

What Women Are Doing in the World

Mrs. F. H. Cole is the first of the Omaha women who attended the biennial convention of the General Federation of Women's Clubs in San Francisco, to return. Mrs. C. W. Hayes, Mrs. M. D. Cameron, Mrs. Ed Phalen, delegates of the Omaha Woman's club, are still traveling in the west.

One of the first questions asked of Mrs. Cole by those who stayed at home is "What do you think of the General Federation turning down woman suffrage?" "I think it was much wiser to keep the resolution from the house than it would have been to allow the vote upon woman suffrage," said Mrs. Cole. "I believe that what was done with regard to the suffrage resolution was entirely right, namely, to postpone action until the biennial of 1914, and meanwhile to study city, state and federal government."

"The women are not now ready for suffrage; they do not realize what it will mean. After studying government in their clubs for the next two years they will be more fitted to take action upon it."

"There are other reasons why the federation should not have endorsed woman suffrage. If the delegates had taken action on woman suffrage out in California where the suffrage element is so strong, it would have been unfair to those at home whom they were sent to represent and who, many of them, do not favor suffrage for women."

"And, too, another argument against taking up the resolution: Why should the General Federation endorse woman suffrage any more than it endorses temperance or any other movement for a principle? There are societies and unions for the purpose of promoting special movements of that kind."

Mrs. Cole believes in restricted suffrage; she believes that the restriction should be with regard to education and property holding, however, and not to sex.

Missionary day, one of the red letter days of the National Christian Temperance union, will be celebrated Wednesday by the Frances Willard union at the home of Mrs. Samuel M. Maxwell, 535 South Twenty-fifth street.

The Omaha Woman Suffrage society will be entertained at a picnic by Mrs. S. A. Capen and Mrs. K. R. Hartwick, August 7, in Hanscom park.

Suffrage pictures will be shown at the Suburban theater next Tuesday afternoon and evening. Miss Doris Stevens will give a suffrage talk preceding the movies.

The North Side Mothers' club will have a picnic Wednesday in Miller park. The husbands will be invited.

The only district meeting of the Nebraska Federation of Women's Clubs which will take place next fall will be that of the Fifth district at Hastings early in October. The other district meetings come later in the season. The executive board of the state federation will probably meet at the time of the Hastings convention.

The Woman's Journal says that this year's National Woman Suffrage convention will be held in Philadelphia at the invitation of the Pennsylvania Woman Suffrage association. The dates settled upon are November 21 to 26, inclusive.

"This year's convention will be unique in one very interesting particular, namely that the Pennsylvania suffragists have offered to furnish private entertainment for all the delegates who may attend, a bit of generosity which will enormously decrease the expenses for many delegates, especially those who have to cross the continent to come."

The program committee, which consists of Dr. Anna Howard Shaw, Mrs. Robert La Follette, Miss Breckenridge, Miss Mary Ingham and Mrs. Dennett, has endeavored to allow more space on this year's program for business sessions than previously. It was felt both at Washington and at Louisville that there was not enough time for the discussion of policy and plans for the next year's work.

There will be several distinctive features in the Philadelphia program—a suffrage shop, a men's evening, a procession, a thanksgiving service and a banquet, and most important of all five victories to celebrate."

Mrs. Clifford Calkins was elected president of the Alumnae chapter of Kappa Gamma sorority at the annual meeting Friday. She was formerly Miss Helen Sholes of Omaha and attended the University of Nebraska. Since her marriage she has resided in Missoula, Mont., but she and Mr. Calkins have come to Omaha to live. Miss Nan Cunningham was elected secretary and treasurer of Kappa Alumnae. Three new members joined. They are, Mrs. William J. Hutz of Sioux City, who attended the University of Iowa; Mrs. Frank Parker, Kansas City, who attended the University of Kansas, and Mrs. Stevens of Northwestern.

Lillian Russell's Warning. Sore Feet: Bad Health

Lillian Russell is a physical weak. Now in mature years, but having preserved the fresh beauty of youth. In the Chicago Tribune she says: "Care of the feet, hardest worked members of the body, is absolutely essential to health. Irritation from sore feet often causes serious nervous disorders, and nothing brings a face wrinkle like a sore foot. Here is the best treatment known to science for all foot ailments. It works through the pores and removes the cause. Dissolve two table-spoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts. The effect is magical. All soreness disappears instantly. Corns and callouses can be peeled right off. It gives instant relief for bunions, itching and sweaty, smelly feet. Any druggist has Calocide in his stock or will quickly get it from his wholesale house. A twenty-five cent box usually cures the worst feet. Calocide is not a patent medicine. Don't waste money on uncertain remedies. Insist on getting what you want from the druggist."

