

'FATHER' COFFIN SUSTAINED

Philanthropist of Fort Dodge Wins in Divorce Case Appeal.

FRANCIS OUT FOR CONGRESS

Spirit Lake Man Will Enter Fight from Eleventh District—Others Will Also Be in the Running.

(From a Staff Correspondent.) DES MOINES, Ia., June 9.—(Special.)—The supreme court yesterday gave vindication to "Father" L. S. Coffin, the well-known philanthropist of Fort Dodge, and declared that the lower court was justified in granting him divorce from his wife on the ground of desertion, and refusing her separate maintenance on the ground of cruelty. They were married only a few years ago, he being quite old, and separated after a short time.

Several for Congress. First official announcement of a candidate for congress in the Eleventh district came today when it was stated that Senator Leslie E. Francis of Spirit Lake will enter the race. It is supposed that George C. Scott of Sioux City will also have the backing of his county. It is also expected that William Hutchinson of Sioux City will be a candidate.

Switching Evidence All In. The taking of evidence in the Iowa switching cases closed today. The state railroad commission secured a great deal of information bearing on the relative cost of switching at different points. It was developed that here in Des Moines the Des Moines union charges other railroads only 33¢ for handling a car, and charges the business customers for the same service \$5 a car. The commission will not decide for some time.

Law Classes Do Well. Attorney General Cosson and the members of the law examining board have just finished the examination of the law class at the state university. Only two in a class of forty-six failed of receiving certificates and there were a group of five not passed for graduation from the university. Only two of the class examined a short time ago in Des Moines, mostly Darke university boys, failed of receiving certificates.

Banking Department. It is expected that the members of the State Bankers' association will make a demand before the republican state convention for approval of their plan for having the state banking department removed from the office of state auditor. There has been a great deal of complaint on the matter and on other occasions it has come near to success. The bankers have recommended that it be made a separate department.

Danish Church Officers. The convention of the Danish church just closed here was declared to be a very good one, the attendance being small, but all sections of the country represented. The association elected N. P. Greenansted of Hardcamp, Neb., to be president; J. S. Seashof of Clinton, Ia., vice president, and Rev. A. Favord of Newton, Ia., secretary.

Statue of Columbus

Unveiled at Capital With Eulogy by Taft

WASHINGTON, June 9.—Christopher Columbus was enrolled in the American republic's hall of fame today. In the shade of the capitol a majestic memorial fountain, wrought around an heroic statue of the discoverer of the new world, was dedicated.

The president of the United States pronounced the country's eulogy upon the intrepid sailors who tore the mantle of mystery from the unknown Atlantic and revealed a continent. "The greatest marines of history," was President Taft's eulogy. The ceremony was attended by a huge demonstration. An imposing parade, military and civil, with the bands of men in line, passed in review before the grandstand by the base of the memorial. The greater part of the pageant was composed of Knights of Columbus, drawn to Washington from every section of the country to venerate their patron.

As each knight passed in review he uncovered in salute to the head of the nation. Bluejackets from the first division of the Atlantic fleet, several battalions of marines and troops from Fort Meyer and other nearby posts formed the first section of the parade and made a spectacle of military splendor.

Philander C. Knox, secretary of state, presided at the unveiling exercises. The Marquis Cusani Confalonieri, the Italian ambassador, was given the honor of releasing the American flag which hid the statue of his illustrious countryman from view. As the eulogy was read a battery of United States artillery crashed out a national salute of twenty-one guns to the explorer.

MINDEN, Neb., June 9.—(Special.)—The Holdrege district Epworth league closed one of its most successful conventions in this city last evening. The program was the strongest ever given, among other strong numbers being Dr. J. B. Sprockenkart of University Place, Neb.; Dr. Clarence True Wilcox of Topeka, Kan.; and Edwin H. Hughes of San Francisco, Cal.

The officers of the district elected were: Rev. Charles L. J. W. Morris, Holdrege, and Charles H. Norlin, Indianola, and M. B. Carman of Minden were elected directors.

