If Back Hurts Use Salts For Kidneys

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers. Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatism, uric acid, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the toxins in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who are afflicted in overcoming kidney trouble while it is only trouble.—Advertisement.

AFFAIRS AT SOUTH OMAHA

City Treasurer Martin Hits at Delinquent Pool and Movie Men.

MANY IRREGULARITIES EXIST

Numerous Peddlers and Draymen in City Operating Under Permits from City Officials Instead of Licenses. City Treasurer P. J. Martin and Chief of Police John Briggs have started a crusade against the delinquent pool hall and moving picture men who have not paid their licenses this year. Martin has complained for some time that the license money was not coming in. Recently he began a little quiet investigation on his own hook. Here are some of the things he found: A majority of the peddlers and draymen were not paying licenses. Some operated under "permits" from different city officials. Pool halls were found who had not paid for licenses for a long time. Pawnshops were discovered that flatly refused to pay for licenses until all the other pawnshop keepers had been compelled to pay the licenses. Moving picture men were found who had not paid all of their license money and some who paid none at all. Martin said the law required the license money to be paid all at once. The other night he ordered the chief of police to close a moving picture show which had refused to pay a license. Martin said: "It is an outrage to permit some of these people to operate without license while others have to pay hard money for the same. The other day a man from Omaha was picked up operating under a permit. He had been in the town for a half hour and had to be arrested."

Ordinances Delayed.

According to reports about the city hall a number of public improvement ordinances are being held up by the judiciary committee without ostensible cause. At the meeting last night the council reported twenty-two special ordinances to second reading. Partial estimates on paving and grading were allowed to the extent of \$2,300. D street from Twenty-third to Twenty-fourth was ordered paved with Buffalo brick block. A new controversy over Egyptian brick block broke the surface of good fellowship around the council board. The question was whether Egyptian or Purinton brick should be designated as the material for paving Twenty-seventh street from 1 to L street.

Go Loose Way Around.

Dr. Barber, one of the originals of Owen Wister's "Virginian," passed through South Omaha yesterday via the northwestern enroute to Douglas, Wyo., from Cheyenne. With him were Percy Hoyt, Jack Elliott, Charles and Fred Hergis and Eddy Morgan, all expert riders and doers of wonderful feats of horsemanship. The men are going to attend fairs at Douglas and Casper. They came from Cheyenne and had to come as far as Fremont to reach the Northwestern line which is to take them to their destinations. They came the rest of the way to Omaha just to see the sights. The men are not professional riders, but are, nevertheless, most expert as horsemen. They carried along two special cars besides their own coaches and sleepers. One car contained their mounts and another carried their equipment.

Missing Fireman's Ladder, Mrs. House Sustains Bad Fall

Stricken with fear and almost blinded with smoke from a fire early this morning, in the rear of the house at 3018 Howard street, where she roomed, Mrs. Lon House, aged 23 years, staggered out from a second story window onto the top of a porch, stepped for the top rung of a fireman's ladder, missed her footing and fell twenty feet to the ground below, sustaining a fractured ankle and minor bruises. Her injuries would have been more severe if she had not partially alighted on the form of Captain Thomas Rochford of No. 3, who had adjusted the ladder and was just preparing to go up after her. The house in which the fire occurred is owned by Judge Neville and is occupied by Mrs. E. Kelly, who runs a rooming house.

COMMITTEE WILL MAKE NO REPORT TO THE PUBLIC

The committee on jail inspection appointed at the suggestion of the city council a few weeks ago from among a dozen representatives of commercial and civic bodies in the city prepared its formal report last night in the office of Benson & Myers in the Omaha National bank building. No word was given out, however, whether the committee is recommending a new jail or an overhauling of the old one, since out of courtesy to the council the report is first to be made formally to that body. The report is to be placed in the hands of the council this morning.

INSURANCE MEN WOULD FIGHT AGAINST WAR TAX

Insurance men are greatly interested in the proposed direct tax law, or the Underwood war tax measure now up in congress, by the provisions of which, among other things, insurance business would be taxed at the rate of 8 cents per \$100 of policies written. The local underwriters, it is said, will likely take some action in the matter before long, with a view to petitioning the United States senate on the matter for more leniency in the matter of the tax. The American Life commission, which is to convene at Dallas, Tex., October 8, 9 and 10, is likely also to take the matter up with a view to sending a protest to the United States senate.

NORTH RETURNS FROM REVENUE MEN'S MEETING

E. W. North, acting collector United States Internal Revenue department, has returned to his duties at the Federal building after a week's trip to Washington, where he attended the National Internal Revenue association's fifth annual convention. Commissioner of Internal Revenue W. H. Osborne and a number of other officials addressed the convention on the Income Tax law. The next annual meeting of the association will be held at New York City.

