Picnic at Y. M. C. A. Park—The Sunday school of the McCabe Methodist church will picnic in the Young Men's Christian association park Saturday afternoon, going there in a special trolley car.

Baptists S. S. go to Council Bluffs—Thursday the Sunday school of Zion Baptist church will hold their annual picnic in Fairmont park, Council Bluffs, going over in two of the big open cars of the Street Railway company.

Work is Provided—Mike Sullivan and John Sibley sprung a huge surprise on Police Magistrate Foster in police court when they both admitted that they were drunk when arrested and were willing to work. Work was obtained for them.

Marble Arrives for W. O. W. Building—The marble for the new Woodmen of the World building has arrived and is being put in place. The cement sidewalks around the building have been laid and the board barricades have been removed.

Small Blaze at Utopia—While burning paper in the rooms of Mrs. L. J. Wright in the Utopia apartments at Nineteenth and Davenport streets the chambermaid

set fire to the curtains and the room was soon enveloped in a mass of flames at 11 o'clock yesterday. The damage will amount in the neighborhood of \$100.

Special For Bull Moose—The Californians en route to the bull moose convention at Chicago will arrive in Omaha Friday evening over the Union Pacific, occupying a special train and traveling as a second section of No. 2. They will remain in Omaha half an hour and then leave for Chicago over the Northwestern.

No Dictionaries Needed—For a long time the passenger department of the Union Pacific has been debating whether or not to place dictionaries in the libraries of the observation cars. An order has gone out that there will be no dictionaries, the officials taking the position that the men and women who travel on the trains carrying these cars are of the highest class and are so well educated that they would not find it necessary to often consult these volumes.

VAN DUSEN GETS COMMISSION
Is Made Captain of State Militia by Governor Aldrich.

VINDICATES NEBRASKA STUDENT
Work on the Cornhusker Was Ratified Last Week by Postmaster General Hitchcock—Allows Book in the Mails.

Dana Van Dusen, editor of the 1912 Cornhusker and former captain of Company K of the University of Nebraska cadet drill corps, received a notification announcing his commission as a captain of the state militia from Governor Aldrich Tuesday. If desired this commission in the militia is granted to captains of cadet companies of the university at the completion of their course and it is significant of the fact that the student has finished his military work in creditable standing.

Together with Donald Wood and Alfred Kennedy, first and second lieutenants, respectively, of Company K, both Omaha boys, Van Dusen, captain of the same company, was reduced to the ranks following an early morning forced hike from the spring encampment at Crete for alleged failure to maintain order in their company. There was considerable student resentment to the action at the time and members of Company K purchased a handsome sash and presented it to Van Dusen not long after the Crete affair.

This award of his commission adds to his vindication from the criticism hurled against him by university authorities during his last month in school, as the Cornhusker book was recently upheld by Postmaster General Frank Hitchcock at Washington as being in compliance with the postal regulations.

Louis Wolf Leaves Large Estate to His Wife and Children

Estate of the late Louis Wolf, South Omaha commission merchant and ranch owner, whose death by shooting a few weeks ago still is a mystery, is valued at \$277,750 by Nathan A. Spiesberger, special administrator of the Wolf estate, who has filed his report in the probate division of the county court.

By the terms of Wolf's will, filed in county court, one-fourth of the estate will pass at once to his eldest daughter, Miss Minnie Helen Wolf; the other three-fourths goes to the widow for her use and benefit until her death, after which it will be divided equally among Minnie Helen Wolf and the two other children.

The report on the valuation of the estate is itemized in a general way as follows:

Owned and leased lands.....	\$163,000
Personal, principally cattle.....	79,750
Life insurance.....	25,000
Accident insurance.....	10,000
Total.....	\$277,750

Wolf's principal realty possession was a Cherry county ranch of 6,000 acres, valued at \$150,000 by the special administrator. The principal personalty was 1,250 head of cattle, valued at \$70,000.

FEAR OF BANKS COSTS ROLL
Grocer Loses \$1,300 in Gold When Burglar Visits Store.

ENTIRE SAVINGS FOR YEARS
Was to Have Paid the Money to His Mother on Thursday to Apply on Mortgage She Holds Against Him.

Superstition as to depositing money in banks cost G. L. Steck, a grocer at 1038 North Sixteenth street, \$1,300 in gold, representing five years' savings, when a dusky-skinned burglar pilfered the cash drawer at the Steck store. The theft was committed Saturday night, but the police have kept the matter dark since that time.

Ray Jackson and Little Donnelly, both colored, were arrested on vagrancy charges Sunday afternoon at 1619 Icard street and were sentenced to sixty days each in police court Monday. The police believe this pair to be connected with the robbery.

Steck closed up the store at 10:30 o'clock Saturday night and paid a visit to a barber shop a few blocks from his place of business. Upon returning a half hour later with his wife he found the cash drawer lying on the floor near the front door. Mrs. Steck walked towards the rear of the store and a colored man jumped from behind the counter and rushed out the back door. Steck fired several shots at the fleeing man without any result.

When Steck fired the gun two police sergeants and two officers, who were in the alley in the rear of the store waiting to make a raid on a disorderly house, rushed up. However, they were not in time to catch the thief.

Five years ago Steck's father lost \$5,000 when a local bank stopped operations. Since that time he has been afraid to deposit his money in the banks and has carried it around with him. The money stolen was to be paid to Steck's mother tomorrow for a mortgage she holds on the store.

The thief passed up \$300 in the cash register.

