

PRIZES FOR WHEAT GROWERS

Valuable Trophy and Gold Awards Are Offered to Nebraskans.

YIELDS IMPROVED BY RIVALRY

Those Competing for Prizes Have Only to Enter Their Names with T. A. Kieselbach of Lincoln.

To promote growing of more and better hard winter wheat, prizes will be awarded by the Nebraska Corn Improvers' association to the wheat growers of Nebraska who produce the best five acres of this wheat.

Three years ago the South Platte Millers' association donated a \$200 silver trophy to be awarded annually by the Nebraska Corn Improvers' association to the most successful producer. In addition to this trophy \$50 will be distributed in four cash prizes.

During the last ten years wheat has averaged four bushels per acre more than during any previous decade. These increases are due chiefly to broader acreage, the supplanting of spring for Turkey winter wheat, and better methods of sowing, especially the use of the press drill.

Creating Rivalry.

The Nebraska yield of wheat can and should be still greatly increased, declare members of the association. They believe there is no better way of arousing interest than for the wheat growers of the state to enter into a friendly contest to sell attention to the best methods of wheat growing. They invite all growers to register as contestants by filling out the appended blank and mailing it to T. A. Kieselbach of Lincoln, secretary of the Nebraska Corn Improvers' association. It costs nothing to enter.

Secretary, Nebraska Corn Improvers' Association, Lincoln, Neb. Dear Sir: I wish to enter the five-acre wheat contest, my field is located in Range _____, Section _____, Town _____, County _____, P. O. _____ Name _____

Further information will be sent upon receipt of this blank.

GREAT LABOR ARBITER SPEAKS HERE TUESDAY

John Mitchell, whose sagacious conduct and judicious use of power in the world of labor has won for him an international reputation as an arbiter, speaks at the Brandeis theater next Tuesday evening under the auspices of the Women's Missionary Federation summer school. His subject will probably be "The Church in Relation to the Industrial Problem."

From a child of the mines to door-keeper in a trade union Mitchell has passed through the presidency of the United Mine Workers of America to the vice presidency of the American Federation of Labor. Neither radical nor pedantic, he is forceful, concise and convincing in his speech. His will undoubtedly be the greatest lecture that has been heard in Omaha in a long time.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all druggists.

LABOR'S EMINENT ARBITER TO SPEAK HERE NEXT TUESDAY.

JOHN MITCHELL, At the Brandeis Next Tuesday Evening.

WINDOWS ATTRACT CROWDS

Entire City is Interested in Know Omaha Campaign.

ART GLASS IS MANUFACTURED

Little Team and Wagon Are on Exhibition in Window on South Sixteenth Street—Crowds Watch the Displays.

The manufacturers have been guessing. Retail merchants already have begun to call for more boxes to hold the guess cards customers are filling out. Even though the problems are as perplexing as the age of Ann, thousands of persons are trying to figure them out and many of them are "repeating." Some shoppers are coming down in parties and making stops at each place where there is something to worry about, to register guesses. The retail merchants, who have the windows light at night, say their guess boxes will be filled by Wednesday night and some have turned in orders for more.

Armour's display in Browning, King & Co.'s window is attracting a great deal of attention. Shoppers seem not to be used to hams, bacon, lard and other products of the packing house in a furnishing goods store window. The Omaha Hat factory has an odd display in the C. B. Brown jewelry company window. Hats in course of manufacture and the finished product are there.

Children are leading their parents to the 500 Block where a little team and wagon in the Swift & Co. display in the Grand Union Tea company's window strike their fancy. Among the largest exhibits made are the Iren Bleuet company, Omaha Furniture Manufacturing company, L. G. Doup & Co., Loose-Wiles & Co. and the manual training department of the Omaha High school. Crowds are standing all day in front of Orchard & Wilhelm's windows, where demonstrators are showing pullmanavenportos made by the L. G. Doup company, and kitchen cabinets made by the recently acquired Omaha Furniture Manufacturing company.

