

MASILKO HAD LOST HOPE OF REGAINING HIS HEALTH

Had Tried Various Physicians' Treatments Without Success.

NEW TONIC BRINGS HIM RELIEF

Many People Here Who Are Debilitated—Common Complaint in Large Cities, Where Nature's Laws Are Disregarded.

Mr. James Masilko of 234 South Seventh street, this city, made the following statement recently in connection with "Tona Vita," the remarkable new tonic that has been introduced in Omaha: "I have been a sufferer from stomach trouble and nervousness for a long time. There were times when I could eat nothing but liquid foods and even this would cause a bloating of the stomach and misery for sometime afterward. I slept poorly and my sleep did me little good. I would awaken in the mornings as tired and worn as when I retired. I was frequently constipated; in fact, generally very badly run down. I had tried many remedies and various physicians, without results.

"I had about lost hope of ever regaining my health when I heard of this new tonic, 'Tona Vita,' and decided to give it a trial. It seems to soothe my stomach and acts as a tonic for my entire system. It has built me up in every way, and I feel like a new man. I now eat and sleep well and no longer feel tired and worn out. I am a well man and give all credit to 'Tona Vita.' I don't believe there is another medicine like it on earth."

Such a statement as the foregoing should prove of unusual interest to those suffering with similar troubles. The specialists who were introducing "Tona Vita" state that members of any family in Omaha are likely to be found suffering with the same nervous, debilitated condition of the body, as it is an all too common complaint in the large towns where nature's laws are more apt to be disregarded.

"All of this nervous, debilitated trouble," said one of these specialists, "is due principally to imperfect digestion, which is superinduced by the stress of modern city life. There is too much hastily eaten food.

"Most people, however, are not seriously affected by imperfect digestion," continued he; "they are just lousy and nervous and easily tired. They feel 'worn out' after a little exertion and are moody and depressed. These are sure symptoms of an overworked stomach that needs toning up and regulating. 'Tona Vita' will positively accomplish this, toning up and restoring the organs to their healthy, normal condition. Our preparation must prove satisfactory, or we will not take the money for it."

"Tona Vita" can be found on sale at Brandeis drug department, Sixteenth and Douglas streets, south side, main floor.—Adv.

GOLD DUST cleans like magic

Gold Dust is more than soap—does more than soap. Soap merely cleans; Gold Dust gets under the surface, kills every germ, washes out every impurity and sterilizes everything it touches.

It is a sanitary cleanser which cleans quicker and better than anything else, and saves the housewife the toil of rubbing and scrubbing.

Gold Dust does all the hard part of the work—you merely assist it.

"Let the GOLD DUST TWINS do your work"

TOWNS ORGANIZE FOR TRAINS

Will Try to Get Out Crowds for the Seed Corn Specials.

BIG EFFORT IS TO BE MADE

Prof. Odell Tests Corn from Various Parts of the State and Announces the Conditions as Bad as Reported.

Completion of organizations in Nebraska towns for getting the farmers into town during the visits of the seed corn specials are announced as follows, with the names of the chairmen and secretaries:

Belgrade, J. E. Cooley, B. Jainlay; Primrose, L. C. Ashbrook, C. A. Harlan; Cedar Rapids, Dennis Tracy, James Gieson; Duncan, J. P. Sokol, A. J. Lindley; Spalding, T. Lee, C. C. Groves; Shelby, W. T. Mawhor, W. A. Cornish; Brainard, Charles Smerch, A. K. Smith; Platte Center, T. F. Lynch; Schuyler, Rev. B. F. Pearson, C. R. Sumner.

Though northeastern Nebraska has claimed to be better than the rest of the state in respect to the seed corn situation, because the 1911 crop was nearer normal, Frank G. Odell, who is assisting the Omaha Commercial club in the campaign, has completed a tabulation of crop statistics which shows that the crop was far below normal. He says also that tests in the northeastern counties show as low a percentage of vitality as in the rest of the state. Antelope, Boone, Burt, Boyd, Cedar, Cuming, Knox, Madison, Pierce and Washington counties show an aggregate loss of \$4,000,190 for the 1911 corn crop, as compared with the four-year average for 1907 to 1910, inclusive.

The biggest loss in the state was in Antelope county—\$901,974. The next biggest loss was in Boone county—\$601,478. The third, fourth and fifth biggest losses in the state were in Knox, Boyd and Madison counties, respectively.

