Tentative Plans Made for Presentation in Convention

ome of President's Friends Prefer that New York Should Present His Candidacy Rather

Than Ohio.

WASHINGTON, June 7. - President Taft's name may not be the first to be presented to the republican national concention at Chicago and in fact - Taft leaders still in Washington said tonight that the president's name might not be put before the convention until after Roosevelt had been put in nomination. It became known that when C. H. Hilles, President Taft's secretary, left for Chicago last night he carried with him a draft of a tentative plan for the sion after being notified of his re-elecpresentation of the president's name to tion, the convention. That plan was declared the corner of Dearborn and Madison to be subject to alteration by the Taft Streets, in the City of Chicago, Illinois, on the first day of July, 1912, pay to the holders or registered owners of said bonds, numbered as aforesaid, the princito be subject to diteration by the Taft

made. According to the plan taken away by Mr. Hilles the name of Senator A. B. Cummins of Iowa, who has ten deleas aforesald will cease after said first of July, A. D. 1912, whether presented on said day or thereafter.

Alabama stands at the head of the list of states on the convention roll. Count-

ing on the Alabama delegation as certain for Taft, his political advisers suggested that it should yield, not to Ohio, the president's own state, which would put him in nomination, but to lowa, that it might put forward the name of its senior senator. Next in the roll of states comes Ari-

zona. The Taft adherents claim Arizona,

too, and that state, according to the ap-

proved scheme, would yield to New York. The Taft leaders also claim New York by a large majority, but it was their idea that some Roosevelt delegate be permitted to present the name of Colonel Roosevelt at this point in the proceed-Arkansas, another state claimed by the Taft leaders, under this plan would then yield to Ohio and the name of the presi-

dent be put before the convention, prob-

ably by Warren G. Harding, former lieu-

tenant governor of the state and one of ts delegates-at-large. Will Denounce Roosevelt, With Cummins, Roosevelt and Taft out of the way, Wisconsin will nominate La Follette and friends of the president claim that in putting his name before the convention, his sponsor can be relied upon to leave with the convention just

Roosevelt. Although this was said tonight to be he plan most favored at present, others have been considered. One was for the resentation of Mr. Taft's name by Mr. Harding before other candidates. Another was that Mr. Taft might be suggested to the convention by New York This appealed to some of the president's friends, particularly because it is Mr. Roosevelt's home state. One reason advanced against the giving of the honor to Ohio was that the state has more Roosevelt than Taft delegates.