Ad Men Talk Over Recent Texas Trip

The spirit of the national convention of Ad clubs at Dallas was instilled into the members outside the delegation at the last weekly meeting of the Omaha Ad club yesterday at noon. Delegates to the convention reviewed some of the experiences of the trip and emphasized that they never had such times in their lives. Frank Bullitt announced that he had saved newspaper clippings concerning the Omaha delegation and souvenirs of the trip which he was going to put in a scrap book and turn over to the members for inspection. The Ad Club Standard, the weekly paper published by the club, was passed around to the members. It contains a full account of the convention as far as the Omaha delegation was concerned and the parodies of popular songs which made such a hit for Omaha in Texas.

Higgins Speaks of the Gentler Sex

Inspired by the birth of a daughter and her admission into the Ad club as an honorary member, E. A. Higgins of the club's board of directors, made an impressive talk before the weekly gathering yesterday, delivering an eulogy on woman that could not have been improved upon as an eulogy. He was given his subject, "The Influence of the Gentler Sex on Advertising," and by interpolating poems into his own words of praise, made of the speech a touching tribute to motherhood and womanhood. At the conclusion of his address the club unanimously resolved to draw a set of resolutions and present them to him framed in appreciation of his talk and as a souvenir for his baby daughter, who has been taken into the membership.

Fails in Attempt to Rob 'Phone Booth

An attempt was made to rob the cash box of the long distance telephone at the Union station Monday night. While the robber failed to get the cash, \$17.46, he put the phone out of business. At 10:45 o'clock one of the red cap boys was passing the long distance 'phone and heard a noise in the booth. He looked in and, as he did so, a man jumped past him and ran out of the building and up the tracks. An investigation developed the fact that the robber had pried off the cash box, set it down on the floor and was preparing to escape with the money just as the door of the booth was opened and he was discovered.

A frightful experience with biliousness, malaria and constipation is quickly overcome by taking Dr. King's New Life Pills. Only 25c. For sale by New Drug Co.

BROWNELL GIRLS GRADUATE

Sun Shines When They Are Given Their Diplomas.

TWO BISHOPS AT EXERCISES

Commencement Address is Given by Rev. F. D. Tyner of St. Andrew's Church—Diplomas Are Awarded.

It was raining when the graduating class of 1912 of Brownell Hall hurried from the school across the street to St. Matthias Episcopal church to the commencement exercises yesterday, but when the white-robed graduates trooped out at noon proudly carrying their sheepskins the sun was shining. Parents and friends of the graduates were received informally at the Hall following the exercises, after which the school was declared closed for the season. Right Rev. A. L. Williams, bishop of the Episcopal diocese of Nebraska and president of the board of trustees of Brownell Hall, conferred the diplomas. The three to receive diplomas in the college preparatory course were Misses Halcyon Cotton, Anne Gifford and Margaret Salladin of Milford. Diplomas in the general academic course were awarded Misses Margaret Fugitt, Stella Holmquist, Stella Thummel, Frances Hochstetler, Alice Duval, Lucile Bacon, Helen Blake, Pauline Paul of St. Paul, Neb.; Harriet Copley and Eleanor Mackay; Miss Eleanor Johnson of Milford, who was called away by illness in her family, took the general academic course. Miss Halcyon Cotton received an additional honor—the Mary E. Cunningham medal awarded annually for excellence in Bible study. Misses Alice Duval and Lucile Bacon received honorable mention. The commencement address was given by Rev. Fred D. Tyner of St. Andrew's Episcopal church, who declared that "service" was the best watchword that the young graduates could follow. He said that instead of railing against inequalities of life and trying to use mythical schemes to solve them, people should get to work and help each other in true Christian fashion. The procession which entered St. Matthias was quite impressive. The younger girls of the school in dainty white dresses marched first singing. Then came the graduates clad alike in white caps and gowns and after them marched representatives of the board of trustees of the hall.

Episcopal clergy were the last to ascend the aisle. There were Rev. Tyner, Rev. T. J. Collar of the Church of the Good Shepherd, Dean J. A. Tancock of Trinity cathedral, Rev. James Noble of St. Matthias, Right Rev. George A. Beecher of Kearney, whose daughter, Miss Ruth Beecher, attends the hall, and Bishop Williams.