Nebraska Woman Honored

MRS. H. L. KEEFFE.

For the first time in the history of womanhood the antelope state has representation in the official family of the General Federation of Women's Clubs. Mrs. H. L. Keeffe of Walthill, Neb., was elected recording secretary at the big biennial convention in San Francisco this month.

Mrs. Keeffe did not leap into national office at a bound. Her rise in the club world has been gradual and steady. Nine years ago, when she lived in West Point, Neb., she was president of the Tuesday club, which had twenty-six members, and studied literature, potteries and United States history. She was the first president of the organization as a federated club.

The next year, when the Nebraska Federation of Women's Clubs looked for a suitable woman to head the activities of the Third district, it chose Mrs. Keeffe. This year following, her home club at West Point sent her as its representative to the meeting of the general federation in St. Paul.

Then she was elected president of the state federation, and during her second year was delegate ex-officio to the biennial convention in Boston. She was distinguished there as being the only delegates who were not American born.

The general federation numbered her among its directors during the next three years. Mrs. Keeffe was a director and a member of the badge, inter-federation, press and art committees, when elected to the recording secretaryship. She is a Britisher by birth. Her father was prominent in the labor movement of the last century in England; her mother was Quakeress. The family migrated west when Mrs. Keeffe was a young girl. She is a graduate of the University of Iowa.

Mrs. Keeffe's friends say that she is fine, firm and very conservative. She was one of the leaders at the biennial in San Francisco who favored heading off the proposed resolution for woman suffrage.

The Bee's Wedding Book

July 28, 1887—Mr. Clistus N. Butler and Miss Mary Fagan were wedded at St. Philomena's cathedral by Rev. Father McCarthy. Mr. J. L. Kelley was the groomsmen and Miss Lida Peterson the bride's attendant. Mr. Butler was then chief of the Bee's mailing department.

RINGLING BROTHERS' JESTERS OF WORLD-WIDE REPUTATION

Fifty of the world's best and merriest clowns are largely responsible for the attractiveness of the program which Ringling Bros.' World's Greatest Shows are offering this year. There is not a moment during the three hours the doors are open that the audience is not laughing at some droll stunt or funny antic of the great army of comedians.

Most of these gaily-larkers are from Europe. They are from the comic opera companies of Paris and Berlin, the pantomimes of famous Drury Lane, from the courts of eastern potentates and from our own vaudeville and musical comedy stages. This is the circus that for a quarter of a century has originated the best there is in clowning. It is funnier than ever this year. The man who attends one of its performances and does not come away with a more hopeful focus on life had better see an undertaker.

Foremost among the comedians is Al Milano. He was the original Humpty Dumpty. Though nearly 60 years old, he is still the leader of all the world's pantomimists and harlequins. His name is that of an illustrious family of comedians. There is also Jules Turnour, the best of all French mimics. Jules is the subject of an intensely interesting biographical story written by Isaac F. Marcosson, the magazine editor and author. He has clowning in every civilized country on earth. Kings and queens, diplomats and professors have laughed at him. He is the delight of the children. George Hartzell is another of the clowns. The magazine all over the country have devoted pages to his clever work. Still another is James Spriggs, the clown policeman. He is what is known as a "free lance," working independently of the others. Laughter follows in his train wherever he goes.

Among the trained animal features will be found many acts that entertain and amuse, particularly Captain Huling's two troupes of trained seals, and three new herds of elephants. A company of performing horses from the Schuman German circus do many astonishing things. The acrobats, gymnasts, aerialists and riders are the picked talent of the world. The morning parade is completely new throughout and the menagerie has had many wonderful additions.

The show will be seen in this city on Friday, August 3, and the downtown ticket sale will be conducted in Myers-Dillon Drug company's store.

The regular performance opens with a gorgeous wordless spectacle—"Joan of Arc"—produced at a cost of \$500,000 and employing 1,200 persons, 600 horses, a ballet of 300 dancing girls and a trainload of special scenery and stage properties.

Summer Shows

One of the most novel acts in vaudeville will be the headline attraction at the Gayety theater this week, which, by the way, will be the final week but one of the summer show at this popular theater. The act referred to is Doblado's trained sheep. On the bill is another unusual act in Del Balty and his musical building, "Jap," a canine of more than ordinary intelligence. Dancing Stone, who is on the program the first half of the week, claims he would rather dance than eat and, furthermore, stands ready to prove it by his terpsichorean symptoms.

