BIG BATTLE IS YET TO START

Only Preliminary Stages of Gigantic Struggle Have Been Reached—Railroads Rushing Fresh Troops to the Front.

BULLETIN.

PARIS, Sept. 24.—The brief official statement issued tonight announces that on the left wing the battle continues to develop; that a lull has occurred in the fighting in the center, and that on the right wing the German attacks apparently have been checked.

BULLETIN.

PARIS, Sept. 24.—The following official announcement was made in Paris this afternoon:

"First—On our left wing, between the river Somme and the river Oise, our troops have advanced in the direction of Roye. A detachment occupied Perrone and held this position in spite of a spirited attack on the part of the enemy. Between the river Oise and the river Aisne the enemy continues to maintain important bodies of troops, well entrenched. We have made a slight advance to the northwest of Berry-au-Bac.

"Second—On the center, between Rheims and the Argonne district, the situation shows no change. To the east of the Argonne and on the heights of the Meuse the enemy has continued his attacks, delivering them with especial violence. The fighting continues, accompanied by alternate retirements at certain points and advances at others.

"On our right wing there has been no change of importance. In the region of Nancy and in the Vosges certain detachments of the enemy have again attempted to enter upon French soil, driving back light covering bodies of our troops, but their offensive was soon stopped.

"In Galicia the Russians, having taken possession of Jaroslau, are completely investing Przemysl and continuing their offensive movement on Cracow."

Brussels Strongly Mined and Entrenched and Every Provision Made to Hold City—German Troops Near Ghent.

(Copyright 1914, Press Publishing Co.)

LONDON, Sept. 24.—(Special Cablegram to the New York World and The Omaha Bee.)—Telegrams from Ghent, a correspondent of the London Standard declares that Brussels is cut off, and occupied by a largely reinforced German garrison; that if the Germans ever are driven back to the Rhine it will not be without "tremendous fighting and slaughter" and that the Germans' efforts to invest Antwerp have become "more strenuous and determined."

The German forces bent upon subduing Antwerp, the correspondent says, have their line extending westward almost into Ghent. Their artillery is "hard at work on the south bank of the Scheldt, seven miles from the city. Railway service has been suspended south of Ghent. Antwerp appears to be invested more seriously than ever. The inhabitants, however, have not ceased to hope that the city will escape a direct attack.

—GERMANS TO CONQUER CITY.
At Ghent it is impossible, because of the meager reports received, to determine the progress of events across the French frontier. It is concluded, however, that whatever may happen to the German armies in the southwest it is certain that the Kaiser's forces mean to conquer Antwerp and to remain in occupation of southern Belgium regardless of what price they may be compelled to pay in lives.

The correspondent says, further, that the public must be prepared to learn of more German successes in Belgium. He declares that the tempo of the Germans is such that the war they will carry on directly will be very fierce.

"Fifteen hundred Germans," says a Central News dispatch from Antwerp, "arrived this morning at Ath, fifteen miles northwest of Mons. Belgium, coming from France.

Provide for Retreat.

The outskirts of Brussels have everywhere been mined and strongly entrenched. The entire German garrison has left for Ath, Tournai and the adjacent districts, where fortresses also have been erected to prevent the Belgians falling on their backs.

German War Office Reports Defeat of Attempt to Envelop Right Wing

LONDON, Sept. 24.—The correspondent of the Reuter Telegram company at Berlin, in a dispatch reaching here by way of Amsterdam, transmits an official report given out at army headquarters. This announcement is dated September 23, evening, and is as follows:

"The right wing of the German west army, beyond the River Oise, has been engaged in battle with the French, who tried unsuccessfully to envelop it.

"Eastward, as far as the Argonne forest, there were no important engagements today.

"To the east of the Argonne region, Valenciennes was captured in the course of the day and the attack is proceeding.

"German troops attacking the French fort south of Verdun victoriously repulsed a violent counter attack made from Verdun, Toul and across the river Meuse. The heavy artillery used against Troyon Les Paroche, camp Des Romains and Lunville was victoriously successful.

"In French Lorraine and on the Alsace frontier French advance guards have, at some points, been repulsed.

"There has been no decisive action at any point.

"No news has been received from either the Belgian or the eastern theaters of war."