Dr. James W. Morris during the convention received a telegram giving the sad news of the sudden death of his wife. He at once left for Los Angeles, where she died. Two of her daughters are residents of the city of Lincoln.

OUTLOOK GOOD FOR DARROW

District Attorney Not Confident of Conviction.

WILL TRY HIM IN NEW CASES

Session Yesterday One of the Most Tumultuous Since Beginning of Trial—Attorneys Wrangle Continually.

LOS ANGELES, Cal., June 9.—Obviously annoyed by the course of events yesterday in the trial of Clarence S. Darrow for alleged jury bribery in the McNamara case, District Attorney John D. Fredericks left a hint this afternoon that the state was not so confident of conviction in the present case and made a statement to the effect that if a verdict of guilty was not obtained the prosecution would be continued on further charges. "Win or lose," said Fredericks, "we are going to keep on trying Darrow, and the only thing that can stop us is a plea of guilty. The evidence thus far adduced in the present trial has provided facts sufficient for the returning of at least four other indictments for the corruption of jurors and it is probable that these other indictments will be returned, but not, however, until the present trial is completed."

Darrow is now being tried for the alleged bribery of George N. Lockwood, whose name was drawn as a McNamara juror. Another indictment for the alleged bribery of Robert F. Bain, the first juror sworn to try James B. McNamara, the confessed dynamiter, is pending against him. Fredericks' statement was made at the end of today's brief, but exciting session. Disatisfied with Trial. The district attorney has no secret of his dissatisfaction with the manner in which the present trial has been progressing. He intimated in open court this morning that the defense was being given more latitude in its conduct of the case than was provided for by the rules of evidence.

During one of the frequent tilts between counsel Fredericks charged misconduct by one of the opposing attorneys, "that is," he remarked, sarcastically, "if there is such a thing as misconduct on the part of an attorney for the defense."

The session today was one of the most tumultuous since the beginning of the trial. Opposing counsel wrangled almost continually and the frequent outbursts of the star witness for the state, Bert H. Franklin, during a racking examination by Attorney H. H. Appel, gave tenses to the proceedings.

Three questions only were asked by District Attorney Fredericks before adjournment. "Who paid Henry Gage to defend you when you were arrested for bribing a juror?" he asked. "I don't know." "Who hired him to defend you?" "I don't know." "Did you ever discuss with Mr. Gage any of the facts or evidence connected with the charge against you?" "I did not."

Uproar in Court Room.

Pandemonium reigned for a time soon after the trial was resumed today, when four attorneys, the judge and the witness were trying to make themselves heard at the same time. Bert H. Franklin, the state's witness, was on the stand undergoing a particularly severe grilling by Attorney H. Appel of the defense and had given a shabby return.

Judge Hutton, addressing the witness, informed him that his remarks and language were improper and a reflection upon counsel. Assistant District Attorney Ford interrupted the court, shouting that he took exceptions to the court's remarks. Rogers and Appel of the defense and District Attorney Ford joined the attorney and above the din could be heard the voice of the witness endeavoring to assure the court that he meant no offense to counsel.

Judge Hutton finally quieted the uproar, saying the court was perfectly able to control the situation. The defense brought out an admission by Franklin that he had protested the innocence of Darrow after he had made his confession to the prosecution and testified before the grand jury.

GERMAN CRUISERS START ON THEIR WAY TO NEW YORK

FORT MONROE, Va., June 9.—With the Louisiana, Rear Admiral WREWEL's flagships, the Kansas, New Hampshire and South Carolina leading the way, the German cruiser squadron, composed of the battle cruiser Moltke and the cruisers Smet and Bremen, commanded by Rear Admiral Von Reuber-Paschwitz, steamed out of Hampton Roads this afternoon at 2 o'clock for New York, where they should arrive early Sunday afternoon. The officers and men of the fleet will be entertained at New York for a week after which the Moltke and Statin will steam for home and the Bremen for Baltimore.