On Thursday the Daring Darts will be the feature act with a new conception in aerial work, and three queens of harmony, the Cook sisters, will be heard in some of the latest popular melodies and classic numbers, and Harry Bardel, manipulator of objects. Hussar Burton will tear out a page from comic opera the coming week. Among his baritone solos will be "My Hero," from "The Chocolate Soldier." The following week the Gayety will display the Sarah Bernhardt and Mme. Rejane moving pictures "five reels in all—showing Bernhardt as 'Camille' and Rejane as 'Madam Sans Gene'."

Cartoons in strokes of fire on the big picture curtain, drawn by James Wheaton, will be the feature of the Al-drome commencing Sunday night in connection with specially attractive motion pictures and the latest songs. The projection of the magical fire pictures will be big novelty to Omaha and is not alone a pleasing entertainment, but is a scientific wonder. A dozen or more highly expensive lenses with polished mirrors and an arc light of some 8,000 candlepower are all necessary for the successful operation of this apparatus, which has been a month in building. The cartoons to be drawn by Mr. Wheaton's hand will be topical and will create an interest otherwise unattainable.

Manawa will be the place to go today, with warm weather for the bathing beach and the launch rides and the boating and for dancing in the ballroom, cooled by the lake breeze. Monday is society night at the ball room. Arthur E. Smith, director of the orchestra, has brought out new dance music. Favorites are the two step, "You Can't Expect Kisses from Me," "Oh, You Circus Day," "The Ragtime Goblin Man," and "In the Shadow," and new waltzes are "The Iris" and "Let Me Call You Sweetheart."

BATHING ATTRACTS CROWDS TO COURTLAND BEACH

Courtland Beach, on the lake front, is attracting large crowds. Cool breezes offer relief from the heat and make enjoyable outdoor amusements. The varied lawn invite picnic parties, and the shaded contrivances for entertainment assure all a good outing. The sand bottom beach is a big splash much of the time. That bathing is the most healthful and refreshing exercise is evidenced by its popularity. Boating is a rival sport, and good rowboats or pleasant launches are provided. There is good music and a fine large floor for those who like to dance. Roller coaster, carry-us-all and the whirl are thrillers. Free moving pictures are shown near the shores of the lake and enough seats are furnished to accommodate the many spectators.

OPEN AIR DANCE FLOOR DRAWS AT KRUG PARK

Crowds that fairly test its capacity seek shelter from the heat at Krug park. Many picnic parties have taken advantage of the opportunities offered and others are making arrangements for future outings. For the seeker of outdoor amusements there are various entertainments. Those who like to dance are given a good treat by the excellent music at the large open air floor. Thrilling and exhilarating rides are furnished by the big roller coaster. A cool, pleasant glide is afforded in the Old Red Mill. Good entertainment can be had in the billiard parlor and penny arcade, or watching the moving pictures.

Orkin Bros. to Make Radical Changes in Their Big Store

As soon as the clearance sale at the Orkin Brothers' store on Sixteenth and Harney streets is completed, many extensive interior changes will be made, according to plans announced by the management yesterday.

A feature of the store will be the women's and children's ready-to-wear department, which will occupy the entire second floor. The cases and booths will be finished in solid mahogany and beveled mirrors. The contract for this work has been let to the Alfred Bloom company of Omaha and it is expected that work will be finished by September 1. The entire department will be in charge of J. L. Orkin.

Other interior decorations will be made within the next four weeks, work on which will be carried out nights.

Clan Gordon Will Hold Big Picnic

Members of the local Clan Gordon organization No. 8 will hold their twenty-fourth annual picnic Saturday afternoon, August 3, at Krug park. Family basket lunches will be in vogue.

W. J. Hislop, chairman of the amusement committee, has arranged an extensive program of athletic features for the afternoon and has secured a suitable supply of prizes for the winners of the various events.

Field events will consist of a quoit-throwing contest, distance foot ball kicking, running broad jump, shot putt, running hop, step and jump and tug-of-war between married and single clansmen. The cinder track program is as follows: Fifty-yard Dash—Boys 12 years and under. Fifty-yard Dash—Girls 12 years and under. Young ladies' race. Old men's race. Fifty-yard Dash—Boys 16 years and under. Fifty-yard Dash—Girls 16 years and under. Race for members of ladies' auxiliary. 100-yard Dash—Free-for-all. Handicap 100-yard dash for clansmen.

Ben Franklin Club to Hold Big Picnic

The Ben Franklin club of Omaha will hold its annual outing at Riverview park on August 10, when about 1,200 are expected to attend, including members, their families and friends. All printing shops in the city will be closed on that date.

Definite arrangements for the day's program have not yet been made, but a card of athletic feature stunts will take up part of the time in the afternoon.

The committee in charge includes the following: C. E. Corey, J. E. Latsch, J. M. Hoagland, L. J. Quinby and Bert Potter.
