BOND ISSUES IN TEN YEARS

Voters of Omaha Authorize Mortgages for Many Millions.

FIGURES THAT TELL THE TALE

If Proposals Carry Tuesday, Total Since 1900 Will Amount to **\$22,745,000** for All Purposes.

The impending special bond election makes it of interest to know what the citizens of Omaha and Douglas county have done in the last ten years in the way of granting authority to issue bonds.

Douglas county has been called upon for the least, an issue of \$1,000,000 in 1905 to construct the new county building. The last previous issue of county bonds was for the exposition in 1898.

Since 1900, the citizens of Omaha have authorized the issue of bonds by the city authorities, the Water Board and the Board of Education for various purposes to the total amount of \$14,290,000. Not all of these issues have been sold, however.

For city purposes the bond issues since 1900 have been:

Paving, etc.	\$424,000	Renewal	2,823,000
Sewer	313,000	Engine house	150,000
Funding	239,000	Park	50,000
Total	\$1,275,000		\$3,796,000

The total outstanding bonded indebtedness of the city at present is \$5,960,000, the difference being the bonds issued prior to 1900.

The bonds issued by the Omaha Board of Education since 1900 are:

1901	\$ 60,000	1909	150,000
1902	100,000	1910	100,000
1903	100,000		
Total	\$300,000		\$1,250,000

The total bonded indebtedness of the school district of Omaha is at present \$1,550,000. Of the last issue of \$750,000 of school bonds, half as yet remains unsold, but the contract for the new high school construction will absorb the issue.

In March, 1900 the voters authorized \$3,000,000 for the purpose of purchasing the plant of the Omaha Water company. In May, 1908, another issue of water bonds to the amount of \$6,500,000 was authorized. Authority to issue these bonds has never been rescinded.

The total bonded indebtedness of the county, city and school district at present is \$8,500,000. If the bonds now proposed carry, it will make a total authorized since 1900 of \$22,745,000.

The city council proposed to ask for \$100,000 additional engine house bonds, but withdrew its proposal on account of the other bonds being asked by the Water Board and the county.

REV. MR. MATTHEWS TO SPEND HIS VACATION IN EUROPE

Reverend Minister Will French Last Sunday before Starting on Trip.

Rev. John Matthews, pastor of the First Baptist church, will preach his last sermon Sunday before starting for Europe, where he will enjoy a rest for two months. During his absence the pulpit will be supplied by other ministers, but evening services will be discontinued until he returns.

Mrs. Freeman Asks Court for New Trial

Several Grounds Are Offered by Her Attorney—Distinction Between Two Words.

Petition for a new trial was filed Saturday by Carl E. Herring and Isador Ziegler, the attorneys for Mrs. Lizzie Freeman, who was found guilty of manslaughter for the killing of her husband, by a jury in district court Friday.

One of the grounds presented is that the court was wrong in instructing the jury to return a verdict of guilty if they found the defendant possessed of the ability to "distinguish" between right and wrong, holding that it should have been the ability to "choose" between the two.

Other grounds were that the court erred in refusing to admit as evidence certain testimony relating to the relations between the murdered man and Mrs. Margaret Hirsch; also the refusal to admit testimony showing that Mrs. Freeman had gone to the house where she found her husband, under the advice of the county attorney and chief of police, in an effort to get evidence upon which to base a criminal charge against Freeman.

JUDGE DAY ADOPTS HOT WEATHER PLAN OF COURT

Holds that One Session in the Equity Division Because of the Heat.

Judge George A. Day in the equity division of district court has solved the hot weather problem and established an innovation in judicial circles that bids fair to become popular. During the next few weeks he plans to hold but one session a day and yet do as much work as before, calling court at 8 o'clock in the morning instead of at 9:30 o'clock, and running straight through until 1:30 without the noon recess.

He put the plan in operation Friday with the Doll estate case, which has been dragging its tedious way along for the last three weeks, and all the parties involved are jubilant over the result. The court rules of practice call for two sessions, but the judge thinks he can continue his plan provided he can get the approval of the attorneys whose cases are up.

SEEKS DAUGHTER WHO JOINS ADVENTIST COLONY

Calhoun Man Asks Omaha Police to Assist Him in the Search.