Before sailing Rear Admiral Von Reuber-Paschwitz requested that the very hearty thanks of himself, his officers and men be extended to all of those who contributed to the entertainment of the men of the fleet while here.

MAN WANTED IN ALMA ARRESTED IN ARIZONA

ALMA, Neb., June 8.—(Special.)—Sheriff Carroll left for Ash Fork, Ariz., last night to bring back Albert Neff, who is charged with grand larceny on account of the theft of automobile tires from the Baker garage in the year 1910. Shortly after the crime he was caught in Colorado Springs and put under \$1,000 bond for his appearance in court. The bond was forfeited in his non-appearance and no word was heard of Neff until recently, when he was located in the Arizona town and held for identification by Sheriff Carroll.

Alma will support a fast ball team again this year. Friday D. B. McKay and W. Legg secured enough money from the business men to finance the team and hire three men, including a pitcher. McKay is spoken of as manager. The sixth session of the Alma Junior normal opened this week. The enrollment this year was the largest in the history of the normal. The eighth grade graduating exercises will be held in the opera house Tuesday. There are 115 in the class.

ANALYSIS OF DELEGATE VOTE

Action on Wisconsin and North Dakota Thought to Be Vital.

CHICAGO, June 9.—The republican national committee will resume tomorrow morning its consideration of the large number of contests for places on the temporary roll of the republican national convention which is to convene in the Coliseum at noon on Tuesday of next week. Upon the results of its deliberations depends to a great extent the control of the convention, and, therefore, the nominations which it will make for the offices of president and vice president of the United States, to say nothing of the lesser matters of the organization of the convention and the text of the platform.

The contests in Alabama, Arkansas, Florida and Georgia, which were decided last week, added a total of seventy-two delegates to the strength credited to Taft. Whether it foretold a "steam-roller" policy of "giving the whole business to Taft," as the Roosevelt adherents now claim, or whether the contests still to be decided will give some to Taft and some to Roosevelt is a matter of much speculation and bitter interchange.

It seemed likely tonight that the Indiana cases, involving twelve delegates—four at-large and two each in the First, Third, Fourth and Thirteenth congressional districts—would be taken up first when the committee meets at 10 a. m., but the cases from Arizona (six delegates-at-large) and from the Fourth district of California (two delegates), which were postponed, may be considered before Indiana.

Vital Questions Involved.

The vital importance of the decisions of the national committee upon the contests is apparent to anyone studying the lists of delegations. Such study incidentally discloses the great weight which may attach to the twenty-six delegates from Wisconsin and ten from North Dakota, instructed for La Follette and the ten from Iowa, instructed for Cummins.

There is no reconciling the conflicting claims of the Taft and Roosevelt managers regarding the respective strength of their following; each is figuring into his tables delegations emphatically claimed by the other on the strength of convention endorsements, alleged pledges, and other more or less substantial grounds.

Reasonably dependable, however, seem the figures collated by the Associated Press, from which can be derived what may be described as the "bare bones" of the situation. These figures, which are unofficial, and by no means guaranteed, are as follows: Whole number of delegates, 1,078. Necessary for nomination, 540. Instructed for Roosevelt and unopposed, 411. Instructed for Taft and unopposed, 201. Instructed for La Follette (no contests), 28. Instructed for Cummins (no contests), 50. Unopposed (including New York's 90), 196. Contested, 204. Of the 204 contested the national committee has thus far given 712.

Analysis of Figures.

These figures analyze as follows:

Instructed for Roosevelt and unopposed: California, 24; Illinois, 56; Indiana, 19; Kansas, 18; Kentucky, 11; Maryland, 19; Massachusetts, 18; Michigan, 10; Minnesota, 24; Missouri, 12; Nebraska, 16; New Jersey, 25; North Carolina, 16; Ohio, 34; Oklahoma, 16; Oregon, 10; Pennsylvania, 67; South Dakota, 10; Tennessee, 11; Texas, 6; Vermont, 2; West Virginia, 15. Total, 611.

