She suffered from nervousness day by day and sleeplessness by night. "Up to three years ago," writes a young woman, "I was in the habit of drinking coffee freely and did not realize that it was injuring my health." (tea contains caffeine-the same drug found in coffee) "till I was suddenly made the victim of nervous headaches so violent that I was compelled to give up household activities and stay in bed much of the time. Then insomnia came upon me and the wretchedness of sleepless nights was added to the agony of painful days. "This lasted till a year ago, when I was persuaded by a friend to give up coffee entirely and use Postum. The result was, in less than a week I began to feel the change for the better, my nerves grew stronger and I began to sleep nights. Day by day the improvement continued and in a short time I was recontinued and in a snort time I was re-stored to health.