SMALL BOYS CONFESS TO LOOTING ROURKE CLUB HOUSE

A couple of 12-year-old base ball enthusiasts, Lloyd Kountze, 3212 Oak street, and Leonard Thompson, 3425 South Thirty-first street, were arrested by Detectives Donohue and Heitfeldt and turned over to the juvenile authorities. The boys confessed to breaking into the club house at Rourke park last Thursday and stealing a pair of base ball shoes, several fielding gloves and a layout of bats and balls. Most of the loot they hid in the woods near Riverview park, where it was recovered.

FOSTER REFUSES JURY TRIAL TO W. D. BEARD

Judge Foster refused to grant W. D. Beard, 1112 North Twentieth street, a trial by jury in police court, although it is a state case. Beard is accused by Officer Sam Morris of assault and battery last Sunday night.

Morris was endeavoring to disperse a crowd of hoodlums on North Twentieth street Sunday night when he was attacked by Beard and badly beaten. He suffered a sprained shoulder from contact with the hard pavement.

Cement Dealers Set Date for the Convention Here

At a meeting of the executive committee held Tuesday evening it was decided to hold the annual convention of the Nebraska Cement Dealers' association at the Hotel Rome, February 6 to 11.

An exposition will be held in connection with the convention. This exposition will contain exhibits showing the processes used in making cement and the machinery and other contrivances which are useful in the cement industry.

Those present Tuesday night were: Peter Palmer, Oakland; Frank Whipperman, Omaha; H. R. Parks, Brining; C. J. Tracy, Loup City; Milo Brown Sutton; Frank Barger, Hastings; N. J. Peterson, Omaha, and J. M. Krieser, Rising City. Peter Palmer of Oakland is president of the association and Frank Whipperman of Omaha is secretary.

All in attendance expressed themselves well pleased with the cement business throughout the state, especially in the small towns in central Nebraska. Reports indicate that the cement industry in Nebraska is growing at a tremendous rate.

Mrs. E. H. Harriman Goes West to Ranch

Enroute to her ranch at Island Park, Idaho, Mrs. E. H. Harriman and members of her family went through Omaha at 3 o'clock yesterday, traveling on a special train of three cars. The stop in Omaha was only long enough to change engines and ice the cars. None of the members of the party were awake.

Mrs. Harriman and party came from New York over the Erie to Chicago, over the Illinois Central to Omaha and over the Union Pacific beyond. Mrs. Harriman goes to the ranch on her annual vacation. There, away from civilization, she fishes, rides on horseback and enjoys a regulation western outing.

POLICE OFFICER MORRISON HANDS IN RESIGNATION

Police Officer Ed Morrison, who was to have been tried before the city commission for alleged assault on E. R. Dighton, has sent Chief of Police Donahue his resignation. Morrison states his intention to go into business for himself. He will enter the automobile business in this city. His resignation will be read and acted upon by the city commission today. Dighton had preferred charges against Morrison and asked his dismissal, but the officer's resignation will mean the end of the case before the city commission. Morrison was dismissed

Youth is Killed by Large Flying Belt at Planing Mill

Gus Olsen, 16 years old, 4204 Charles street, struck by a large belt, which flew off a machine at the Wiers Planing mill, 496 Cluming street, Tuesday afternoon at 4 o'clock, died yesterday at the Methodist hospital from the effects of the accident.

Olsen's head was badly crushed by being thrown against the side of the wall by the flying belt. He had concussion of the brain and died without regaining consciousness.

Special Provision Pays Company A

The men of Company A of the Signal corps, stationed at Fort Omaha, are to receive their pay for the month of June before starting on their trip to Bridgeport, Conn., for the national maneuvers at that place. This order came to army headquarters in Omaha. The company is to start for Connecticut August 3. While the other troops in the division have not yet been paid for June, 1912, on account of a deficit in the fund which has not yet been made up by a special bill of Congress, special provision is made for the payment of A company on account of the trip they are obliged to take. As Thursday is the first of August and as the troops are usually paid within the first few days of the month, A company will likely get the salary for two months just before starting east. The pay for July comes out of the 1913 appropriation, and is therefore not affected by the deficiency of the army fund of 1912 that leaves the June salaries still unpaid.

Baby Swallows Piece of Glass and Dies

Two-year-old Eva Fillick, daughter of J. Fillick, an East Omaha gardener, swallowed a sharp piece of glass while playing about the yard at her home Saturday afternoon. The small gashes cut in the windpipe and inflammation of the stomach caused death after removal to the Immanuel hospital the same evening.

The funeral of the child was held from the Fillick home in East Omaha yesterday afternoon with interment at Forest Lawn cemetery.

RAILROAD MAN LOOKS FOR BIG CROP HAUL

General Superintendent Cliff of the Illinois Central railroad spent the day in the city. He arrived early in the morning, his car being attached to the special of Mrs. Harriman from Chicago. General Superintendent Cliff is making a tour of the northern roads of the system, getting an idea of crops by making a personal inspection and conversing with agents and others. So far he has found

If You Destroy Flies for Sanitary Reasons

Why Not Do It in a Sanitary Way?

POISONED Flies drop into the food, the baby's milk, everywhere, or are ground into the carpets, rugs and floors. A poisoned fly is more dangerous than a live one. The poison is an added danger and does not kill the germs on the body of the fly. Fly traps are offensive and unsanitary, the care of them disgusting. The fly destroyer that catches both the flies and the germs they carry and coats them over with a varnish from which they never escape, is
