1811 Howard St. Doug. 1733

Your ad should be on this page next Sunday. It's a page that is going to grow.

**DUNTLEY Pneumatic Cleaner**

Select your vacuum cleaner for thoroughness and economy.

With the Duntley you will get all the dust, grime and grit that is in the fabric—the kind of dirt that wears and discolors rugs, draperies, curtains, etc., more than any amount of hard usage.

The Duntley has long been established as the ideal cleaner. The electric machine insures cleanliness in every home in which it is used. It is made in convenient sizes and sells at various prices which you can afford to pay.

This store rents these cleaners and now has a large line of them in operation in many homes in Omaha and neighboring cities.

Call or telephone this store at once for a demonstration in your home.

**Miller, Stewart & Beaton**

415-17 South 16th Street.

### Omaha Extensive User of Electricity

Omaha is rapidly gaining the name of being one of the best lighted cities in the west. Its streets, since the installation of the pendant lights, have been brilliant thoroughfares by night. The photographic reproductions appearing above show views on three of the main streets. In each of them numerous electric signs are noticeable, proving that Omaha is one of the foremost in the use of this power for home conveniences. The electric cooker, the electric washer, the electric toaster, etc., are coming into general use in many homes. As fast as the housewives learn of the advantages of these appliances they are taking them into their homes.

## "Do You Realize the Value of Electricity in Your Home?"

Do you strive at cleanliness, healthfulness, safety, convenience and economy? These are the qualities that make up every well appointed home.

Electricity by reason of its cleanliness and safety is necessary to every home.

Every day, every hour, new uses for electricity are found and its extended use has made it the cheapest and most satisfactory of household necessities.

No dirt, no smell, no trouble—a turn of the button gives you light, heat and power; all from the same source.

Get your wiring done now and allow electricity to "Brighten" your home and "Lighten" your labors.

**Omaha Electric Light & Power Co.**

## 2c A Week Does Washing! We Prove It at Our Expense

Forget all you know about washers—for there never was one like this. It's the "1900" Motor Washer. Absolutely self-working! It does it all. It does it right. It does it for 2c per week. And it does it so quick that it shortens the time to minutes instead of hours.

**DOES BOTH THE WASHING AND WRINGING.**

**SELF-WORKING WRINGER FURNISHED FREE.**

Can be connected with any ordinary electric light fixture.

No crank to turn; no handle. Cog wheels encased in steel to prevent danger of soiling clothes or mashing fingers. Motor entirely closed—no danger from water.

ABSOLUTELY FREE TRIAL OF 15 DAYS.
