## Senator Arraigns America for Policy Concerning Mexico

WASHINGTON, July 23.—In a strong arraignment of the United States government for its failure to secure redress for injuries to American citizens and property resulting from the Mexican revolution, Senator Albert B. Fall of New Mexico declared in the senate today that this country would not regain its prestige in Mexico in fifty years.

He declared that China, Germany and other countries had forced Mexico to make restitution for the damages inflicted on their citizens. Thus far, he said, the United States had done nothing. He added that because of the course of the State department the people of Mexico believe that this country is behind the Madro government and that it was responsible for the overthrow of President Diaz, in the interest of Madro.

## PROGRESSIVES AT CAPITAL

Delegates to Iowa Convention Gathering at Des Moines. WILL WAIT ON BIG CONVENTION Democrats of Polk County Go on Record in Favor of Government Ownership of Express and Telegraph Companies.

(From a Staff Correspondent.) DES MOINES, Ia., July 23.—(Special Telegram.)—Several hundred delegates to the "T. R. progressive" party convention to be held here tomorrow arrived during the evening and the managers predict that they will have at least one thousand delegates present in the convention, representing probably three-fourths of the counties of the state. About one out of five of the delegates selected are the same delegates that attended the republican state convention early in the month.

At an informal conference held this afternoon it was decided the resolutions should be general in terms and advise waiting for the pronouncement of the Chicago convention. Delegates to Chicago will be named and the candidates for presidential electors.

Democrats Get Ready. At a meeting of the Polk county delegation to the democratic state convention to be held Thursday in Cedar Rapids it was decided the delegation would present resolutions indorsing government ownership of express companies, telegraph and telephone lines, and making all a part of a postal system; also a resolution demanding reforms in the manner of selecting and handling juries in Iowa.

Co-operation of the national crop bureau with a newly formed organization here to call on a system of gathering crop statistics and advancing crop values is assured. The local organizations have been assured that the organization at Chicago will contribute half as much as that placed in any local fund for carrying on the work. This will insure a large fund for crop work in Iowa and education of the farmers.

It was stated today to be practically certain that no third party ticket would be placed in the field by tomorrow's convention. Resolutions are expected to be adopted criticizing the Chicago convention, the national committee and President Taft and eulogizing Colonel Roosevelt.

Frank Randall of Cedar Rapids, as temporary chairman, will preside at the initial session of tomorrow's convention. Full Ticket in Vermont. BURLINGTON, Vt., July 23.—The first state convention of the Vermont progressive party was held here today with seventy delegates present. A platform was adopted and presidential electors and delegates to the national progressive convention, at Chicago was elected.

The electors chosen are: Alexander J. Cooper, Bennington; M. L. Arquette, St. Albans; John H. Blodgett, Bellows Falls; Richard R. Hoar, Barre. There was some argument over the question of placing a state ticket in the field. A motion to lay that proposition on the table was defeated 57 to 11.

The following state ticket was nominated: Governor—Rev. Francis Metcalf, Randolph. Lieutenant Governor—M. L. Azeline, St. Albans. Secretary of State—Dr. J. W. Blake, Barton. Treasurer—H. S. Howard, Burlington. Auditor—E. W. Gibson, Brattleboro. Attorney General—Richard R. Hoar, Barre.

The platform favored equal suffrage, direct election of United States senators, establishment of a parcel post, government ownership of express and telegraph companies, public passage of campaign expenses and free passage of ships through the Panama canal.

ST. PAUL, Minn., July 23.—There will be a meeting of the presidential electors selected at the Minneapolis convention, May 15, here on the night of July 29 to decide what they will do relative to going on the ballot with the Taft designation.

I. A. Casewell, national republican committee man, said today he would address a letter to each elector asking him either to attend that meeting or to send a letter stating just what his attitude is toward the Taft-Roosevelt controversy. The meeting is called the night before the mass convention of Roosevelt supporters.

WASHINGTON, July 23.—Although it resorted to the extreme of arresting absent members, the house today was forced to adjourn because of its inability to keep a working quorum of members in their seats.

DIXON BEGINS WORK ON MOOSE PLATFORM (Continued from First Page.) ment of a new party. This course, it was said, opposed the view of Colonel Roosevelt, whose personal representative attended the meeting.

Bull Moosees Gather at Des Moines. DES MOINES, July 23.—Delegations to the Roosevelt progressive party's state convention, which opens tomorrow, began arriving here this afternoon. It was expected that by night fully 60 per cent of the delegates would be present to participate in the caucuses and conferences which are scheduled to be held.

Enthusiasts in the movement were early on the scene at headquarters today. Judge John L. Stevens of Boone, provisional national committee man in the new party, and John MacVicar, provisional secretary, held conferences with arriving leaders.