Police Captain Michael Dempsey received a telegram from C. H. Jipp of Park Calhoun, Neb., requesting him to have the Omaha police locate his 16-year-old daughter, Helen Elizabeth, who left home a week ago to join a colony of Adventists at Grand Island.

The girl is said to have become fascinated with the teachings of the cult and, notwithstanding the admonition of her father, persisted in leaving home. Mr. Jipp's message stated that his daughter is known to have been in Omaha with the wife of the Adventist preacher during the present week, and he wants both held until he arrives here.

PRE-FOURTH DON'TS ISSUED

Mayor Forbids Discharge of Fireworks Before July 3.

POLICE TO ENFORCE ORDERS

Not Only Unlawful to Explode Fireworks Before the Fourth, but They Will Not Be Permitted on the Streets.

Premature celebration of the Fourth of July is tabooed by a proclamation, issued by Mayor Dahlman Saturday morning. Little Johnny and his pals, and big Johnny as well, will have to await the evening of July 3 before they will be permitted to explode fire fireworks of any kind, and then the display of fireworks is forbidden on streets or sidewalks.

In fact from the mayor's proclamation the patriotic citizen will have a much more difficult time in learning what he can do and where, than he will find out what he cannot do. Here is the mayor's list of don'ts, which he has directed the police to enforce:

No fireworks of any kind shall be exploded within the city limits until the evening of July 3.

There shall be no display of fireworks on any streets or sidewalks.

The discharge of fireworks, fire crackers, gunpowder or any explosives in any alley, back yard or confined place is prohibited.

The discharge of cannons, pistols, revolvers or other firearms, or cannon crackers is hereby prohibited.

All bonfires upon any streets, alleys, highways or parks within the city limits are hereby prohibited.

Any person violating any of the above provisions will be subject to arrest.

The police are directed to enforce the restrictions and especially ordered to arrest any person discharging cannons, firearms or cannon crackers.

"We intend to have a safe and sane Fourth if it is in the power of the police department," said Mayor Dahlman. "I suppose the orders will be violated by some people, who do not care whether they observe police regulations, but if injuries result they will have themselves to blame."

ORDERED TO ABATE NUISANCE

Liveryman with Stable Near Haneson Park is Ordered to Remove Refuse.

Charging that proprietors of livery and feed stables in the neighborhood of Dorcas street and Park avenue are using the southwest corner of Dorcas and Park as a dumping ground for refuse have been filed with the Health department by William Bellamy, who lives on Nineteenth street and Park avenue.

Bellamy says the practice has resulted in a nuisance, which is detrimental to the health of residents of the district and has requested the nuisance be abated.

Acting on the request, Dr. R. W. Connell, health commissioner, has ordered the owners of the stables to stop and also to cover up such refuse with dirt.

Counterfeit Dollars
Buy trouble, but a genuine quarter buys Dr. King's New Life Pills, for constipation, malaria and jaundice. For sale by Beaton Drug Co.

GENERAL SOLICITOR OF THE U. P. WINS GREAT VICTORY.

N. H. LOOMIS.

LOOMIS IS CONGRATULATED

General Solicitor of the Union Pacific Receives Many Messages.

GETS CREDIT FOR THE VICTORY

Omaha Man Prepared the Brief in the Famous Merger Case—Tells of the Defense He Made for the Road.

To N. H. Loomis of Omaha, general solicitor of the Union Pacific railroad, belongs much of the credit for the Harriman line-winning the merger suit for the railroad. Mr. Loomis worked for months preparing the brief of the Union Pacific's defense against the merger charges.

Saturday morning, shortly after the announcement of the decision of the court, telephone calls from legal lawyers, telegrams from the Harriman office in New York and Chicago, and words of congratulation from everywhere, came to him in his office.

"The decision is what I had hoped for and expected," said Mr. Loomis. "We are very much gratified, of course, that the court decided in our favor. I do not care, however, to say anything further concerning it, until after I have read the full text of the opinion."

Mr. Loomis did state, however, that he thought that this decision would be final. The basis of the defense of the Union Pacific was, he said, the fact that the line which the Union Pacific was said to have bought, was not a competing line, but was a road being operated in conjunction with the Union Pacific.

"When the franchise was granted the Union Pacific by the government," he said, "it was to build a line from the Missouri river to the coast. Our line to Ogden was not to the coast and in order to buy the line of the Central Pacific to San Francisco, Mr. Harriman was forced to buy all the lines of the Southern Pacific."

