Slighty Have Claims-Claims for personal damages have been pouring into the Burlington headquarters at Omaha ever since the date of the Indianola wreck, May 29, when eighteen people were killed. The total list of those who were hurt, scratched or bruised in any way includes eighty people. It is thought that the Indianola wreck will cost in the neighborhood of \$250,000, the loss of cars and damages paid being counted in. The biggest personal loss entered was from the family of one of the Holdrege passengers who was killed, asking for \$32,000.

New Thoughters Radiate Healing, with This City the Center. TELL OF PERSONAL HEALING Toothache is Cured by a Teacher

While Riding on a Train-Ella Wheeler Wilcox Meeting

Last Evening. Omaha became the center of world-wide

radiation of joy and healing Thursday noon. The national convention of the New Thought alliance held in silence and solemnity a meeting of helpfulness which was planned to send out a warmth felt round the world. The feat was accomplished for the most part in eloquent silences under the leadership of Mrs. Annie Rix Militz, a western leader of the cult. The morning program was given over partly to the recital of personal experiences, but only two speakers had a chance to talk. A. P. Barton, Kansas City, told how he healed a woman who had been blind for nineteen years by convincing her that she could see. R. C. Douglass, the new thought teacher from Boston, reported the following conversation which

he said took place when he was making a business trip in the cast: A man was seated in front of a base

burner nursing a toothache. "What's the matter?" this from Mr.

Douglass. "Toothache. I've had it for two days."

"Why, how you must enjoy it?" "Humph!"

"If you don't enjoy it you wouldn't hang on to it so." "Aw, rats."

"Do you believe that your spiritual self can have a toothache?"

"Aw, go away and don't bother me." "You believe that you have a spiritual self, don't you." 'Yeh.'

"Well, do you think it could have a headache?" "Mebbe not."

Well, then how can your toothache be real?" After this question Mr. Douglass held him a moment in a gaze of truth. "Who said I had a toothache?" said the patient and he arose a well man. The morning program included an ad-

dress by Dr. L. A. Merriam on the "Infinitude of Nature." The afternoon proin Omaha Territory sram included a paper on "Cosmie Gilmpses," by Grace M. Brown, and one by John Milton Scott, entitled, "After Cosmic Glimpses, What?" The recital of Ella Wheeler Wilcox's poems of Passion will be given tonight by Miss Lucia Griffin.

cause of all the trouble. The Omaha agency is incorporated under the laws of the state and the form of the company's badge is recorded in Lincoln. F. W. McGinnis, superintendent of the Omaha Secret Service agency, is said to have "cut in" on the field previously held by the Pinkertons who are generally understood to be closely ailied with the federal operatives.

Mr. McGinnis said at noon that he would not stand for any opposition detective agencies dictating to him how he should conduct his business. The fact that Superintendent Allen of the United States secret service gave orders to have Worley arrested did not improve the situation in the estimation of Mr. McGinnis.

OMA HOTEL IS ON TRIAL UNDER THE ALBERT ACT

ing Voters to Authorize the Issue.

An address to the voters of Douglas Douglas county, signed by all members of the Board of County Commissioners, has been issued. It is in support of the proposed bond issue for the completion of the court house, to be voted on next Tuesday. The additional issue is to be used in furnishing the building and equipping the jail. The original estimate for this purpose was \$365,000, but this has been reduced to \$220,-000, and as the board estimates that a surplus of \$30,000 will remain from the original issue of \$1,000,000, a new issue of \$200,000 will provide the needed funds.

At present the county has outstanding in bonds \$1,975,000, which includes the isthree years ago. It is intended to retire July 1, 1912. The court house bonds are to be taken care of at the rate of \$50,000 per year, and the additional \$200,000, if issued, will be retired at the rate of \$20,000 a year after ten years. ## FIREWORKS TO BE KEPT INSIDE

Sales from Street Stands to Be Prohibited by the Authorities.

ARE AFTER A SAFE FOURTH Mayor and Chief of Police Confer and Then Issue Stringent Orders in Reference to Sale of Explosives.

Deviating from a time-honored custom no permits for the sale of fireworks or firecrackers at public stands will be issued this year by Mayor Dahlman. Such an sue of \$1.000,000 of court house bonds, made order was promulgated Thursday morning Prosecution of the Oma hotel under the \$158,000 of this sum on July 1 of this year. or firecrackers are sold, it must be done inside the buildings.

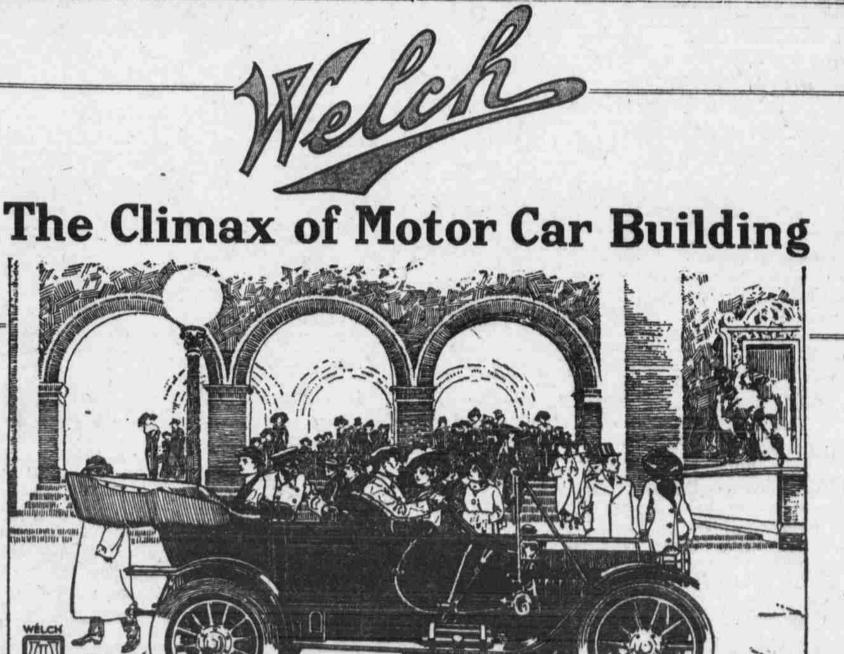

The order came as a result of confer ences which have been held between Chief of Police Donahue and the mayor looking toward a safe and sane Fourth. In past years the mayor has issued permits for the sale of combustible materials in public stands, but fires and other accidents have

resulted. "The order goes for everyone," said Mayor Dahlman. "There will be no dispensating or modifications of the rule. If it is possible, and I believe it is, the Fourth of July will be celebrated here without any accidents to mar the glory of the day. The fire department heartily endorses the stand of the mayor. In fact, it was officials of this department who issued the first prohibitive orders. After a conference with Chief Salter, City Fire Warden Ed Morris announced that all combustible materials sold in front of buildings would have to be kept in a glass show case. But the mayor's order eliminates this one.