Skulking Prowlers Shot At by Police

Patrolmen Barta and Murphy, who walk downtown beats, fired seven pistol shots yesterday morning at 2:40 at two men, one of whom they believe was Charles Philbin, the escaped convict, who left the Lincoln penitentiary last week. Officer Murphy saw two men acting suspiciously in the alley near the Millard hotel. He accosted them, whereat both fled. The policeman pulled his weapon and fired once in the air, and the men while fleeing pulled their own pistols. The officer then fired directly at them, but failed to find a mark for his bullets. Neither of the fleeing men fired, although both were armed. Patrolman Barta appeared in time to see the fast disappearing men and he too fired his weapon, but also without effect. Murphy thinks the men were loitering in the alley awaiting a chance to hold-up some one. Both of the officers think one of the men is the escaped convict.

CLASS DAY EXERCISES AT VINTON ON THURSDAY

Vinton school will give a class day program Thursday afternoon. Mrs. Jean Boyd Richmond and L. L. Heatherington will give a musical program. It will include Miss Mabel Wilcox, Max Marten, Madge West and Edwin Clerk will assist. The program is: Vocal solo, followed by violin quartet, violin selections and song by the Eighth grade. Class will, Grayson Garner. Music, Eighth grade. Farewell to graduates, Anthony Flagg. "It is Better to Laugh." Class song, Eighth grade. After the program a reception will be held at the school for the students and patrons.

Business Men to Learn How to Make Lights and Beer

Between 150 and 200 members of the Commercial club are expected to make the excursion this afternoon to the electric light plant and from there to Metz Brewing company. The excursionists will leave the Commercial club at 1 o'clock in two street cars which will be donated by the street railway company.

Going to Tenth and Jackson streets the business men will walk to the plant where they will see a 6,000 horse power turbine in operation. Men will be stationed in the various interesting places in the plant to explain the workings of the machinery. The electric switching room, the boilers with automatic stokers and the coal storage basin will also be visited. From the electric light plant the men will go back to the Metz Brewery. Here the excursionists will see how beer is made. The process of racking the beer as it is drawn from the large vats will be explained by experts. Next will be seen the bottling machinery. How the bottles are washed, filled, crowned and then pasteurized will be next in line.

Wants the Flying Squadron to Go at a Slower Pace

Police Commissioner Ryder has taken up with Chief of Police Donahue the advisability of compelling motorcycle cops and the city's fire engines and autos to race at slower speed through crowded streets. The bike cops have been frequently complained of for tearing along the streets at a reckless and needless pace. Fire engines and autos, returning from fires, are also viewed, say those who complain, for no heed is paid by the drivers to the necessity for caution.

Three Skyscrapers Are Being Planned

At least three new skyscrapers will be erected in the vicinity of Fourteenth and Farnam streets, according to John T. Yates, sovereign clerk of the Woodmen of the World. A steel structure will replace the Paxton hotel. A steel structure will be built on the corner of Thirteenth and Farnam by Albert Cahn. Another building of like proportions is planned by Alfred Millard. Mr. Yates says he has knowledge that these skyscrapers will be built and the preliminaries are being now arranged. They will be similar in size and structure to the eighteen-story Woodmen of the World building, now being completed.

Mr. Yates appeared before the city council to urge the city to change the sewer system in the vicinity of the Woodmen of the World building. It is not sufficient to care for the sewage from the big building, being but seven feet under ground, while the basement of the building is eighteen feet. In urging the council to make haste in providing a new sewer Mr. Yates said the Woodmen of the World building would not be the only one to need it, as he had positive knowledge that other buildings like it would be built.

