DRAGON OFFICERS
Taft Men Declare Bull Moose Misrepresent Facts.

NO COMPROMISE WAS OFFERED
Hotheads in Convention Did Trick that is Now Begotten to React and Be Felt All Along the Line.

(From a Staff Correspondent.)
LINCOLN, Aug. 19.—(Special Telegram.)—Radical bull moose papers throughout the state, taking their cue from Lincoln sources, have been publishing articles tending to show that the regular republicans at their committee meeting in Lincoln last week refused to accept the olive branch of peace offered by the bull moose segregation.

The facts in the matter are that the olive branch of peace was not accepted for the simple reason that no olive branch of peace was offered by anybody. The meeting was not opposed to a deal tending to promote harmony. All the regular republicans of Nebraska are asking for a chance to vote for the man who is the regular nominee of the party for president. The deal engineered by a few of the hot heads in the state convention would disfranchise every republican in the state desiring to vote for resident Taft, and any 'olive branch of peace' other than that kind would probably not be accepted.

Metecalf Addresses Convicts.
Richard L. Metecalf addressed the prisoners at the penitentiary yesterday morning. A crowd of about 100 visitors was present.

Bluffs Firm Gets Job.
The Board of Public Lands and Buildings has let the contract for the new elevator at Ingleside hospital for \$85,000 to Kimball Bros. of Council Bluffs. There were two other bidders, a Chicago firm putting in a bid for the same kind of elevator for \$450,000.

Frontier Show Is Fine.
Secretary Mellor of the state fair returned Saturday from his trip to Cheyenne to see what the "Frontier Shows," an aggregation representing the wild west, were like. He is very enthusiastic over what he saw and says that the people of Nebraska will miss a whole lot if they fail to see this show during the state fair.

He was in Cheyenne on Friday and reports that something like 10,000 people were present. He saw Johnny Maus break the world's record in the hog-tying of a steer, doing the stunt in 33 seconds. The world's record, heretofore held by Charles Irwin, was 38 seconds.

People were there from all over the country, many of them coming in automobiles, and it seemed, according to Mr. Mellor, that every state in the union was represented by more automobiles. There were more Denver. The prices charged there were 50 cents general admission, \$1.00 stand, 50 cents bleachers and \$2.50 for admission of automobiles to the grounds. The charge for carrying passengers to and from town, two miles, was 50 cents each way. There will be no extra charge for seeing this show at the state fair. The prices will remain the same as last year.

Communitations Asked.
Daniel Cummings and Charles Dero, sent up from Furnas county for breaking into a farm house and stealing a lot of clothes and other stuff, have asked that a pardon be granted them. Both are serving an indeterminate sentence of one to ten years. They were caught at Red Cloud and returned all the stolen property except the clothing. They have served about one year of the term.

George Younger, sent up from Lancaster county on an assault charge and serving a twenty-year sentence, has asked for a commutation of sentence. The crime was committed on February 6, 1907.

NOTES FROM WEST POINT AND CUMING COUNTY

WEST POINT, Neb., Aug. 19.—(Special.)—A special city election is called at West Point for Tuesday, September 17, for a vote on the proposition of an issuance of bonds of the city in the amount of \$4,000 for an extension of the sewerage system of the town. This election will be the second one held for the same object, the first election, held July 2, being invalidated by reason of the notice thereof being published only four times instead of the five insertions provided for by law. The proposition carried at the former election by an overwhelming majority, and it is confidently expected that the returns at the ensuing election will show the same result.

Conrad Hagedorn, an aged man, a retired farmer, died at his residence at West Point Sunday of senile debility. Mr. Hagedorn was formerly a farmer in the neighborhood of Wisner, retiring from the farm some months ago. He leaves a widow and a large family of grown children.

For the second time in a little over two years twin children have been born to Mr. and Mrs. John Moody of this place. All four of the babies are doing well.

FAIRBURY CHAUTAUQUA WILL WIND UP ITS AFFAIRS

FAIRBURY, Neb., Aug. 19.—The eighth annual session of the Fairbury chautauqua, ended Sunday evening at the city park auditorium after a ten days session. Owing to the long continued drought, as well as the rainy weather which followed it, the event was a financial failure. The deficit is between \$50 and \$1,000 which it will be necessary for the stockholders to make up. The chautauqua was inaugurated in July 1906 when the Redpath Lyceum bureau put on a program and made F. L. Rain secretary. It was conducted in this manner until the summer of 1910 when it was made a stock association and a number of Fairbury citizens purchased stock in the concern. The officers of the Fairbury Chautauqua association included L. M. Nelson, president; A. Lynch, vice president; F. L. Rain, secretary; M. Coffman, treasurer. The directors will hold a meeting this week and make up the deficit and will arrange to discontinue the affair.

ALDRICH AFTER MOREHEAD
Governor Issues Challenge to Democratic Rival to Debate.

MAKES MANY ACCUSATIONS
Proposes to Argue on Stump Matters Connected with Late Legislative Sessions and Questions of Political Nature.