ENORMOUS TASK AHEAD YET

Assorting of All Answers by a Big Force of Clerks.

JUDGES MAKE ACTUAL AWARDS

System of Checking Removes All Possibility of Mistakes and Insures Good Protection to Each of the Contestants.

Under the supervision of the judges in the Booklovers' contest a large number of experienced clerks will be set to work soon after July 2 at the enormous task of discovering the winners in the title contest of The Omaha Bee.

The pile of answers, which will probably weigh a ton and which will fill a large vault on the second floor of The Bee building, will be attacked with vim by the corps of workers. The first work will be to mark each separate set of answers for identification with a special stamp.

When this has been completed the stamps will be destroyed and answers not bearing this mark will be considered out of the competition.

Taken from Safety Vault.

When all the answers have been assorted in this manner and are ready for rapid going through by the judges, the original answers will be taken from the safety deposit vault in the Omaha National bank. Copies of this list will be distributed among the judges and the actual work of passing on the correctness of the answers will be started.

Though the stamping and marking of the lists is a great task, which will require many hours to complete; that of examining each answer and marking the number of correct answers will be even a greater job.

That there may be no errors, the examination of the lists will be done twice, one checker verifying the work of the other.

Should there be any difference in the lists, a third person will check the entire lot.

Justice to all demands care in passing upon the correctness of each individual list. Haste, therefore, is impossible. Each answer must be scrutinized and passed upon by the checkers. Finally, the judges will certify the correctness of the work and make the awards.

Burglar Recognized During Hurried Exit

Negro Enters Neiberg Home on Twenty-Sixth Street and Secures Small Loot.

Mrs. Neiberg, 224 North Twenty-sixth street, was awakened at 4 o'clock this morning by a noisy burglar. She nudged her husband and he chased the intruder through a window, but only after the burglar had secured a lockbox and a small amount of money.

In reporting the matter to the police Mrs. Neiberg stated that she recognized the burglar as Sam Baxter, a negro who is well known in the neighborhood.

Persistent Advertising is the Road to Big Returns.

Rain Visits Part of Nebraska Friday

Parts of the Western Section Get Half an Inch—Others Have Good Showers.

Old Sol still keeps the mercury up to the top limit on all Nebraska farms, but welcome rain fell Friday night in scattering places throughout the central, western and southern parts of the state. Minden, Holdrege, Red Cloud and Arapahoe had precipitations of half an inch, according to the reports telegraphed in to the Burlington office.

No rain fell in the eastern part of Nebraska, but light showers were reported at Ravenna, Sargent, Hastings, Upton, Republican, Orleans, Oxford one-quarter inch, Sidney one-eighth inch.

Friday was one of the few days in Nebraska when there was not a wind or breeze blowing over the state. Southern winds blew over the eastern part of the state in light puffs, but over the great corn belt and the wheat fields there was almost a perfect calm. This will save the farmer thousands of dollars of wheat and corn, as it is rarely sunshine alone which kills crops, but the hot wind, full of sand and dust, which withers the green things.

Temperatures at 5 a. m. Saturday were from 65 degrees above to 92 degrees. Lyons, Neb., had the unlucky 92-degree mark. The general average of temperatures was between 75 and 80 degrees.

Barbara Keller Hurt When Struck by Car

Collision with Her Truck Wagon Occurs at Eleventh and Dodge Streets.

Barbara Keller, who conducts a truck farm between La Platte and Bellevue, was seriously injured at 1 o'clock this afternoon, having been thrown from her wagon, which was struck by postoffice mail car No. 4. The accident occurred at Eleventh and Dodge streets. She was taken to police headquarters, and later sent to St. Joseph's hospital with three broken ribs and other injuries.

When the car struck the wagon her horses ran away and were captured at Thirtieth and Capitol avenue. The motor-man of the mail car is P. P. Trancan.

Green Gables
DR. BENJ. F. BAILEY.
SANATORIUM
Lynchburg, Neb.

This institution is the only one in the central west with separate buildings situated in their own ample grounds. Yet entirely distinct and rendering it possible to classify cases. The one building being fitted for and devoted to the treatment of noncontagious and nonmental diseases, no others being admitted. The other Rest Cottage, being designed for and devoted to the exclusive treatment of select mental cases, requiring for a time watchful care and special nursing.
