CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

Chicago, Oct, 5.—Severe drought in Australia had much to do today with making the wheat market ascend. The outcome was a firm close at % to %c above Saturday night's level. Corn ulost %2% to %2% net; oats finished %4 off and provisions irregular, varying from 27% decline to a rise of 2%c.

Wheat buils were prompt to take advantage of reports that owing to drought the crop in New South Wales and in Victoria had been reduced to \$7000,000 hushels, an amount equal to % of the seemed less hopeful ofcmfwup shrdiu normal yield. In addition, some speculators were affected by advices that seemed less hopeful of Italy and Turkey being kept out of the war. Liberal caport sales said to have been made here and at Kansas City tended also to give the market strength.

Chicago, Oct. 5.—Business developed in the corn market owing somewhat to assertions that even late fields were now virtually out of danger from frost. Prices on Board of Trade.

Also 600 pieces of miscellaneous articles, consisting of trunks boxes, chests, bundles, blankets, valises, guns, watches, overcoats, umbrellas and musical instru-

Cash demand was slow, and an early advance due to wheat strength and to unsettled weather was more than wiped out. Outs suffered from profit taken sales by longs. The market, though, was steaded by cash transactions that reached as high as 80,00 husbel.

Disappointing figures regarding exports caused provisions to ave age lower. Weakness of quotations for hogs counted also on the bear side.

NEW YORK, Oct. 5.—COTTON—Little on no change was reported in the cotton situation here today. There were rains in the eastern belt threatening to damage the grade of open cotton and to delay picking, but crop news attracted very little attention and local spot dealers said their offers from the south were about the same as at the end of last week. Heceipts are increasing somewhat but are still far below normal and nearly all reports indicate that farmers are holding the bulk of their crops. A report is expected from the committee on rules and bylaws here within the next day or two, and other committees are said to be working hard over measures necessary to New York Cotton Market. and other committees are said to be working hard over measures necessary to a resumption of business, but no official announcements were made during the

NEW YORK, Oct 5.—COFFEE-The market was unsettled again today. Firm offers from Brazil were a shade steadier

offers from Brazil were a shade steader in some instances, but no business was reported and buyers are believed to be holding off owing to the larger primary receipts and the restricted European outlet. The spot market also was very quiet and lower at 6% for Rio 78 and 10% for Santos 48. According to a European report the visible supply of Europe decreased over 1,000,000 during September: pointing to a decrease of about 200,000 bags in the world's statement, against an increase of over 700,000 bags last year. 30,052 CATTLE-There was a very fair run of cattle this morning, but the receipts were smaller than a week ago by over 3,000 head, although being about on a par with head, although being about on a par with the corresponding day last year. At the same time there was a very fair demand, so that the market as a whole was in reasonably good condition. The supply of steers suitable for beef was decidedly light this morning. At the same time packers all seemed to want a few killers.

HOGS-As compared with the last few HOGS—As compared with the last few weeks today's run was very fair for a Monday, about saxty-seven cars, or 4.200 head being received. This is 1,500 larger than last week and 1.700 heavier than the same day a year ago.

Other markets were reported duil at weakened prices and the local trade opened out slow, with the majority of early bids showing all of a dime decline. Shippers failed to do much on the early rounds, but a little later in the day they bought a number of hogs that were quoted as anywhere from weak to as much as bought a number of logs that were quoted as anywhere from weak to as much as loc lower. Owing to the lightness of shipping purchases on Saturday it is pretty hard to make comparisons on this sort of tuff. Seliers started out asking prices that in most cases were about stency, but later offered to compromise at a nickel reduction and finally when offers failed to show much improvement most of the dechow much improvement most of the dechow much improvement most of the thow much improvement most of the of-erings were cashed at ligures that were cerings were cashed at ligures that were 5500c lower. Owing to the salemmen's ef-forts to get better money trade was more or less draggy all the way through, and the close, while fully as good as any other time, was very dull, so that it was well along in the forenoon before a clearance as made. Bulk of the sales was made at \$7,75@7.85,

the long string landing at \$7.50. There was quite a sprinkling of shipping hogs as ligh as \$8.00 and tops reached \$8.10, just a lime better than Saturday's high price Ime better than sature

MILAN, Oct. 4 .- (Via Paris, Oct. 5.)-A great meeting was held here tonight and before a large and enthusiastic crowd Senator Battisti, a socialist deputy from Trent, Austria, made a speech in which he said he was much touched by the imposing demonstration. He could only say, as a son of Trent, that it was awaiting liberation by its Italian brothers. "The liberation of Trent and Trieste." he sain, "means the accomplishment of a duty left as a heritage by the great

makers of the fatherland." The enthusiastic crowd, following the speech, paraded the streets and the attempts of the police and carbineers to restrain the people were in vain.