(From a Staff Correspondent.)
LINCOLN, Neb., Aug. 19.—(Special Telegram.)—Governor Aldrich this afternoon issued the following open letter to John H. Morehead, democratic candidate for governor:
LINCOLN, Neb., Aug. 19.—To Hon. John H. Morehead, Falls City, Neb.: My Dear Sir—I am writing you an open letter concerning matters of vital importance and interest to the voters of our commonwealth, and am giving this letter out to the press, to the end that my proposition may receive the widest publicity.

"First—I charge that you are a reactionary, are opposed to every contention made by W. J. Bryan at the recent Baltimore convention, and that when the endorsement of Mr. Bryan's conduct before the democratic state convention for approval of your county delegation voted for nine of you and seven against him.

"Second—You voted against and worked to defeat the enactment of a workable initiative and referendum measure by supporting amendments to make the law of no force or value to the state.

"Third—You opposed and worked against every meritorious insurance measure whose object and purpose was to give to the premium payers and policyholder a square deal and to protect him from fraud and misrepresentation.

"Fourth—You opposed the Ollis stock yards bill and worked for its defeat by supporting amendments to make the bill ineffectual and worthless, and you also voted against an amendment offered to the Taylor stock yards bill to make it effective by declaring stock yards to be common carriers, and were opposed to and voted against the physical valuation of the stock yards provided for in the Ollis bill.

"Fifth—On the record you are opposed to and have worked against every single progressive proposition mentioned in the democratic platform recently written at Grand Island.

Challenge to Debate.
"I make these charges and shall prove each and every one of them to the people of the state, and I am inviting you to accompany me on a tour through the biggest and principal towns of this state, so that together, upon this esame platform you and I may discuss these issues so that the people may for themselves, on the facts, determine whom they want to support for governor of Nebraska. On these occasions I shall be glad to discuss with you every vital issue now before the people of this state during the last year and a half. I rather say these things to your face than behind your back and the best way for you and me, in my judgment, is to present all of these matters to the public.

"I vetoed several bills that you supported in the last legislature and I welcome your open criticism in these public discussions and, if I am unable to answer your criticism, both from a standpoint of facts and truth, then it will result to your great advantage, and I am willing to take the chances. A fair and square discussion of all these matters between you and I in public on the same occasion will be beneficial, and in this way you will have opportunity of getting before the people at first hand your views on public questions and give them an opportunity to judge whether you have a mission to fulfill or whether you want this office for yourself and are simply in the attitude of an every day, self-serving politician.

"You are making public addresses every week, and have made some serious charges against me in the management of public institutions; in fact, you have made the matter personal in out of the way towns, where no reporters were present.

"Hoping to receive a favorable reply from you in the near future, I remain, yours truly,
"CHESTER H. ALDRICH."

Crazed Father Shoots Wife and Her Mother and Gives Himself Up

ASHTON, Ill., Aug. 19.—A quarrel over the custody of a 7-year-old daughter today caused Warren Sander to shoot and kill his wife, Westanna Sanders, and his mother-in-law, Mrs. George Griffith, while the four were at the Chicago & Northwestern station.

Naomi Sanders, the innocent cause of the trouble, was a witness of the shooting. She was walking with her mother and grandmother, when they were killed. At the sound of the first shot she stuffed her chubby fingers into her ears and ran to a stranger for protection. Mrs. Griffith was shot three times and Mrs. Sanders once. Both died almost instantly.

After the shooting, Sanders walked to a telephone exchange and called Sheriff C. P. Reid at Dixon.

"Sheriff," Sanders said, "I've just shot two women. I'll wait here, at the telephone exchange until you call for me."

DARKEN YOUR GRAY HAIR!
This Recipe Makes an Excellent Home Made Preparation.

It is humiliating to go into a drug store and ask for a hair dye or stain or restorer, as it at once calls attention to the fact you want to conceal—that your hair is turning gray. This simple recipe relieves you of all such humiliation and at the same time gives you a cheap and better hair darkener and scalp tonic than the store preparations. Procure from your druggist at little cost one ounce of bay rum, a quarter ounce of glycerine and a small box of Barbo Compound—then in your own home dissolve the Barbo Compound in 7 ounces of water and add the other two ingredients and you will have a most effective hair darkener as well as a good remedy for dandruff and other scalp humors. It not only browns the gray hair, but acts as a tonic to the scalp, makes the hair soft and glossy and is not sticky like many store-preparations. It is to be applied once a week until the hair is darkened, then every two weeks. Be sure your druggist gives you Barbo Compound—no other ingredient will take its place.

Help others learn of the advantages of Nebraska

Nebraska today is the fifth meat-producing state in the union. It might easily become first. It has all the natural material right at hand. What it needs is the intelligent use of this material.

Every farmer knows enough to feed his cattle grass and hay. Many farmers in this state do not yet know enough not to waste their cornstalks. It has been estimated that enough cornstalks are wasted in a year to add \$15,000,000 to the revenue of the state if converted into beef or mutton.

Nebraska has the ideal soil for alfalfa. By developing this crop to the utmost, and by utilizing the immensely valuable cornstalk fodder, this state could easily be made to lead in meat production.

It is facts such as these, made over the signature of men who know, that will be found in the

Nebraska Development Number of The Omaha Bee