ZAPATA WILL JOIN VILLA MOVEMENT

Bandit of the South Ready to Aid in Attack Upon Carranza Government.

TROOPS ARE CONCENTRATING

First Chief of Constitutionalists Gathers Men at Zacatecas and Enemy at Torreon.

BULLETIN.

WASHINGTON, Sept. 24.—Advices to the War Department today said Carranza was concentrating his forces at Zacatecas and Villa's army was gathering at Torreon. Railroad communication between these points has been severed.

WASHINGTON, Sept. 24.—General Carranza has informed the United States government he will not attack General Villa, but will order his forces to be on the defensive and resist attack. The first chief's communication declared the national convention would be held as scheduled on October 1, when a provisional government would be established, which he hoped would be satisfactory to the United States.

John R. Hillman, American consul representative, and the Brazilian minister conferred at length with Carranza today, and were shown the message from Villa, disavowing Carranza's authority as first chief.

At the constitutionalist agency here there were intimations that Carranza might send a peace commission to confer with Villa.

Nothing short of a postponement of the national convention and a system of representation satisfactory to Villa, it is believed, will induce the northern general to change his course.

Already Zapata has refused to send delegates and officials would not be surprised if Zapata and Villa joined forces against Carranza. Together they would have about 60,000 to 70,000 men. Carranza indicated to American officials that irrespective of the Zapata and Villa factions, a large part of the constitutionalist forces would be represented. Official reports indicate that the convention will be loyal to Carranza. If the system of representation is not changed.

The gravity of the situation was indicated today when Jules Jusserand, the French ambassador, called on the acting secretary of state.

TURKISH ENVOY TO QUIT WASHINGTON

A. Rustum Bey Refuses to Modify His Criticism of Attitude of United States.

GERMAN DENIES INTERVIEW

Secretary of Legation at Washington Disclaims Report He Presided Over War Between United States and Japan.

WASHINGTON, Sept. 24.—A Rustum Bey, the Turkish ambassador, has informed President Wilson that he does not alter the views he recently expressed in a published interview and will leave the United States within a fortnight.

The ambassador refused to discuss his action further than to say he had asked his government for leave of absence, which he was certain would be granted, and would leave for Constantinople within ten days.

The announcement of the withdrawal of the Turkish ambassador, though not unexpected, caused a profound sensation in diplomatic circles.

Coming close on another diplomatic interview yesterday, of which the administration at once took cognizance, that of Baron von Schoen of the German embassy, dwelling on the possibility of war between the United States and Japan, it was interpreted as an indication of President Wilson's determination to silence comment by foreign diplomats considered dangerous to the neutrality of this country.

It was understood the administration would let it be known that the president would decline to receive diplomats who make comments which he considers obnoxious. Although Count von Bernstorff and Baron Schoen have repudiated the baron's interview, the State department, at the direction of the president, was today still looking into it.

The Turkish ambassador's interview, however, was considered particularly objectionable by the administration and Secretary Bryan, at the president's direction, asked the ambassador to refrain from such expressions.

The Turkish ambassador, in his interview, had said that the sending of American warships to Turkey in connection with the report of uprisings against Christians would lead to a serious situation. At the same time he said that while massacres had previously occurred in Turkey, they were the same acts as any people might commit under provocation. He cited the lynchings of negroes and the "water cure" in the Philippines as illustrations.

Omaha Train Kills Two Persons on Way to Arrange Funeral

SIoux CITY, Ia., Sept. 24.—Two men were killed when Chicago, St. Paul, Minneapolis & Omaha Flyer No. 4 struck a motor car at Harriet's Crossing, thirteen miles southeast of Sioux City, today.

The dead: PATRICK GREEN, 34 years old, farmer, living near Hubbard, Neb. PATRICK DUGGAN, 56 years old, of Hubbard.

Green and Duggan were riding in Duggan's automobile to the home of Michael Green, an uncle, to arrange funeral services for Mr. Green, who died yesterday morning, when the car was struck.

WANTED—A good Omaha residence up to \$14,000. Must be modern and well located. Will give cash and a fine quarter section of land clear of incumbrances for same.

How Others Made Money (No. 1)

John Warner was a bookkeeper for a large jobber in the commission district of Omaha. At the age of 30 he had by moderate living and a saving habit, accumulated some \$48,000. John wanted to marry, but realized his limited future and lack of confidence in his own ability.

