Nebraska Holds Jurors Get No Pay for Recess

Three Judges Give Decision in Case Which is Reversal of Ruling Made in Douglas County.

(From a Staff Correspondent.)
LINCOLN, July 6.—(Special.)—According to a decision rendered by Judges Frost, Crampton and Smith of the district court, sitting on bench in the case of F. C. Cochran against Lancaster county, a juror who is excused from duty from Friday evening to Monday morning is not entitled to pay for the Saturday intervening. Juror Cochran sued for \$5, alleged to have been due on account of three days of such Saturday service.

Jurors were never paid for time during which court was adjourned until about a year ago, when a decision in an Omaha case gave an excuse for such remuneration. The state session of the legislature passed a law raising the compensation of jurors from \$2 to \$3 per day. When this statute went into effect Clerk of the District Court Baer asked County Attorney Strods for a ruling, desiring information whether allowance of pay should be made for the Saturday recess. The county attorney replying in the negative, the clerk refused to make such payment and the claim of Juror Cochran was not allowed.

Judge Crampton, in commenting upon the judgment of the court, stated that the question at issue was merely as to the law, and not as to the facts. He was bound by the law, and was bound to give the jury the law. He stated that the law says that jurors shall receive \$3 per day "while employed in the discharge of their duties," and they are clearly not thus "employed" when they have been excused from duty by the court and told that they need not be for work until a definite date in the future.

Republicans Meet in Lancaster Today

County Convention May Have Contest Over Choice of Delegates to State Meeting.

(From a Staff Correspondent.)
LINCOLN, July 6.—(Special.)—The republican county convention will be held here tomorrow morning at 11 o'clock. Delegates will be selected to the state convention and a new county committee will be selected for the coming year. Two members for the state central committee will also be chosen for the coming year. Several precinct caucuses were held last night and delegates to attend the county convention were selected.

Little interest is being displayed in the affair, the consensus of opinion being that if any excitement arises it will be largely over whether or not they or other delegates are to be chosen to attend the state convention.

THIRTY GREEKS COMPLAIN THAT THEY ARE GOUGED

George Spheropolopolos Heads List in Objections to Employment Tactics of Countryman.

(From a Staff Correspondent.)
LINCOLN, July 6.—(Special.)—George Spheropolopolos and twenty-nine other Greeks living in Omaha, have filed a complaint before Labor Commissioner Guye alleging that one of their fellow countrymen, Louis Cokos, has deceived them, basely and that he has fraudulently extorted from them in return for certain employment. They charge that Cokos is an employment agent and also an employee of the Union Pacific railroad, inasmuch as the bill giving the labor commissioner jurisdiction in such cases was not passed at the late session of the state legislature. Commissioner Guye has no authority in the matter.

The petition sent to Mr. Guye recites that Cokos receives from \$4 to \$8 each for obtaining employment for Greek workmen and that they have to pay that amount themselves. The petitioners say that the nature of the employment offered them is grossly misrepresented, that oftentimes they do not get the jobs for which they pay over their fees, and that oftentimes they have been "fired" after only a few days' employment, and frequently the money earned in installment to meet the expenditure to Cokos. Further, the Greeks say, that Cokos holds them up for other contributions, telling them that they cannot retain their positions unless they dig up to him instantly. They allege that large sums of money have been paid to their fellow countryman in this way and they claim that it has all been obtained through fraud and misrepresentation.

Many of the petitioners could not sign their names in English, but made their crosses or Greek letters to show where they had attached their signatures.

Greek bootlickers who petitioned Mayor Dahlman to close shoe-shining emporiums on the Sabbath, have sent a copy of their request to Labor Commissioner Guye. The question of Sunday labor came up in the supreme court some time ago from Douglas county, but the decision given did not give an opinion on other than common labor on that day.

SECRETARY C. M. WAYNE WILL LEAVE FOR GARY, IND.

Y. M. C. A. Head at Lincoln, Formerly of Omaha, Will Take Up New Duties.

(From a Staff Correspondent.)
LINCOLN, July 6.—(Special.)—Secretary C. M. Wayne of the local Young Men's Christian association has resigned from his position here, having accepted a similar position with the Gary (Ind.) association, a field which is at present undeveloped, and which offers large possibilities for industrial work. While Mr. Wayne has not decided when he will terminate his relations with the local organization it is believed that it will be for several months. Mr. Wayne came to this city from Omaha eleven years ago, at which place he had been assistant secretary for six years. When he came the Young Men's Christian association had forty-four members, no property and a debt of \$4,000. During Mr. Wayne's regime the association has grown to the largest in the country, considering the size of the city, and only recently moved into a large five-story building which they completed at a cost of more than \$100,000. In many ways the local organization is looked upon as a model Young Men's Christian association and Secretary Wayne is regarded as one of the leading workers in the country.

At Gary, where Mr. Wayne will go, there are huge steel interests, with which he will come in direct contact. There are over 100 men employed in the works there, and the city has a population of 100,000. He is the neighborhood of 200 works now there. The city has about 5,000 population, but it is growing rapidly. E. H. Gary of the United States Steel corporation recently presented the association with a \$10,000 fund, which they gave a \$2,000 and the balance they spent on the building.

knows how I came by them. He died of lack of faith. The gems were blue, they were found on his body. He had obtained the ring, but the spirits bound him. "The gold pebbles were my own product of my genius. Place them in the water at midnight as the blue here passes the swamp--all believing, nothing doubting, I will aid you. The spirit bids me hasten, I must be gone. Farewell." Thomas' body was found in the woods about 50 years ago. He had been frozen to death.
