

# Turning one dollar into two dollars

## The greatest of all January rug sales

The Omaha home furnishers' magical chance to change the appearance of every room at prices far below those of any ever before given here

**I**T isn't often that any established house cuts prices--cuts them deeply---on its entire stock of rugs. It is not often wise to do so, for it is not profitable, and the constant demand will in time sell the entire stock. But we are dropping prices to the bottom everywhere in this department, because we must move these high grade rugs before the close of the month to make room for many new stocks and lines.

The character of the rugs sold here is never questioned. We tell you these floor coverings are among the best we have ever carried, and we guarantee the quality and the colors. Nothing more is needed for any buyer. Some of the prices are quoted below, and home-furnishers can get their ideas of the tremendous reductions from these quotations.

We have rugs for every home--every room and every purse. Because we carry high-class rugs is no reason these goods are high priced. *They are very low priced indeed*, and we challenge anyone to show the same quality in Omaha for equal or better prices.

The variety of sizes, prices, designs, and colors is so extensive that no prospective buyer can come here and not find a suitable rug. We invite you to visit this department now while the choice is large. You will be satisfied in every way with the showing, and deeply impressed with the modest prices.
