to his side to prevent his tearing the skin off. I left Toronto shortly after our arrival in Duluth, the Cuticura Remedies were recommended. We started using them in May, 1909, and soon the cure was complete. You would not think he was the same child for Cuticura made his skin perfectly clear and he is entirely free from the skin disease. There has been no return this time. We will use only Cuticura Soap for baby's bath. Robert Mann, Proctor, Minn., May 3, 1910. Cuticura Remedies sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. 25¢ Mailed free, latest book on Treatment of the Skin."

W. A. Jones, Secretary, Louisiana Exploitation Association, Shreveport, La., Marshalltown, Ia., March 25, 1911.
Dear Sir:—I wish to state that I believe the land of Northwest Louisiana to be as great a bargain today as the West offered years ago. I know no reason why there will not be the same rapid enhancement of values and that these lands in Northwest Louisiana will be taken up very quickly by Northern men as soon as they know of the opportunities offered in your section. I have recently been over several of the Southern and Southwestern States and the fact that I have just bought a large plantation through you in the Shreveport section is the best argument as to what I personally think of that section. I know of no objection that can be found to your country and feel that it only has to be shown to the Northern man to convince him of the limitless opportunities in Louisiana. Very truly yours, E. S. BURROUGHS.

How to Avoid Street Car Accidents
VII.--Riding on the Bumper
A NICE, snug lunatic asylum is the proper place for any man who will ride on the "bumper" of a street car. He deserves to have his accident policy canceled and a guardian appointed.
For the benefit of those who do not know what the "bumper" is, it may be explained that it is the projection back of the rear platform dash, upon which foolish persons sometimes ride.