May Festival to Be Given by the Girls of Grade Schools

A unique May play festival for the girls in the schools is being planned by Athletic Director R. L. Carns. Dozens of games, dances and pretty plays will be arranged. Boys will be barred from all performances, only the girls participating. Grades of the various schools will combine, each to form a particular "stunt." Thus the seventh grade will play one game, the sixth another, each grade being given the exclusive right to a certain dance, game or play. The festival will be held in Vinton park.

Prof. Carns expects to hold the festival in the same manner in which the annual athletic contests between the boys are pulled off, except that there will be no formal rivalry.

Girls from the kindergarten to the high school are taking an intense interest in the plans and intend to make the festival more appealing to the public than the athletic tournaments. Hundreds will take part in each attraction, decked in gay colored costume or very sober raiment, as occasion requires. The idea being developed is to make the festival a gay, beautiful and pleasing fete, more like a picnic of all the school girls than a struggle for the honors of the field.

Children Will Give Program of Dances

Pupils of Central school, of which Miss Mary A. Fitch is principal, will give a number of playettes and an exhibition of folk dances at the Lyric theater March 3, under the direction of Miss Lillian Fitch, to raise money to furnish their gymnasium at the school.

Miss Fitch, principal, is especially interested in dramatic and athletic training of school children.

"I believe that the pupils go to their studies with more keenness and alertness, as a result," she says.

All the children in Central school from the kindergartners to the eighth grade enter with vim into the dramatic work and into the folk dancing, and have become quite proficient in both. They are also enthusiastic over their physical training. The girls go in for all kinds of games and exercises.

McGovern Will Be Consecrated Soon

The Right Rev. Patrick A. McGovern Wednesday received four papal edicts from Rome. One is his appointment as bishop of Cheyenne, another gives authority to Archbishop Keane for his consecration, a third notifies the people of Cheyenne diocese of his appointment as bishop and the fourth permits him to be consecrated outside of his diocese. Each document is written in Latin on heavy rough parchment, to which was attached by strands of braided hemp, a heavy seal.

Bishop McGovern will have charge of all the churches and other Catholic religious institutions in the state of Wyoming, with twenty-three priests under his charge.

JURY HOLDS BUILDERS RESPONSIBLE FOR DEATH

The Selden-Breck Construction company, which is erecting the Woodmen of the World building at Fourteenth and Farnam streets, was held responsible by a coroner's jury for the death of Taylor Glick, a laborer. Glick was struck by a wheelbarrow Monday afternoon when it fell from a building elevator. The jury also found that the construction company has made very little effort to prevent injuries on the elevator.

Mrs. A. R. Tabor of Grider, Mo., had been troubled with sick headaches for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all druggists.

Need of Longer Drill Hours at the High School is Urged

Some radical changes must be made soon in the method of conducting the present cadet regiment of the Omaha High school or that organization will lose its importance as one of the predominant features of the school activities. This was the gist of an agreement reached by Captain Arthur R. Cowan of Fort Omaha, the new commandant, Prof. Nathan Bernstein, faculty supervisor, and the forty-four commissioned officers, who held a lengthy meeting at the school yesterday morning to discuss plans for the betterment of the drill.

The jury also found that the construction company has made very little effort to prevent injuries on the elevator.

Joy Rider Assumes Name of Coroner

Charles Shidler, driver for the Omaha Taxi company, responded to the Schiltz hotel the other night and took on a passenger who rode out his worth. "I am Coroner Crosby," said the passenger, when the joy ride had been completed, "send the bill around to my office."

FEDERAL AUTHORITIES ARE SEEKING PAINTER

United States authorities here are working upon new clues in the disappearance of Frank Painter, formerly secretary of the local union of the International Bridge and Ironworkers association, who is under indictment at Indianapolis for alleged complicity in dynamiting outrages. Marshal Warner has gone to Denver to take a prisoner there who was arrested near here several weeks ago, and it is believed that he has another purpose in view in taking the trip. Painter has relatives in Colorado Springs and in Iowa, and it is believed that from these information as to his whereabouts can be gleaned.

Creighton Orator Competes Friday at Grand Island

Louis D. Kavanagh, Creighton's premier orator, will journey to Grand Island to represent his alma mater in the coming state oratorical contest, to be held on Friday evening at that place. Mr. Kavanagh will speak on the labor question, in which he defends trades unionism as the most effective endeavor ever made to right the cause. He has made a study of this subject and is reckoned as a strong contender for first honors this year. Last year Mr. Kavanagh competed in the state contest and merited third place.
