A Wonderful Opportunity to Save Money!

Great Rug Sale

BEGINS MONDAY AT BRANDEIS STORES

We secured at a low cash figure the entire stock of rugs from an eastern mill. We paid actually less money than it cost to manufacture these rugs.

We never made such a fortunate purchase of rugs, nor one in which the lots are so complete and the varieties so large. The bargains will be remembered for years. No store but Brandeis could offer such bargains.

We have held great rug sales in the past, but this is the greatest sale of rugs ever held by any store anywhere

It is now so well known that Brandeis, always buys for cash, no matter how large the stock or how fine the quality, that some of the greatest bargains in America are first offered to us.

Practically our entire third floor is devoted to this sale—85 clerks to wait on you—No crowding—No disappointments—No delays.

TIMELY REAL ESTATE GOSSIP

Society of Downtown Business Locations Indicates High Value.

REALTY BUSINESS PICKING UP

No Large Deals During Week, but Signs of Awakening After Summer Vacation Appear—Many Fine Residences Going Up.

"Take a look at these two letters," said a local real estate man yesterday as he showed two lengthy epistles over to the reporter to read. "One is from Denver and the other from Kansas City. They are from merchants who want to come here if they can get good downtown locations. Now rack your brains for a good vacant store of suitable size within a radius of three blocks from the Board of Trade building. You can't think of one, can you? Well, neither can I, and this fact is one of the biggest booms for Omaha real estate that possibly could be imagined.

"Every store which would be a desirable location for a restaurant, a jewelry store, a haberdashery shop or a dry goods concern has been taken up long ago, and the only chance I can see for a newcomer to get a good location is to wait until the present lease on some of the storehouses expires or else buy up some other merchant's lease or property, and judging by the way property holders down town have been holding onto their places in the last few years there seems to be small chance for any new firms. If a choice downtown location is the only inducement that will bring them here, who wants to come here?

"The reason I give for this is that downtown real estate and property increases in value as property in few other cities does, and it is the safest and most desirable investment that can be found.

Take, as an example, the property at Seventeenth and Douglas streets, recently purchased by the Boston Ground Rent company. A few years ago Dr. Gifford paid \$97,000 for it and shortly after buying it disposed of it again for \$105,000 without doing anything to it except paying a couple of years' taxes on it. I think that is one of the things that few other cities can boast of, and it certainly is a sermon on Omaha real estate."

The real estate business became a little more active during the last week than it has been for many weeks previous, although no large sales have been reported. The Real Estate exchange resumed weekly sessions and for the first time in its history a woman was admitted to its membership roll. This woman was Miss Ethel Nelson of the firm of Gallagher & Nelson.

Police Captain Henry W. Dunn is building a neat home at Thirty-sixth and Mason streets, where he recently purchased a large lot. He expects to spend at least \$5,000 on the house and it will be one of the prettiest homes in the neighborhood when finished. Lloyd Willis drew the plans for the building.

Rasmussen and Kyhl are putting in a busy month. They have the contracts for the erection of the Windsor school building and are finishing the \$10,000 residence of Barton Miller on Buft and Thirty-eighth streets. Among other new buildings being constructed by this firm are the homes of County Attorney James P. English at Thirty-eighth and California, to cost about \$10,000; George Rasmussen at Lafayette and Forty-first streets and John McShane.

Forty acres of land near Benson was sold last week by the firm of Gallagher & Nelson to Robert A. Scoons of Harlan, Ia., for \$200 an acre and twenty acres in the same vicinity brought the firm of A. P. Tuckey & Son \$250 an acre. Property in this

part of Douglas county is rising in value at a rapid rate. Last year at this time the same land could be purchased for \$225.

Dr. F. W. Bilger of the Ardmore (S. D.) Commercial club was in Omaha on his way home from Beatrice last week. Dr. Bilger has just closed negotiations with Kilpatrick Bros. of Beatrice for the purchase of a 160-acre tract of land about two miles from Ardmore, which will be used by the government for an experimental dry farming station.