PETITIONS GO TO BOARD

Many Ask that Miss Stegner Be Retained on Faculty.

THREE NEW TEACHERS HIRED

Employment of Additional Help for Custodian Authorized Over Protesting Votes of Two Members of Board. Petitions signed by many Omahans asking that Miss Louise Stegner, dropped from the faculty of the Omaha High School of Commerce, be reinstated were submitted to the Board of Education at a meeting last night and referred to the committee on teachers and instructions for investigation and report. Miss Stegner's friends say she was dropped because of her attitude in the trial of Principal L. C. Rumsel of the Omaha High School of Commerce. She notified the board that she "considers her contract valid" and is ready to resume her teaching work. Three new teachers were employed: W. S. Crichton, Fort special school for boys, printer, \$1,000 per school year; F. H. Gulsward, Purdue graduate, high school, \$1,000 per year; Owen White, Simpson college, Indiana, \$1,000, High School of Commerce.

Fireman Hurt When Engine Turns Over

While rounding a sharp curve near the East Omaha bridge the engine of westbound passenger train No. 98 of the Illinois Central jumped the track and turned completely over into the ditch. The fireman was badly injured, but no passengers were hurt, the coaches keeping the rail. While the finding of a purse in a mail box does not create much excitement in the postmaster's office, it is something of a novelty to be able to open the receptacle and view \$25 in cash. Such a pocketbook was cast by some honest soul into the box at Eighteenth and Farnam streets, where it was found Monday morning and turned in at headquarters. Beside the cash were a quantity of valuable papers, and the whole was the property of J. W. Grube, dining car conductor on the Illinois Central railroad.

Maud's Monument Taken to Elkhorn

Maud, not the old familiar swayback, but the monument erected in memory of the famous mule of Ak-Sar-Ben, was taken up bodily by boosters of the Douglas County fair and forcibly removed last evening per auto truck to Elkhorn. There, on Wednesday each person passing the turnstiles at the main entrance to the grounds will gaze upon the image of the only quadruped that ever desecrated the court house steps and caused Gus Renze to be hurled unceremoniously into a police patrol on various charges, ranging from speaking from the county building steps at midnight to blocking traffic on Farnam street.

LAWYERS GET FIRST \$12,500; CLIENT, REMAINDER, IF ANY

Mrs. Eleanor Collopy, 3613 North Twenty-fourth street, has brought suit against the street railway company for \$25,000, alleging she sustained damages in that amount by being knocked down and hurt by a car after she had avoided another car going in the opposite direction. The part played by the lawyers in the case is shown by an attorney's lien filed with the petition by Mahoney and Kennedy, attorneys for Mrs. Collopy. Out of any judgment which she may secure against the street car company or out of any settlement that may possibly be made out of court the lawyers claim the first \$12,500 "for services rendered and to be rendered."

Cost Kept Down—Quintary Kept Up.

No better medicine could be made for coughs, colds, croup, hoarseness, tickling throat, bronchitis, etc., than Foley's Honey and Tar Compound. That's why they can't improve the quality, and war or no war, the price remains the same. E. J. Sargent, Dallas, Tex., says: "I believe Foley's Honey and Tar has no equal for it completely relieved me of all symptoms of tuberculosis and my cough has entirely disappeared." Don't accept any substitute, for Foley's Honey and Tar is the best. All dealers.

WIFE AND SIX CHILDREN WATCH TRIAL OF RESSL

While he is on trial in criminal court on the charge of trying to kill his guardian, John Ressler's wife and six small children sit anxiously watching the jury that will determine whether or not he must go to prison. The complaint was brought on by C. C. Redwood, a lawyer, who had been appointed Ressler's guardian. When the man was arrested and put in jail his large family were thrown onto the county for support.

WHY HEADS OF HAIR ARE SO DIFFERENT

"Nature intended that every woman should have a wealth of beautiful hair—hair that can be arranged into an attractive coiffure which accentuates her beauty," writes Betty Dean, beauty authority. "But so much depends upon the method of care, especially cleansing, that many fail to claim their right. If you use makeshifts instead of something designed for shampooing only, the scalp and hair-follicles may suffer injury and the hair grow dull, brittle and fall out. I have found that the easiest to use and most economical shampoo mixture is made by dissolving one teaspoonful canthox (which I get from any drug store) in a cup hot water. It gently, yet thoroughly, removes every trace of dandruff, excess oil and dust and so energizes the hair-roots and delicate tissues that they become strong and healthy. After rinsing, the scalp is clean and pliant and the hair is soft, glossy, easy to do up and so fluffy it looks very, very heavy. These scalp stimulating canthox shampoos not only promote a healthy condition, but encourage an abundant and silky growth of hair.—Advertisement.