It was stated today to be practically certain that no third party ticket would be placed in the field by tomorrow's convention. Resolutions are expected to be adopted criticizing the Chicago convention, the national committee and President Taft and eulogizing Colonel Roosevelt.

## GUN MEN FALLING INTO NET

Harry Vallon, Implicated in Rosenthal Case, Surrenders. WILL PROTECT ALL WITNESSES District Attorney Says that He is Sure Police Men Investigated the Crime—Will Get the Evidence.

NEW YORK, July 23.—The gun men went for this killing of the gambler, Herman Rosenthal, are beginning to fall into the nets. Harry Vallon, one of the five notorious gangsters, who were in the "murder car" the night Rosenthal was shot, surrendered himself to the police this morning and within ten days Deputy Police Commissioner Dougherty expects to round up the whole gang.

With the men who actually did the shooting in the tolls, the main work of District Attorney Whitman and Deputy Police Commissioner Dougherty will consist of trying to learn the identity of every man who is under weight or is lacking in stature of every man who has a well-rounded figure of symmetrical proportions for which you can feel proud of your body full of energy.

Several of New York's prominent citizens have offered to pay for a private investigation into the question of whether police partnerships with gamblers led to the slaying of Rosenthal.

Police Are Not Active. Commissioner Dougherty remarked significantly to District Attorney Whitman that "I guess we agree as to who is back of this killing," but the public prosecutor does not feel that Commissioner Dougherty can swing the investigation of the killing alone, as he is of the belief that the police department will give no real aid.

The surrender of Vallon may be followed by the voluntary appearance of the other gangsters known to have been in the "murder car" the night of the killing. Besides Vallon there were Harry Horwitz, best known under his gang name of "Gib, the Blood"; "Dago Frank," an East Side gangster; "Lefty" Louis and "Whitey" Lewis.

Vallon Surprises Officers. Vallon has nothing of the appearance of a gangster of the meaner sort. His appearance at police headquarters discomfited the desk sergeant and he had to convince the detectives as to his identity before they locked him up.

Vallon drew up at headquarters in a taxicab and loungers saw a fastidiously dressed, dapper, little chap step lightly out from the car and, swinging a cane from a gloved hand, mount the steps of the building.

Kindly tell me where the detective bureau is," he asked. Then Vallon appeared before Lieutenant McNally and gave himself up and was locked up after that astonished official could summon an officer.

Commissioner Dougherty prepared to give Vallon the "third degree" to learn further of those who hired the gun men to kill Rosenthal. That some of the gun men have fled the city is believed by detectives.

Will Protect Witnesses. District Attorney Whitman when told that counsel for Shapiro was ready to have the chauffeur of the "murder car" turn state's evidence if he would be protected, said:

I will protect every man in this case if I can get the evidence I want against policemen—evidence I know exists. I will let Shapiro and Libby turn state's witnesses if I can get the police conspirators.

With \$50 he had stolen from his mother, Willie Kouma, aged 9 years, and yesterday morning to paint the town red. Yesterday his attire did not betoken young man of wealth. They visited several clothing stores and bought new suits and shoes, two Panama hats and several silk shirts and various other expensive articles of wearing apparel.

They gave Carl Nodis, a bootblack employed by Sebastiano Carbaratta at 1102 South Thirteenth street, a \$50 bill, asking him if it was real money. He answered in the affirmative and turned the bill over to his employer, who later gave it to the police. Later on they returned to the barber shop and threatened to throw bricks through the window if Carbaratta did not return the money. They failed to carry out their threat.

One of the merchants, who sold the two ladies several articles, called up the police and told about the two youthful spendthrifts. After working all afternoon the police arrested the two boys last evening.

# WE INVITE EVERY THIN MAN AND WOMAN EVERY PERSON IN OMAHA AND VICINITY TO GET FAT AT OUR EXPENSE

This is an invitation that no thin man or woman can afford to ignore. We'll tell you why. We are going to give you a wonderful discovery that helps digest the foods you eat—that puts good, solid flesh on people who are thin and underweight; no matter what the cause may be—that makes brain in five hours and blood in four—that puts the red corpuscles in the blood which every thin man or woman so badly needs. How can we do this? We'll tell you. Science has discovered a remarkable concentrated treatment which increases and grows the very substance of which our bodies are made—a treatment that makes indigestion and other stomach troubles disappear as if by magic and makes an old dyspeptic or a sufferer from weak nerves or lack of vitality feel like a 2-year-old. This new treatment which has proved a boon to every thin person is called Sargol. Don't forget the name—S-A-R-G-O-L. Nothing like it has ever been produced before. It is a revelation to women who have never been able to appear stylish in anything they were because of their thinness. It is a godsend to every man who is under weight or is lacking in stature of every man who wants a beautiful and well-rounded figure of symmetrical proportions for which you can feel proud of your body full of energy.