You will tone up your system and feel better for taking, in the morning, 1/2 glass of Hunyadi Janos Water

Bracing Vacations in Glacier National Park

Large advertisement for Glacier National Park, featuring an image of the park and text: "Season June 15 to October 15, 1912. All will be ready—hotels, trails, horses, guides. You can spend a week of solid comfort in a modern hotel, or you can 'rough it' up in the mountains. Specially conducted tours a feature. Outings \$1.00 to \$5.00 per Day. The streams are filled with trout—the snow-capped mountains call—the eagle sails above—great glaciers glisten in the sunlight—flowers sway in the breezes—the tang of pine and spruce is in the air. Lake McDonald, Avalanche Basin, Sperry Glacier, St. Mary's Lakes, Cut Bank Pass, Lake McDermott, Iceberg Lake, and all the hundreds of other spectacular scenic features of this magnificent new national reserve await the tourist. Spend your vacation in Glacier National Park—go this very Summer. 10 Pieces of Striking Literature. Call, phone or send at once for this unusual literature—the Glacier National Park Library. Send 20 cents in stamps for the entire collection, or 2 cents for a booklet. It tells the complete story and contains many beautiful views, including an 'An Aeroplane View' of the park. Also, ask for details as to special low fares to Glacier National Park and the Pacific Coast via the Great Northern Railway. Summer Tourist Tickets on sale daily until September 30th. Convention Fares on many days. All Great Northern Coast Trains run via Glacier National Park. W. M. ROMINE, District Passenger Agent, 315 Seventh St. Des Moines, Iowa. Panama-Pacific Exposition, San Francisco, 1915."

MAY BE CONTAGION HOSPITAL

Conference to Be Held This Week to Consider Change.

RYDER TO MEET PHYSICIANS

Old Ann Wilson Property May Be Used for Contagious Diseases Instead of an Emergency Hospital.

A conference between Police Commissioner Ryder and several city physicians will be held this week to discuss the advisability of converting the Ann Wilson property, donated to the city, into a hospital for contagious diseases. Health Commissioner R. W. Connel has been advocating the desirability of making the Wilson property a hospital for contagious diseases, but there have been objections to this course and the general understanding has been that the property would be used for emergency cases only.

Commissioner Ryder will take no step toward converting the property into a contagious hospital until he has advised with physicians as to the danger of such a course. Repairs are being made at the hospital, the plumbing installed and remodeling completed. It has not been decided how the hospital will be managed when it is opened. Several physicians have volunteered their services for a few hours each week and there are those who advocate a system whereby no regular physicians on salary are kept, but the cases cared for by various doctors. Commissioner Ryder has investigated conditions at the municipal pest house. He says he found the place in the worst possible condition and believes something ought to be done to make it more tenable. The house is dilapidated, the water pipes freeze in winter and there is a general atmosphere of almost total neglect. He will take up with the other commissioners the need of appropriating money from some fund to repair the place.

KENNEDY BEATS WILSON IN CITY TENNIS MATCH

"Spike" Kennedy, a member of the Kountze club tennis team of the city league, Monday afternoon defeated Lem Wilson of the Prairie Park club, 2-5, 6-4. It was the last game of the postponed series, which was to have been played off Saturday afternoon. The match was played on the Kountze club grounds. Letters recently received from Mr. Harry Hackenberg, Elliott, Iowa, and Mrs. E. Goding, Dix, Neb., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-irritating, non-painful, and it is worthy of their attention. In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative. Letters recently received from Mr. Harry Hackenberg, Elliott, Iowa, and Mrs. E. Goding, Dix, Neb., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-irritating, non-painful, and it is worthy of their attention. How to Be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your menace and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention. In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on word of mouth recommendation. Studebaker 10,000 Mile Proof

Some things about a car you can see and understand easily, others a little driving will demonstrate, but it takes about 10,000 miles to prove the real power and stamina in a car. It is in the 10,000 mile characteristics that Studebaker-E-M-F "30" and Flanders "20" cars are most clearly first. The better you know them, the better you like them. Your confidence is continually repaid because Studebaker-E-M-F "30" and Flanders "20" are built in the largest and best automobile factories in the world by men who are as careful of a minor bearing adjustment as they are of the car's appearance.

My Recipe for Keeping Cool

Purchase a Mohair suit. 'Twill be all the better if it's a 'Brooks' Mohair. There's no lining to mine and they come in blue self stripes, black and gray stripes, and other effects that seem timely and feel comfy when 'Old Sol' is on high. I don't believe I am stretching matters when I say these are typical \$20 values at suit only \$15.

Get me connected up with "Society Brand" Clothes and "Knapp-Felt" Hats.
