JUNE CIRCULATION. 48;466

State of Nebraska, County of Douglas, sa Dwight Williams circulation manager of The Bee Publishing company, being duly sworn, says that the average daily circula-tion, less spoind, unused and returned copies, for the month of June, 1911, was DWIGHT WILLIAMS, Girculation Manager. 48,406.

Subscribed in my presence and sworn before me this first day of July, 1911. (Seal.) ROBERT HUNTER. Notary Public

Subscribers leaving the city temporarily should have The Bee mailed to them, Address will be changed as often as requested.

It takes real money, though, to buy artificial ice.

Balley and Henry-the two great end men from Texas.

Now, off-hand, what is the name of Ethel Barrymore's husband?

Owing to the long speeches in congress chautauqua seasons are late.

If you really find your money is

tainted send it to Uncle Sam. He will wash it.

A Chicago man makes a plea for cooler clothes. We prefer cooler weather.

When aeroplane marriages become fashionable there will be more couples falling out.

Too hot to vote for commission form of government, but not for water bonds. What's the answer?

Unless something intervenes to offset the verdict of the jury Evelyn Arthur See has a new taste of the absolute life coming.

It may soon become necessary for favors rather than deny the debt altothe Massachusetts legislature to build gether.

## On the Wrong Foot. A circular address of greeting and

courceous treatment of patrons, ap-

preciation of the interests of the stock-

holders and their right to carnings

that will enable them to reap divi-

donds. President Bush, however, gets

off on the wrong foot, and invites

dissent, where he intimates that the

people served are under obligations to

the railroad owners that they cannot

hope to repay. This is what he says

There are no good reasons for the un-

urdens and deprive them of their just

admonition to the officers, agents and employes of the Missouri Pacific just issued by the new president, B. F. Bush, reflects a peculiarly confused idea of the relation of the railroads to the other. Too many men have the public. On the whole the salutatory is replete with good advice. dwelling on the need of loyalty on the part of every employe high or low, Alaska and the states both. demand for considerate and

Undoubtedly there has been too much sharp dealing, to use a mild term, by interests exploiting, or seeking to exploit, Alaska, but that there has been much exaggeration of what has gone on is equally true. To get down to brass tacks and reach a basis it will be necessary for the various factions to subside or be forced to the background. If personalities and politics could be subordinated to the gen-

dues. Considering what railroads have done through investment of private capital, That was a most interesting letter in upbuilding and developing the country, written to The Bee by the redoubtable | zens generally." in creating its wealth, in improving the conditions of living and in uplifting the peo-Charles Wooster, one of the old-time ple and adding to all the conveniences and fusion war horses, throwing the harcomforts of life, it would seem that ordinary common gratitude would be awak- poon into the nonpartisanship fake on ened in the people who share these blesswhich the democrats tried to run their ings and as a result that a more enlightcandidates into office two years ago, ened and just public sentiment would preand which some of them want to revall toward them. ### IN SUMMER.

The sheep's on the hill, The bird's on the wire. The worm's in the bill And the bird's breast afire: The bloom's on the clover. The sting's on the bee Where the bare-foot, now wanders Just hear him-dear me!

The cloud's in the river, The star in the lake: In the leaf not a quiver The soft breezes make: The boat's on the water. The mist on the moon. Then it's joy to the sailor And blins to the spoon

The sweat's on the brow. The dust on the sole. In the furrow the plow. But ahead is the goal. Where a well-trodden part Leads down to the brook Where cool waters run And the bait's on the hook. —Eavoit Ne Tre's
