KOP, DESMOND IS

A MEESER

STEADY

Claude Eclaire, here, and the American sailors are 1 n hot pursuit of Desmond, who has the beautiful Rosamond in his power. They & sh widly through the narrow streets after the villain, whose bleycle gives him a great advantage over his pursuers. However, in Tripoi), where the streets are sort larrow a bicyclist is likely to be stopped by some obstacle or another. Neighbors a 'e so close in Tripoli that when anyone wishes to borrow a dish or a few cups, the y just reach across the street for what they want. This is, of course, conversa nt for the housekeepers, but embarrassing for pedestrians or other passengers.

Naturally the villain Desmond does not pause in his mad career, no matter what splendid home-baked cake is being handed across his pathway. The scoundrel scatters dishes and their contents with an utter disregard of the feelings of the populace. And as the female of the Arab is deadlier than the male, there is trouble in store for Mr. Desmond. However, that notorious scoundrel dashes through everything, helter-skeiter. Pots and pans go flying through the air; the cake baked by the lady Arab goes with the rest, and Desmond's course is like a cyclone's.

NEIGHBORLY

PARTY, THIS

And then the women whose cakes have been upset, whose dishes have been broken, join in with the saliors in a mad chase for vengeance. If Desmond falls into the clutches of the Tripolltan housewives, it is good-night for Desmond. But the scoundrel keeps on going, no matter what happens-what does he care for cakes or chinaware? And yet even that hardened scoundrel hesitates when he sees before him a mirror. Seven years of bad luck, he superstitiously believes will follow its breakage. For result see to-morrow's pictures
