

ACT FOR RELIEF OF TOURISTS

Diplomats Work to Provide Safe Conduct to Ports.

AMERICANS IN BERLIN O. K.

Deposits of Cash with Various Government Departments for Transmission Abroad Reaches More Than Million Dollars.

WASHINGTON, Aug. 14.—Execution of plans of the government board of relief to bring war-marooned Americans home from Europe went forward swiftly today.

Five army transports were sent on their way to Newport News to be hastily outfitted for a cruise to ports abroad to pick up waiting refugees. Secretary Garrison was notified that the American line would increase the sailings of its vessels to provide accommodations for 1,000 additional persons and managers of steamers that have been chartered as private relief expeditions announced that they would co-operate with the War department.

Acting to Provide Safe Conduct. Diplomatic representatives abroad are acting promptly to provide safe conduct to sailing ports for American travelers.

A cablegram from the American Association of Commerce and Trade in Berlin, transmitted to the State department today through Ambassador Gerard, announced the German capital is quiet, that food prices were normal and Americans were fully protected.

Deposits of Cash. Deposits of cash with various government departments for transmission to Americans abroad reached more than \$1,000,000 today.

The American Red Cross called \$500 to Munich and to Nice for the use of the American war relief committees who are co-operating with the Red Cross.

The official list of English ports open to the citizens of friendly nations was transmitted to the State department today.

Many Americans now on the continent probably will make their way to England through those ports in the attempt to hasten their journey home.

Refugee from Liege Tells of Desolation Caused by the Siege

LONDON, Aug. 15.—The Daily Telegraph's correspondent at Brussels says that a refugee from Liege told the following story:

"Thirty thousand inhabitants fled when the shells began to fall. The remaining inhabitants buried themselves in cellars. Have marks the city everywhere. Clanging bridges, demolished houses, fallen roofs and smouldering ruins were seen on all sides. There is no street where the shells have not fallen. The asphalt is plowed up like a cornfield. Newly made graves protrude in unexpected places.

"During the day the Germans are everywhere in evidence and the inhabitants are cowed in dumb dismay. During the night the city assumes the aspect of a graveyard; the silence being broken only by the distant thunder of heavy guns or the tread of German patrols.

"All doors in the city must be kept wide open. The Germans compel the bakers to turn over the entire product of the bakeries to the army every morning, and while the inhabitants go hungry, the soldiers cook meals in the streets in great cauldrons. All the principal streets are barricaded, and the German soldiers show recklessness in scouting in the neighborhood of the forts."

RUSSIAN FIRE BRINGS DOWN GERMAN PLANE

LONDON, Aug. 15.—A Reuter dispatch from St. Petersburg says a message has been received there from Vilna stating that a German aeroplane, which was making observations of Russian military movements in Poland near Bialystok, was fired upon and brought down with a crash. Its occupants, four German officers, were killed, according to the dispatch.

BRYAN WITH WILSON IN STAND ON LOAN QUESTION

WASHINGTON, Aug. 15.—Although there was no formal expression from administration officials it became known that President Wilson and Secretary Bryan were opposed to the making of any loans in the United States for the benefit of any of the belligerent powers in Europe.

Cannot Serve Abroad.

WASHINGTON, Aug. 15.—A young naval officer applied today to Secretary Daniels for a commission to enter the service of one of the warring European powers. He suggested that the experience might be of value to the United States in the future. The request was promptly denied.

Help for Bryan.

WASHINGTON, Aug. 15.—Because of the heavy strain imposed upon the diplomatic staff of the State department by the European war, Secretary Bryan has retained two experts to serve as special counsel as long as the emergency exists. They are Prof. Eugene Wambaugh, professor of international law in Harvard university, and James Brown Scott, secretary for the Carnegie endowment fund devoted to the making of peace, and formerly solicitor for the State department.

No Immediate Action.

WASHINGTON, Aug. 15.—No immediate action will be taken by the administration on the proposed censorship of cables, as well as wireless stations in the United States. This was stated at the White House today, following a conference between President Wilson and Secretary Bryan.

New York Coast

Guns Effective

NEW YORK, Aug. 15.—Target practice last night by the men of the One Hundred and Twenty-third coast artillery at Fort Hancock demonstrated that New York harbor is well protected against battleship invasions. Out of twelve shots with twelve-inch mortar guns fired at an illuminated target four miles away and moving at the rate of eight miles an hour, the artillerymen made ten hits. This, army and navy officers declared, was a record which they doubted had ever been equaled anywhere.

In spite of the brilliant illumination by searchlights which warmed all craft away, the booming of the big guns led them to inquire about a battle, in order to trace the course of the shells they were so fixed that they gave off particles of light in flight, clearly showing their course.

Suffragists Barred By Deer Park Club

On the ground that suffrage is a political issue and the Deer Park club is an improvement club, members of that organization, meeting at Vinton school last night, decided not to allow suffragists the privilege of appearing before the club to urge votes for women.

Dr. W. W. Ward, a champion of equal suffrage and member of the club, argued that the suffragists should be granted an audience, saying that suffrage is not a partisan subject, although it is political.

Henry C. Richmond, another member, declared himself in favor of letting the suffragists talk to the club—"when the European war is over." He did not say what that would be, but intimated that such action would be an easy way of "ripping the question on the table."

Police on Trail of Gang of Auto Thieves

With the arrest of Hubert Beatty in Council Bluffs for stealing the automobile of A. R. Hanson from in front of the Woodman of the World building, the police believe they have run onto a band of auto thieves who carry out their robberies by having one man steal the car and others relay it to distant cities, where the car is stripped and disguised.

Rudolph Dolan, a barber, was taken into custody with Beatty as a suspicious character. Beatty asserts he was in Des Moines when the theft occurred. Another motor was located through the capture of Beatty, who also carried keys to a nearby all makes of machines. Hanson's car was returned to its owner.

EUROPEAN MAIL EXPECTED HERE IN COUPLE OF DAYS

Omahans who have relatives or friends abroad are impatiently awaiting the arrival of mail from the steamship Cedric, which landed at New York a few days ago from Great Britain. It is expected that many pouches of delayed mail were brought over by the Cedric, but none of it has reached Omaha yet. It will probably arrive in a day or so. Excepting the mail brought by the Olympic, practically no foreign mail of war-time date has been received here. The Olympic mail has just been delivered to Omaha homes.