Instructed for Taft and unopposed (not including seventy-two given him last week by the national committee's decisions upon contests: Alabama, 8; Colorado, 12; Connecticut, 10; Illinois, 2; Indiana, 6; Iowa, 16; Kansas, 2; Kentucky, 7; Massachusetts, 18; Michigan, 12; Mississippi, 2; Missouri, 2; Nevada, 6; New Hampshire, 6; Ohio, 14; Oklahoma, 2; Pennsylvania, 9; Rhode Island, 10; South Carolina, 10; Tennessee, 15; Utah, 8; Vermont, 2; Virginia, 4; Wyoming, 6; Hawaii, 6; Philippines, 2; Porto Rico, 2. Total, 261.

Instructed for La Follette (no contests): North Dakota, 10; Wisconsin, 26. Total, 36.

Instructed for Cummins (no contests): Iowa, 10. Total, 10.

Unopposed and unopposed: Arkansas, 2; Connecticut, 4; Delaware, 6; Idaho, 8; Indiana, 2; Maine, 12; Michigan, 2; Missouri, 8; Montana, 8; New Mexico, 6; New York, 90; North Carolina, 6; Texas, 4; Vermont, 1. Total, 166.

Contested by either Roosevelt or Taft: Alabama, 18; Arizona, 6; Arkansas, 16; California, 2; Florida, 12; Georgia, 28; Indiana, 12; Kentucky, 13; Louisiana, 20; Michigan, 6; Mississippi, 12; Missouri, 11; North Carolina, 6; Oklahoma, 2; South Carolina, 2; Tennessee, 8; Texas, 20; Virginia, 20; Washington, 14; Alaska, 2; District of Columbia, 2. Total, 254.

Of these contests the national committee Friday and yesterday decided in Taft's favor all of those from Alabama, Arkansas, Florida and Georgia, a total of seventy-two.

Out of these figures may be made combinations to suit almost any political taste. It all depends on how the national committee decides the contests, who gets the unopposed delegates, and, most important of all, whether the delegates now listed one way or the other "stay put."

News Notes of Dealer.

DESHLER, Neb., June 9.—(Special.)—The rain of yesterday has made prospect of crops practically certain. Sixty-five to seventy cans of cream now leave this place daily.

Deposits in the Deshler bank have averaged \$175,642 for the last six months.

Two hundred and fifty cases of strawberries have been received in Deshler the last few days.

Prof. W. F. Wilkins and Miss Julia Pomeroy of the Deshler schools were married at the home of the bride's parents near Fairfield, Wednesday last week, leaving the next morning for New York City, where they will attend summer school at Columbia university.

Deshler is arranging to celebrate the Fourth of July in the good old fashioned way. Charles M. Skiles, democratic candidate for congress, will deliver the oration in the big lumber building, which will seat comfortably 2,500 people, and children. There will be a balloon ascension, a ball game, firemen's tournament and big float parade. Plenty of free attractions centering around a steam riding gallery and dancing pavilion. Fireworks at night. It is the only town in Thayer county which will celebrate this year.

FIRST RURAL HIGH SCHOOL

Trustees of Three Kearney County Districts Will Establish It.

MANY AT KEARNEY NORMAL

Peculiar Legal Question Comes Up in Damage Suit Brought from Otoe County—Aldrich on Amendments.

(From a Staff Correspondent.) LINCOLN, Neb., June 9.—(Special.)—The first rural high school to be established in western Nebraska will be the result of a meeting of the trustees of three school districts in Lowell precinct in Kearney county. The law regarding the establishment of rural high schools was passed by the 1907 legislature, but it has resulted in the establishment of but one school up to the present time, so it is reported by the state superintendent's office.

The state superintendent also reports that over 700 students are enrolled at the Kearney State Normal school, the greatest number ever reporting at this time of the year. At Chadron the enrollment is over 200 and at Peru is the largest in the history of the school.

Deputy State Superintendent Elliott is attending the Bassett county institute and will visit the normal schools at Valentine and O'Neill before returning to Lincoln.

The supreme court adjourned for the hearing of cases yesterday for this session. The judges have about the usual number of cases from which opinions will be handed down during the coming week.

