NEW FACTS ABOUT THE BIBLE

Exhibition in London Contains Old and Valued Volumes.

LINDISFARNE GOSPELS SHOWN

Relics of Tyndale Occupy Several Cases—Catholic Women Are Called to Missionary Endeavor.

In the Latin Vulgate version, written in the best hand and ornamented exquisitely in the Anglo-Celtic style. This book, of great interest to the English, was written at the monastery of Lindisfarne, or Holy Island, off the Northumberland coast circa 700. There it appears to have remained until the Danish invasion of 850 took place, when Bishop Eadulf fled with his treasure. On the way to Ireland, the story goes, the book was lost overboard, but was cast up by the tide. Eventually it came into the hands of Sir Robert Cotton early in the seventeenth century.

commoner mistakes which have been found: "Troacle" Bible (1568)—"Is there no troacle in Gilead?" (Jeremiah vii, 22). "Rostin" Bible (the first Douai Bible)—"Is there no rostin in Gilead?" "Vinegar" Bible (Oxford, 1716)—"Parable of the vinegar (vineyard)." (Heading of St. Luke xx).

Views of Bishop of London. "I would throw up my orders and leave the church tomorrow if I thought that God cared for one set of the community and not for the other," said the bishop of London recently. "Why were there rich and poor? His lordship went on to ask. The answer of the theologian was no good to-day. He had more respect for the man who said our society was on a wrong basis. On economic grounds he did not agree with the socialists, who, however, were in many cases full of burning love for the community. His lordship believed God had given the martyr his riches in trust, in order that they might pass them on to others."

Heresy Case Brewing. New York is expected to keep up its record this year with a heresy case. Despite the action of the last general assembly in New York cases, wherein Presbyterians were warned against the ordination of candidates to the ministry whose views were not sound on the fundamentals of the Westminster confession, the New York Presbytery has ordained a young man whose views are nebulous on some of the principal points in the confession and this will, it is expected, cause a lively debate.

TO THE LAND OF FOOLDOM. A Letter from Robert Lewis Stevenson and an Invitation to a Meeting.

A Bachelor's Reflections. A man's early ambition to be a milliner can sooner down in the end to a yearning for theater seats.
