WASHINGTON, June 12.—Worthless except as Junk, the old monitor Puritan, bushed with was sunk recently in Hampton Roads by a high explosive test and subsequently raised, will be sold to the highest bidder if the recommendation of an examining board to the Navy department is adopted. The board found that the cost of repairing the vessel would be excessive and recommended that it be sold for not less than \$12,000.

The Puritan, built about twenty years ago, was regarded as one of the most powerful coast defense vessels in the world. It cost \$3.565, or nearly as much as the great battleship Delaware, exclusive of its armor and armament.