"We raised the money for the purchase of land by subscription from the people," said Dr. Bilger, "and donated it to the government. Prof. Chilcott of Washington, chief of the bureau of dry farming, was sent to Fall River county to locate the station and he chose Ardmore as the best place in the county. The government will spend \$500 in buildings, including a superintendent's house, a foreman's house, a two-story laboratory building, barns and grain houses. These buildings will be modern in all ways, with running water, etc. A rabbit-rig fence costing \$1,200 will be built around the place."

AGREES TO CARE FOR HIS WIFE

Judge Estelle Releases Man Who is Held in Jail for Wife's Abandonment.

Chris Nielsen, who has been in the county jail facing a charge of wife abandonment, was released by Judge Estelle on criminal court Friday after he had promised to take care of his wife and the mother of the pair had approved his release.

Dick Hall, charged with breaking and entering the home of Charles W. Smith July 30, pleaded not guilty when arraigned. George Cloth and Victor Fuller, charged with breaking and entering the tailor shop of August Hamilton and stealing several suit patterns, pleaded not guilty. Fred

up to the point where it will be of great use to the profession.

The public school teachers are likewise being supplied with a circular giving information touching the 5,000 volumes comprised in what is known as the "school library," which is kept for the use of children who live too far from the public library to conveniently draw books in the regular way. Under this system each school becomes a delivery station. Miss Tobitt the librarian is letting it be generally known among the teachers that they can have the use of 1,000 pictures on subjects useful in teaching geography. These pictures are issued on application the same as books. Teachers are permitted to have special cards, in addition to the regular cards, and manual training teachers can have three of these special cards on which to draw books. Groups of stereopticon slides of scenes in Mexico, France, Switzerland, the Alhambra and historic buildings of Europe are provided for the use of teachers in the lecture room of the library.

Attention is also being called to the opportunities offered for profitable study in the museum of the Omaha library, where a splendid collection of Indian work, relics, and curiosities has recently been added to the great amount of other interesting material displayed on the walls and in the cases.

Authorities.

The human race is not happy without authorities. It likes to be clubbed by police authorities. Doomed by medical authorities. Mordered by religious authorities. Controlled by judicial authorities. Cultured by literary and art authorities. Patronized by financial authorities. Hypnotized by political authorities, and Despised by genealogical authorities—Life.

SPENDS FORTUNE ON HER WEDDING. NOW SEEKS AID

Mrs. Mary Kuklinski-Staskawicz is Deserted When Her Money is Gone.

Mrs. Mary Kuklinski-Staskawicz is again beseeching aid of the Associated Charities and the charity workers are admitting themselves stumped by her violent studies of fortune. When Mrs. Kuklinski-Staskawicz was merely Mrs. Kuklinski and had four little Kuklinskis to take care of on her husband's (Mr. Kuklinski) wages she was not much of a burden to the community. Then Mr. Kuklinski, who was a packing house worker, was killed at the plant. From the packing company she received \$1,000, which would have been enough to keep her for years. But the \$1,000 made her an irresponsible widow in the circles of the Polish elite in South Omaha, where she was at that time, and Mike Staskawicz came courting.

Mike was somewhat younger and Mrs. Kuklinski jumped at the chance to become a Mrs. Kuklinski-Staskawicz and a bride. The wedding that was held in the Polish quarter of South Omaha a few months ago is rapidly becoming a tradition among South Omaha police. It cost, according to the testimony of the hostess herself, just \$300 out of her \$1,000. When Mike sobered up after the wedding he hung around long enough to spend the remaining \$600 and then departed. Now Mrs. Kuklinski-Staskawicz, bereft of husband, fortune and social standing, bewails her fate and begs county aid. She transit gloria!

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrappers and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeits are as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is selling you his most precious possession—your health—may be your life itself. See that you get what you need for.
