WASHINGTON, Sept. 14.—Arrangements for the largest timber sale ever undertaken by the government, involving approximately 50,000,000 board feet of merchantable timber, nine-tenths of it, yellow pine, are being made by the Departments of Agriculture and the Interior. The tract, claimed to be the largest body of good timber left in the southwest, comprises parts of the Apache and Silvernates national forests and Fort Apache Indian reservation in eastern Arizona. It must be sold to the highest bidder. This sale will bring to the government from \$1,500,000 to \$2,000,000, as no bid of less than \$2.50 per 1,000 feet will be considered for timber cut during the first five years of the contract nor of less than \$2 per 1,000 feet for that cut later.