The examination for admission to practice law will be held next Tuesday at the capitol building for the graduates of the law school of the university and others who wish to take the examination.

Whether to Swat.

"To swat or not to swat" is the question which is agitating the minds of people who live in the capital city of Nebraska. A week or so ago the agitators of cleanliness offered large prizes to those who would swat the most flies. For a week the run on the hardware stores threatened to make a famine on paddies and other ordnance necessary to the warfare on the fly family, when the white flag of truce was run up and peace declared for the reason that there were no flies to swat. Secretary Whitten of the Commercial club, who had been appointed chief fly counter and awarder of prizes, is somewhat disappointed at the condition of things regarding the absence of flies and has cancelled the contract for the purchase of a new fly counter just placed on the market.

Injury in Garage.

An interesting case was being held in federal court yesterday, wherein John G. Rhode sued Ralph A. Duff and the R. A. Duff company of Nebraska City for \$1 in damages received in the automobile garage of the latter. On January 11 of last year Rhode was having some repairs made to his car in the garage of the defendant and asked direction to the toilet room. He was directed to the back part of the building, which he claims, was poorly lighted. There were two doors leading out of the room, neither of which had any sign on them. By mistake he opened the door into the cellar and fell ten feet sustaining injuries which has crippled him permanently. He claims that the company was negligent in not having a warning upon the door. The defense claims that the plaintiff did not use due

precaution and that his injuries were due to his own carelessness.

Aldrich Makes Announcement.

Governor Aldrich announces that the awarding of the printing of the amendments will not be made until after he returns from the republican national convention. When he will return will depend a great deal on whether he sits on the platform or views the scenery by some other means. In any event the waiting is good and the editors should not be discouraged yet a little while. When it does come it will be worth the waiting and possibly may, like old wine, be better on account of age. Some may be disappointed, but disappointment is good for a man sometimes. Those who are not satisfied with the governor's verdict might appeal to the pardoning board.

Hartford Reed, the convict who was sent up from Douglas county to the penitentiary and lately finished his term, was found guilty in the district court of Lancaster county this afternoon of having ravished Mrs. Maude Vost of Raymond. Sentence has not yet been given.

The Weekly Enterprise, a socialist publication published in this city, suspends publication this week. It announces that funds to run the paper cannot be secured. It was owned by a stock company, the members of which were prominent in socialist circles in the state, but it seems that the drain was too much for them. There is some talk that it may be revived as a monthly.

ESCAPED CONVICT CAUGHT AT HOME OF HIS SISTER

(From a Staff Correspondent.) LINCOLN, Neb., June 9.—(Special Telegram.)—Charles Philbert, the Omaha boy convict who escaped from a home where he had been taken from the penitentiary about two weeks ago for the purpose of medical treatment and an operation for appendicitis, has been arrested in St. Joseph, Mo., at the home of his sister. His mother, who has been held in the Lancaster county jail on suspicion of having assisted him to escape, has been liberated on the boy's statement that she was asleep when he crawled from the window of the house.

Reducing the Cost of Living

In these days of soaring food prices it behooves the careful housekeeper to pick those foods that give the most nourishment in proportion to their cost. With the prices of meats beyond the reach of a table allowance that once proved sufficient, one must choose something that provides meat nourishment without meat cost. That food is found in Faust Spaghetti. Faust Spaghetti is made from rich, glutinous Durum wheat. It provides as much nourishment as many times its value in meat or eggs. A 5¢ package of Faust Spaghetti will provide a generous helping to five persons. You cannot find a cheaper food, nor a better food—nor a food that is so universally enjoyed. Many thrifty housewives who serve spaghetti in some form very often, make it the chief dish for dinner once, a week—and they say that it does not only prove economical but also receives the hearty approval of their families. Write for our free booklet of "Fast Spaghetti."

DON'T PULL OUT THE GRAY HAIRS RESTORE COLOR

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandfathers used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color. Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agent, Sherman & McConnell Drug Co.