This formed the subject of John Warner's thoughts for many days before he had the good sense to mention it to his fiancée. "John, you know father has been successful since Mr. Ellison invested enough money in the business to enable him to enlarge his store and offer better service to his patrons. Father advertised in the 'Business Chance' column for more capital and Mr. Ellison investigated. Both father and Mr. Ellison have made a comfortable fortune for each. Why don't you see if there isn't someone offering a similar opportunity in the 'Business Chance' column?"

John did, and while he investigated several offers before finding one which he felt had the greatest possibilities for him, he was now a partner in one of Omaha's best and most progressive shoe stores, and enjoys a comfortable home and is surrounded by a happy family.

It takes a little cash, initiative, and a habit of reading The Bee's "Business Chance" Columns.

War Summary

Further successes of the armies of the allies which are attempting to turn the German right wing are claimed in an official announcement issued at Paris yesterday. It is stated that the allies' western wing has advanced considerably and Perrone has been occupied after desperate resistance. Perrone is seventy-five miles north of Paris and twenty-five miles north of Laasigny, near where an advance by the allies was announced Wednesday afternoon's official statement. The position of Perrone indicates the movement of the allies' left wing, which is much further north than their main battle line.

The turning movement of the Franco-British forces first directed against General Von Kluck in an effort to envelop his army appears from unofficial dispatches to have met added resistance from strong German reinforcements.

The Paris announcement says that there has been heavy fighting on the river Meuse at the eastern end of the battle line, where the allies have alternately advanced and retired.

The latest German official advices up to last night stated that the Germans were breaking through the allies' center.

Cattinje announces that the Montenegrins defeated the Austrians, capturing Pratzko, a town near Sarajevo, the capital of the Austrian province of Bosnia.

An official communication issued at Petrograd says that, following the capture of Jaroslau, in Galicia, the Russian cavalry, in pursuing the Austrian rear guard, inflicted heavy losses.

A dispatch from Petrograd to a Paris paper says that the Germans who drove the Russian invaders from East Prussia, have in turn been defeated and are evacuating East Prussia to reinforce the lines from Thorn, in West Prussia, to Kalisz in Russian Poland.

It is announced officially at Calcutta that the German cruiser "Emden," which recently captured several British ships in the Bay of Bengal, dropped a few shells while passing, into Madras, an important city of British India.

Chief Gunner Dougherty of the Cressy, one of the three ships sunk, insists he saw five submarines during the attack and that one of the five was sunk by the Cressy's guns.

The indirect cause of the war is recalled by a report from Amsterdam that the trial of the alleged assassins of the heir-apparent, Archduke Ferdinand, and his consort will open at Agram on November 5.

Banks of New York Decline to Make Loan to Tennessee

WASHINGTON, Sept. 24.—In connection with the alleged refusal of national banks to extend credits, Secretary McAdoo today issued this statement:

"Senator Lea of Tennessee informs me that the state of Tennessee has \$1,600,000 of short-term notes maturing October 1 that the state desires to renew or extend \$1,600,000 of these notes; that a commission representing the state has been in New York for some time trying to effect this loan, but without success.

"It is preposterous that one of the great states of the union should find it impossible to procure from the banks such a comparatively small amount of money. Senator Lea informed me that he was going to New York last night for the purpose of joining the commission in its efforts to obtain the needed loan.

"If Senator Lea and his associates are unable to procure from the banks in the city of New York or elsewhere today and on reasonable terms the desired loan, I will myself see if banks cannot be found to take up this loan for the state of Tennessee on the first of October next on reasonable terms and at a reasonable rate of interest."

American Hospital Ship at Falmouth

LONDON, Sept. 24.—The American hospital ship Red Cross which, under command of Captain Rust, left New York September 13, arrived today at Falmouth on the English channel.

The vessel sailed from New York on September 12 under command of Captain Armistead, United States navy. Four Red Cross units, it is understood, will be landed at Falmouth, two for service with the British and two with the Russian forces.

From Falmouth the Red Cross will go to Brest to land two units for the French army, and from Brest to Rotterdam, where the forces assigned to Germany and Austria will be landed.

Rear Admiral Aaron Ward, United States navy, retired, has been at Falmouth for some days waiting to take command of the expedition.
